

this information collection request (ICR), contact Christine Lipsky, Marine Ecologist at christine_lipsky@nps.gov (email); or 970-267-2133 (telephone). Please reference OMB Control Number 1024-NEW (Creel Survey) in the subject line of your comments. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States. You may also view the ICR at <https://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995 (PRA, 44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), all information collections require approval under the PRA. We may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number.

As part of our continuing effort to reduce paperwork and respondent burdens, we invite the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are especially interested in public comment addressing the following:

- (1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;
- (2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and
- (4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. We will include or

summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: Recreational fishing in NPS units is allowed where it is authorized by Federal law or where it is not specifically prohibited and does not interfere with the functions of natural aquatic or riparian habitats. Angling opportunities exist in over 170 NPS units that encompass diverse aquatic environments and fish communities, including numerous species of interest to anglers. Authorized by 36 CFR 2.3 individual parks and regions, along with State agencies, are responsible for managing their fisheries and associated natural resources. This information collection is intended to create a standard Creel Survey that can be used by park units open to recreational and sports fishing. The information collected will allow park managers to assess fishing pressure, angler catch rates, and potential effects on park resources.

Creel surveys are a common fishery management technique designed to determine the angler's catch of each species and the fishing time required to catch the fish. The information collected describes angler use, fishing pressure, fish harvest, and distribution of several important species of fish.

Title of Collection: National Park Service Creel Survey.

OMB Control Number: 1024-NEW.

Form Number: None.

Type of Review: This is a new collection.

Respondents/Affected Public: Individuals, General public.

Total Estimated Number of Annual Respondents: 10,000.

Total Estimated Number of Annual Responses: 10,000.

Estimated Completion Time per Response: 5 minutes.

Total Estimated Number of Annual Burden Hours: 833 hours.

Respondent's Obligation: Voluntary.

Frequency of Collection: One-time, on occasion.

Total Estimated Annual Nonhour Burden Cost: None.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information

unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Phadrea Ponds,

Information Collection Clearance Officer, National Park Service.

BILLING CODE 4312-52-P

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[Docket No. BOEM-2023-0056]

Notice of Availability of a Final Environmental Impact Statement for Sunrise Wind, LLC's Proposed Sunrise Wind Farm Offshore New York, Massachusetts, and Rhode Island

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice of availability; final environmental impact statement.

SUMMARY: The Bureau of Ocean Energy Management (BOEM) announces the availability of the final environmental impact statement (FEIS) on Sunrise Wind, LLC's (Sunrise Wind) construction and operations plan (COP) for its proposed Sunrise Wind Farm Project (Project) offshore New York, Massachusetts, and Rhode Island. The FEIS analyzes the potential environmental impacts of the Project as described in the COP (the proposed action) and the alternatives to the proposed action, including the no action alternative. The FEIS will inform BOEM's decision whether to approve, approve with modifications, or disapprove the COP.

ADDRESSES: The FEIS and detailed information about the Project, including the COP, can be found on BOEM's website at: <https://www.boem.gov/renewable-energy/state-activities/sunrise-wind-activities>.

FOR FURTHER INFORMATION CONTACT: Jessica Stromberg, BOEM Office of Renewable Energy Programs, 45600 Woodland Road, Sterling, Virginia 20166, (703) 787-1730 or jessica.stromberg@boem.gov.

SUPPLEMENTARY INFORMATION:

Proposed Action: Sunrise Wind seeks approval to construct, operate, and maintain a wind energy facility and its associated export cables on the Outer Continental Shelf (OCS) offshore New York, Massachusetts, and Rhode Island. The Project would be developed within the range of design parameters outlined

in the Sunrise Wind COP, subject to the applicable mitigation measures.

The Project as proposed in the COP would include up to 94 wind turbine generators (WTGs) within 102 potential locations, one offshore converter station, inter-array cables linking the individual WTGs to the offshore substation, one offshore export cable, one onshore converter station, one fiber optic cable co-located with the onshore transmission route, and onshore interconnection cables connecting to the existing electrical grid in New York. The WTGs, offshore substation, and inter-array cables would be located on the OCS approximately 16.4 nautical miles (nm) (18.9 statute miles (mi)) south of Martha's Vineyard, Massachusetts, approximately 26.5 nm (30.5 mi) east of Montauk, New York, and 14.5 nm (16.7 mi) from Block Island, Rhode Island, within the area defined by Renewable Energy Lease OCS-A 0487. The offshore export cables would be buried below the seabed surface on the U.S. OCS and State of New York-owned submerged lands. The onshore export cables, substation, and grid connection would be located in Holbrook, New York.

Alternatives: BOEM considered 16 alternatives when preparing the draft environmental impact statement and carried forward three alternatives for further analysis in the FEIS. These three alternatives include two action alternatives and the no action alternative. Thirteen alternatives were not analyzed in detail because they did not meet the purpose and need for the proposed action or did not meet screening criteria, which are presented in FEIS chapter 2. The screening criteria included consistency with law and regulations; technical and economic feasibility; environmental impacts; and geographic considerations.

Availability of the FEIS: The FEIS, Sunrise Wind COP, and associated information are available on BOEM's website at: <https://www.boem.gov/renewable-energy/state-activities/sunrise-wind-activities>. BOEM has distributed digital copies of the FEIS to all parties listed in FEIS appendix M. If you require a flash drive or paper copy, BOEM will provide one upon request, as long as supplies are available. You may request a flash drive or paper copy of the FEIS by contacting Genevieve Brune at (703) 787-1553 or genevieve.brune@boem.gov.

Cooperating Agencies: The following Federal agencies and State governmental entities participated as cooperating agencies under the National Environmental Policy Act in the preparation of the FEIS: Bureau of Safety and Environmental Enforcement;

U.S. Environmental Protection Agency; National Marine Fisheries Service; U.S. Army Corps of Engineers; U.S. Coast Guard; National Park Service; U.S. Fish and Wildlife Service; New York Department of State; Massachusetts Office of Coastal Zone Management; Rhode Island Coastal Resources Management Council; and the Rhode Island Department of Environmental Management.

Authority: 42 U.S.C. 4231 *et seq.* (NEPA, as amended) and 40 CFR 1506.6.

Karen Baker,

Chief, Office of Renewable Energy Programs, Bureau of Ocean Energy Management.

BILLING CODE 4340-98-P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 332-601]

Recent Trends in U.S. Services Trade, 2024 Annual Report

AGENCY: United States International Trade Commission.

ACTION: Schedule for 2024 report and opportunity to submit information.

SUMMARY: The Commission has prepared and published annual reports in this series since 1996 under the investigation title *Recent Trends in U.S. Services Trade*. The 2024 report, which the Commission plans to publish in May 2024, will provide aggregate data on cross-border trade in services for the period ending in 2022, and transactions by affiliates based outside the country of their parent firm for the period ending in 2021. The 2024 report's analysis will focus on financial services (including banking services, insurance services, and securities services). The Commission is inviting interested members of the public to furnish information and views in connection with the 2024 report.

DATES:

January 29, 2024: Deadline for filing written submissions.

May 24, 2024: Anticipated date for online publication of the report.

ADDRESSES: All Commission offices, including the Commission's hearing rooms, are located in the U.S. International Trade Commission Building, 500 E Street SW, Washington, DC. All written submissions should be addressed to the Secretary, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. The public record for this investigation may be viewed on the Commission's

electronic docket information system (EDIS) at <https://edis.usitc.gov/>.

FOR FURTHER INFORMATION CONTACT:

Information specific to this investigation may be obtained from George Serletis, Project Leader, Office of Industry and Competitiveness Analysis, Services Division (202-205-3315; george.serletis@usitc.gov), Rudy Telles Jr., Project Leader, Office of Industry and Competitiveness Analysis, Services Division (202-205-3164; rodolfo.telles@usitc.gov), Theron Gray, Deputy Project Leader, Office of Industry and Competitiveness Analysis, Services Division (202-205-3132; theron.gray@usitc.gov), or Services Division Chief Martha Lawless (202-205-3497; martha.lawless@usitc.gov). For information on the legal aspects of this investigation, contact Brian Allen (202-205-3034; brian.allen@usitc.gov) or William Gearhart (202-205-3091; william.gearhart@usitc.gov) of the Commission's Office of the General Counsel. The media should contact Jennifer Andberg, Office of External Relations (202-205-3404; jennifer.andberg@usitc.gov). Hearing-impaired individuals may obtain information on this matter by contacting the Commission's TDD terminal at 202-205-1810. General information concerning the Commission may also be obtained by accessing its website (<https://www.usitc.gov>). Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000.

SUPPLEMENTARY INFORMATION:

Background: The 2024 annual U.S. services trade report will provide aggregate data on cross-border trade in services for 2018-2022 and affiliate transactions in services for 2017-2021, and more specific data and information on trade in financial services (including banking services, insurance services, and securities services). The Commission publishes two self-initiated annual reports: a report on trends in services trade (*Recent Trends in U.S. Services Trade*),¹ and a report on trends in merchandise trade, presented as a data compilation (*Shifts in U.S. Merchandise Trade*). The Commission's 2023 *Recent Trends in U.S. Services Trade* report is available online at https://www.usitc.gov/publications/industry_econ_analysis_332/2023/recent_trends_us_services_trade_2023_annual_report.

¹ While previous reports in the *Recent Trends* series used investigation number 332-345, each report will now be issued with a separate investigation number.
