SUPPLEMENTARY INFORMATION: On November 6, 2023, the Department of Transportation (Department) published a request for information (RFI) in the **Federal Register** seeking input from the public on whether to propose amendments to the Department's standards for transportation facilities under its regulations implementing the transportation provisions of the Americans with Disabilities Act of 1990 (ADA) to improve accessibility and equity for persons with disabilities. (88 FR 76272)

The Department proposed a series of questions to guide public input to areas of interest to the Department, and invited comment on means to improve other aspects of the existing standards for buildings and facilities.

Since the publication of the RFI, commenters have requested that the Department extend the comment period given the complexity of the issues for which comment is being sought. The American Public Transportation Association (APTA) requested an extension of 30 days. The National Railroad Passenger Corporation (Amtrak) requested an extension of 45 days.

The Department has reviewed the requests for extension of the comment period, and by this notice extends the

comment period for the RFI from January 5, 2024, to February 20, 2024. The Department believes that granting this extension of the original comment period is sufficient to allow stakeholders to conduct a thorough and careful consideration of the request for information and prepare comments.

All interested parties are encouraged to provide input in response to the RFI. Submissions are strictly voluntary. Individuals or entities providing comments should state their role as well as knowledge of and experience with the ADA in a transportation environment. DOT may request additional clarifying information from any or all respondents. If a respondent does not wish to be contacted by DOT for additional information, a statement to that effect should be included in the response. All information submitted should be unclassified and should not contain proprietary information, as it will be posted to www.regulations.gov without changes.

DOT is not obligated to officially respond to the information received, but the responses will assist DOT in its consideration of whether to revise the ADA standards for transportation buildings and facilities.

Comments may be submitted and viewed at Docket No. DOT–OST–2023–0166 at <https://www.regulations.gov>.

Signed pursuant to authority delegated at 49 CFR 1.27(a) on December 19, 2023.
