Needs and Uses: The objective is to identify barriers and facilitators of accessing PTSD treatment that are most important to the Special Operations Forces (SOF) community via an online confidential survey of all relevant stakeholders in the healthcare delivery process (N=1,536). Stakeholders will include operators/enablers, healthcare providers, leadership, and policy makers from all SOF commands (Army, Air Force, Naval Special Warfare, Marine). We will then conduct qualitative interviews with SOF operators/enablers (N=24) to generate solutions to the barriers identified in the survey.

Affected Public: Individuals or households.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Ms. Jasmeet Seehra.

Needs and Uses: DoD Cyber Scholarship Program (DoD CySP), authorized by section 2200 of title 10 of the United States Code, is designed to: increase the number of new entrants to DoD who possess key Cyber and Information Technology (IT) skill sets; and serve as a tool to develop and retain well-educated military and civilian personnel who support the Department's critical IT management and infrastructure protection functions. The DoD CySP recruitment track is for college students who, upon completion of the program, will work for the DoD. The retention track is for current DoD employees attending college courses through the DoD CySP while still performing their mission duties. Pending availability of funds, the DoD CySP may also award capacity-building grants to colleges and universities designated as National Centers of Academic Excellence in Cybersecurity, (referred to herein as NCAE-Cs) who respond to one of the two scholarship tracks: for such purposes as developing cyber curricula and faculty, building cyber laboratories, and outreach to minority institutions. The National Security Agency (NSA) is the Executive Administrator of the program, serving on behalf of the DoD CIO. NCAE-Cs interested in applying for grants (scholarship and/or capacity-building) must complete and submit a written technical and financial proposal, as well as forms required by federal grant policy (forms are identified in the grant solicitation and can be downloaded at www.grants.gov). DoD requires this information collection (proposals and grant execution accomplishments) to measure the performance of the capacity building components of the DoD CySP. DoD uses the information collected in the scholarship application process to assess the quality of applicants selected for inclusion in the DoD CySP. Without this documentation detailing scholarship applicants' credentials, grant proposals, and grant execution accomplishments, the DoD has no means of judging the quality of applicants to the program or collecting information regarding program performance.

Affected Public: Individuals or households (Student Applicants); Not-for-profit Institutions; State, Local or Tribal Government; Businesses or other for-profit (Academic Institutions).

Frequency: On occasion.

Respondent's Obligation: Voluntary.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Defense Advisory Committee on Women in the Services (DACOWITS) Focus Groups; OMB Control Number: 0704-DACW.

Needs and Uses: DACOWITS provides independent advice and recommendations to the Secretary of Defense on matters and policies relating to the recruitment, retention, employment, integration, well-being, and treatment of women in the Armed Forces of the United States, via a comprehensive annual report. DACOWITS collects qualitative data from focus groups and interactions with Service members during installation visits. The focus groups will be conducted with Service members (both male and female; officer and enlisted) from each of the Military Services. The research and data gathered through focus group responses will be analyzed

in order to provide the Committee with vital information and input needed to create, support, and provide justification and reasoning for their recommendations.
