Further, “[i]n the event that a registrant . . . is deemed to be in default . . . DEA may then file a request for final agency action with the Administrator, along with a record to support its request. In such circumstances, the Administrator may enter a default final order pursuant to [21 CFR] § 1316.67.” *Id.* § 1301.43(f)(1). Here, the Government has requested final agency action based on Registrant’s default pursuant to 21 CFR 1301.43(c), (f), 1301.46. RFAA, at 3; *see also* 21 CFR 1316.67.

Findings of Fact

The Agency finds that, in light of Registrant’s default, the factual allegations in the OSC are admitted. According to the OSC, the Colorado Dental Board issued an Order of Suspension, effective October 12, 2022, suspending Registrant from the practice of dentistry in the state of Colorado. RFAAX 2, at 2. According to Colorado online records, of which the Agency takes official notice, Registrant’s Colorado dental license remains suspended.”² Colorado Division of Professions and Occupations License Search, <https://apps2.colorado.gov/dora//licenselookup.aspx> (last visited date of signature of this Order). Accordingly, the Agency finds that Registrant is not licensed to practice dentistry in Colorado, the state in which he is registered with DEA.

Discussion

Pursuant to 21 U.S.C. 824(a)(3), the Attorney General is authorized to suspend or revoke a registration issued under 21 U.S.C. 823 “upon a finding that the registrant . . . has had his State license or registration suspended . . . [or] revoked . . . by competent State authority and is no longer authorized by State law to engage in the . . . dispensing of controlled substances.” With respect to a practitioner, DEA has

also long held that the possession of authority to dispense controlled substances under the laws of the state in which a practitioner engages in professional practice is a fundamental condition for obtaining and maintaining a practitioner’s registration. *See, e.g., James L. Hooper, D.O.*, 76 FR 71371, 71372 (2011), *pet. for rev. denied*, 481 F. App’x 826 (4th Cir. 2012); *Frederick Marsh Blanton, D.O.*, 43 FR 27616, 27617 (1978).³

According to Colorado statute, “[e]very person who manufactures, distributes, or dispenses any controlled substance within this state . . . shall obtain . . . a registration, issued by the respective licensing board For purposes of this section and this article [], ‘registration’ or ‘registered’ means . . . the licensing of dentists by the Colorado dental board” Colo. Rev. Stat. 18–18–302(1) (2023).

Here, the undisputed evidence in the record is that Registrant lacks authority to practice dentistry in Colorado. As discussed above, a dentist must be a licensed practitioner to dispense a controlled substance in Colorado. Thus, because Registrant lacks authority to practice dentistry in Colorado and, therefore, is not authorized to handle controlled substances in Colorado, Registrant is not eligible to maintain a DEA registration. Accordingly, the Agency will order that Registrant’s DEA registration be revoked.

Order

Pursuant to 28 CFR 0.100(b) and the authority vested in me by 21 U.S.C. 824(a), I hereby revoke DEA Certificate of Registration No. FP7517456 issued to Joeseeph Potter, D.D.S. Further, pursuant

³ This rule derives from the text of two provisions of the Controlled Substances Act (CSA). First, Congress defined the term “practitioner” to mean “a physician . . . or other person licensed, registered, or otherwise permitted, by . . . the jurisdiction in which he practices . . . , to distribute, dispense, . . . [or] administer . . . a controlled substance in the course of professional practice.” 21 U.S.C. 802(21). Second, in setting the requirements for obtaining a practitioner’s registration, Congress directed that “[t]he Attorney General shall register practitioners . . . if the applicant is authorized to dispense . . . controlled substances under the laws of the State in which he practices.” 21 U.S.C. 823(g)(1) (this section, formerly 823(f), was redesignated as part of the Medical Marijuana and Cannabidiol Research Expansion Act, Public Law 117–215, 136 Stat. 2257 (2022)). Because Congress has clearly mandated that a practitioner possess state authority in order to be deemed a practitioner under the CSA, DEA has held repeatedly that revocation of a practitioner’s registration is the appropriate sanction whenever he is no longer authorized to dispense controlled substances under the laws of the state in which he practices. *See, e.g., James L. Hooper, D.O.*, 76 FR 71371–72; *Sheran Arden Yeates, D.O.*, 71 FR 39130, 39131 (2006); *Dominick A. to 28 CFR 0.100(b) and the authority vested in me by 21 U.S.C. 823(g)(1), I hereby deny any pending applications of Joeseeph Potter, D.D.S., to renew or modify this registration, as well as any other pending application of Joeseeph Potter, D.D.S., for additional registration in Colorado. This Order is effective January 22, 2024.

Mark Young, M.D.; Decision and Order

On July 14, 2023, the Drug Enforcement Administration (DEA or Government) issued an Order to Show Cause (OSC) to Mark R. Young, M.D. (Registrant). Request for Final Agency Action (RFAA), Exhibit (RFAAX) 2, at 1, 3. The OSC proposed the revocation of Registrant’s Certificate of Registration No. BY9053240 at the registered address of 401 23rd Street Suite 207, Glenwood Springs, Colorado 81601. *Id.* at 1. The OSC alleged that Registrant’s registration should be revoked because Registrant is “currently without authority to prescribe, administer, dispense, or otherwise handle controlled substances in Colorado, the state in which [he is] registered with DEA.” *Id.* at 2 (citing 21 U.S.C. 824(a)(3)).

The OSC notified Registrant of his right to file with DEA a written request for hearing, and that if he failed to file such a request, he would be deemed to have waived his right to a hearing and be in default. *Id.* (citing 21 CFR 1301.43). Here, Registrant did not

Pursuant to 5 U.S.C. 556(e), “[w]hen an agency decision rests on official notice of a material fact not appearing in the evidence in the record, a party is entitled, on timely request, to an opportunity to show the contrary.” Accordingly, Registrant may dispute the Agency’s finding by filing a properly supported motion for reconsideration of findings of fact within fifteen calendar days of the date of this Order. Further, “[i]n the event that a registrant . . . is deemed to be in default . . . DEA may then file a request for final agency action with the Administrator, along with a record to support its request. In such circumstances, the Administrator may enter a default final order pursuant to [21 CFR] § 1316.67.” *Id.* § 1301.43(f)(1). Findings of Fact

The Agency finds that, in light of Registrant’s default, the factual allegations in the OSC are admitted. According to the OSC, the Colorado Medical Board issued an Order of Suspension, effective April 20, 2023, suspending Registrant from the practice of medicine in the state of Colorado. RFAAX 2, at 2. According to Colorado online records, of which the Agency takes official notice, Registrant’s Colorado physician license remains suspended.”² Colorado Division of Professions and Occupations License Search, <https://apps2.colorado.gov/dora//licenselookup.aspx> (last visited date of signature of this Order). Accordingly, the Agency finds that Registrant is not licensed to practice medicine in Colorado, the state in which he is registered with DEA.

¹ Based on the Government’s submissions in its RFAA dated September 12, 2023, the Agency finds that service of the OSC on Registrant was adequate. Specifically, the Government’s included Notice of Service of Order to Show Cause includes as an attachment a Form DEA–12 signed by Registrant indicating that Registrant was personally served with the OSC on July 20, 2023. RFAAX 1, Attachment B.
