*General Description of Collection:* The Interagency Guidance on Asset Securitization Activities informs bankers and examiners of safe and sound practices regarding asset Securitization. The information collections contained in the Interagency Guidance are needed by institutions to manage their asset Securitization activities in a safe and sound manner. Bank management uses this information

as the basis for the safe and sound operation of their asset securitization activities and to ensure that they minimize operational risk in these activities. There is no change in the method or substance of the information collection. The 94-hour increase in estimated annual burden (from 263 hours in 2021 to 357 hours currently) is the result of economic fluctuation. In particular, the number of respondents

has increased while the reporting frequency and the estimated time per response remain the same.  
 3. *Title:* Interagency Statement on Sound Practices Concerning Complex Structured Finance Transactions.  
*OMB Number:* 3064–0148.  
*Affected Public:* Insured state nonmember banks and state savings associations.  
*Burden Estimate:*

SUMMARY OF ESTIMATED ANNUAL BURDEN (OMB NO. 3064–0148)

*General Description of Collection:* The Interagency Statement on Sound Practices Concerning Complex Structured Finance Transactions describes the types of internal controls and risk management procedures that the Agencies believe are particularly effective in assisting financial institutions to identify, evaluate, assess, document, and control the full range of credit, market, operational, legal and reputational risks. A financial institution that engages in complex structured finance transactions should maintain a set of formal, written, firmwide policies and procedures that are designed to allow the institution to identify and assess these risks. There is no change in the methodology or substance of this information collection. The estimated annual burden is unchanged.

**Request for Comment**

Comments are invited on: (a) Whether the collections of information are necessary for the proper performance of the FDIC’s functions, including whether the information has practical utility; (b) the accuracy of the estimates of the

burden of the information collections, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collections of information on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.

## GENERAL SERVICES ADMINISTRATION

[Notice-MG-2023-05; Docket No. 2023-0002; Sequence No. 45]

### Office of Federal High-Performance Green Buildings; Notice of GSA's LED and Controls Guidance for Federal Buildings; and Webinar

**AGENCY:** Office of Federal High-Performance Green Buildings, Office of Government-wide Policy, General Services Administration (GSA).

**ACTION:** Notice.

**SUMMARY:** As required by the Bulb Replacement Improving Government with High-efficiency Technology Act (BRIGHT Act), this notice informs all agencies of guidance that GSA has published for the procurement and use of the most life-cycle cost effective and energy efficient lighting systems to increase the efficiency, effectiveness, and economy of the Federal Government.

**DATES:**

*Applicable:* December 14, 2023.

*Webinar Date:* GSA will be holding a webinar on Thursday, February 8, 2024 at 12:00 p.m. (Eastern Time) to provide more information on the guidance. To register for the webinar, please visit: [https://gsa.zoomgov.com/webinar/register/WN\\_fCgHTJIPTA-zpEv8xq\\_6A#/registration](https://gsa.zoomgov.com/webinar/register/WN_fCgHTJIPTA-zpEv8xq_6A#/registration).

**FOR FURTHER INFORMATION CONTACT:** Mr. Bryan Steverson, Office of Federal High-Performance Green Buildings, Office of Government-wide Policy, GSA, at [bryan.steverson@gsa.gov](mailto:bryan.steverson@gsa.gov) or 202-501-6115.

**SUPPLEMENTARY INFORMATION:** The BRIGHT Act (Pub. L. 117-202) requires

GSA to issue guidance to Federal agencies for the procurement and use of the most life-cycle cost effective and energy efficient lighting systems to increase the efficiency, effectiveness, and economy of the Federal Government. The BRIGHT Act also requires GSA to publish on the internet or otherwise make available to State, local, and Tribal entities information on ways to improve efficiency, effectiveness, and economy by procuring and using the most life-cycle cost effective and energy efficient lighting systems (as determined in accordance with section 3313 of title 40, United States Code).

This guidance offers best practices and outlines different types of light-emitting diode (LED) fixtures and control options, how they can benefit buildings and occupants, and where they are best suited. The guidance covers the different types of LED installations, including tubular LEDs, retrofit kits, and new fixtures, and focuses on interior linear lighting because such systems represent the majority of lighting within the federal real estate portfolio. The guidance also discusses the decisions that need to be made in selecting a control system that complies with applicable code, project objectives, energy savings, and enhanced performance capabilities, and presents lessons learned from evaluations conducted by GSA's Green Proving Ground program and other real-world federal building deployments.

GSA has made this guidance available at <https://www.gsa.gov/climate-action-and-sustainability/center-for-emerging-building-technologies/completed-assessments/lighting/led-lighting-and-controls-guidance>.

GSA will be holding a webinar on Thursday, February 8, 2024 at 12:00 p.m. (Eastern Time) to provide more information on the guidance.
