### Disclosure

Commerce intends to disclose the calculations performed in connection with these final results of review to interested parties within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

### Assessment Rates

Commerce shall determine and U.S. Customs and Border Protection (CBP) shall assess antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b). For ULMA, we calculated importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for each importer's examined sales and the total entered value of those sales in accordance with 19 CFR 351.212(b)(1). Where an importer-specific assessment rate is *de minimis* (*i.e.*, less than 0.5 percent), the entries by that importer will be liquidated without regard to antidumping duties. For entries of subject merchandise during the POR produced by ULMA for which it did not know its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate in the original less-than-fair-value (LTFV) investigation<sup>11</sup> if there is no rate for the intermediate company(ies) involved in the transaction.<sup>12</sup> For the companies identified above that were not selected for individual examination, we will instruct CBP to liquidate entries of subject merchandise during the POR at the rates established in these final results of review as listed above.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP

not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

### Cash Deposit Requirements

The following cash deposit requirements for estimated antidumping duties will be effective upon publication of this notice for all shipments of flanges from Spain entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2) of the Act: (1) the cash deposit rate for the companies subject to this review will be equal to the company-specific weighted-average dumping margin established in the final results of the review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior completed segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation, but the producer has been covered in a prior completed segment of this proceeding, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 18.81 percent, the all-others rate established in the LTFV investigation of this proceeding.<sup>13</sup> These cash deposit requirements, when imposed, shall remain in effect until further notice.

### Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

### Administrative Protective Order

This notice also serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the destruction or return of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment

of the proceeding. Timely written notification of the destruction or return of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

### Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(5).

Dated: December 13, 2023.

### SUPPLEMENTARY INFORMATION:

#### Background

On July 7, 2023, Commerce published the *Preliminary Results*.<sup>1</sup> We invited interested parties to comment on the *Preliminary Results*. The review covers one mandatory respondent, YGK/Nagase. On November 3, 2023, Commerce extended the deadline for the final results of review until December

<sup>11</sup> See *Order*, 82 FR at 27230.

<sup>12</sup> See *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

<sup>13</sup> See *Order*, 82 FR at 27230.

<sup>1</sup> See *Glycine from Japan: Preliminary Results of Antidumping Duty Administrative Review, 2021-2022*, 88 FR 43273 (July 7, 2023) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum.

15, 2023.<sup>2</sup> A summary of the events that occurred since Commerce published the *Preliminary Results*, may be found in the Issues and Decision Memorandum.<sup>3</sup>

### Scope of the Order

The merchandise covered by this order is glycine. Glycine and glycine slurry are classified under Harmonized Tariff Schedule of the United States (HTSUS) subheading 2922.49.43.00. Sodium glycinate is classified in the HTSUS under 2922.49.80.00. For a complete description of the scope of the order, see the Issues and Decision Memorandum.

### Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to this administrative review are addressed in the Issues and Decision Memorandum. For a list of the issues raised by parties, see the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

### Changes Since the Preliminary Results

Based on our review of the record and comments received from interested parties, we made certain changes to the margin calculations for YGK/Nagase.<sup>4</sup> Specifically, we made changes to the calculation of indirect selling expenses, U.S. credit expense and inventory carrying cost, and financial expense.

### Final Results of the Administrative Review

We determine that the following estimated weighted-average dumping margins exist for the period June 1, 2021, through May 31, 2022:

Producer/exporter	Estimated weighted-average dumping margin (percent)
Yuki Gosei Kogyo Co., Ltd./ Nagase & Co., Ltd. ....	0.00

### Disclosure

We will disclose the calculations performed to parties in this proceeding within five days after the date of the public announcement of these final results of review, in accordance with 19 CFR 351.224(b).

### Assessment Rate

Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries.<sup>5</sup> For any individually examined respondents whose weighted-average dumping margin is above *de minimis* (i.e., 0.5 percent), we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the importer's examined sales to the total entered value of those same sales, in accordance with 19 CFR 351.212(b)(1). Upon issuance of the final results of this administrative review, if any importer-specific assessment rates calculated in the final results are above *de minimis*, Commerce will issue instructions directly to CBP to assess antidumping duties on appropriate entries.

To determine whether the duty assessment rates covering the period were *de minimis*, in accordance with the requirement set forth in 19 CFR 351.106(c)(2), we calculated importer (or customer)-specific *ad valorem* rates by aggregating the amount of dumping calculated for all U.S. sales to that importer or customer and dividing this amount by the total entered value of the sales to that importer (or customer). Where an importer (or customer)-specific *ad valorem* rate is greater than *de minimis*, and the respondent has

reported reliable entered values, we will apply the assessment rate to the entered value of the importer's/customer's entries during the POR.

Commerce intends to issue appropriate assessment instructions directly to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

### Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of this notice for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication of these final results, as provided by section 751(a)(2) of the Act: (1) the cash deposit rate for respondents noted above will be equal to the weighted-average dumping margins established in the final results of this administrative review; (2) for merchandise exported by producers or exporters not covered in this administrative review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation, but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 53.66 percent, the all-others rate established in the less-than-fair-value investigation.<sup>7</sup> These cash deposit requirements, when imposed, shall remain in effect until further notice.

### Notification to Importers Regarding the Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that

<sup>2</sup> See Memorandum, "Glycine from Japan: Extension of Deadline for Final Results of Antidumping Duty Administrative Review," dated November 3, 2023.

<sup>3</sup> See Memorandum, "Issues and Decision Memorandum for the Final Results of the Administrative Review of the Antidumping Duty Order on Glycine from Japan: 2021–2022," dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

<sup>4</sup> See Issues and Decision Memorandum at Comments 4, 5, and 8.

<sup>5</sup> Based on the record information, Commerce preliminarily determined that Nagase and YGK are affiliated within the meaning of section 771(33)(E) of Tariff Act of 1930, as amended (the Act), and should be treated as a single entity pursuant to 19 CFR 351.401(f). See *Preliminary Results*. No party commented on our preliminary determination with respect to this issue, and we have received no new information regarding this issue. Therefore, we determine that Nagase and YGK are affiliated within the meaning of section 771(33)(E) of the Act.

<sup>6</sup> In these final results, Commerce applied the assessment rate calculation method adopted in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings: Final Modification*, 77 FR 8101 (February 14, 2012).

<sup>7</sup> See *Glycine from India and Japan: Amended Final Affirmative Antidumping Duty Determination and Antidumping Duty Orders*, 84 FR 29170 (June 21, 2019).

reimbursement of antidumping duties did occur and the subsequent assessment of doubled antidumping duties.

### Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

### Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(h) and 19 CFR 351.221(b)(5).

Dated: December 14, 2023.
