

DEPARTMENT OF ENERGY**Environmental Management Site-Specific Advisory Board, Oak Ridge**

AGENCY: Office of Environmental Management, Department of Energy.

ACTION: Notice of open meeting.

SUMMARY: This notice announces an in-person/virtual hybrid meeting of the Environmental Management Site-Specific Advisory Board (EM SSAB), Oak Ridge. The Federal Advisory Committee Act requires that public notice of this meeting be announced in the **Federal Register**.

DATES: Wednesday, February 14, 2024; 6 p.m.–8 p.m. EST.

ADDRESSES: This hybrid meeting will be in-person at the Department of Energy (DOE) Information Center (address below) and virtually via Zoom. To attend virtually or to register for in-person attendance, please send an email to: orssab@orem.doe.gov by 5:00 p.m. EST on Wednesday, February 7, 2024.

DOE Information Center, Office of Science and Technical Information, 1 Science.gov Way, Oak Ridge, Tennessee 37831

FOR FURTHER INFORMATION CONTACT:

Melyssa P. Noe, Deputy Designated Federal Officer, U.S. Department of Energy, Oak Ridge Office of Environmental Management (OREM), P.O. Box 2001, EM-942, Oak Ridge, TN 37831; Phone (865) 241-3315; or email: Melyssa.No@orem.doe.gov. Or visit the website at www.energy.gov/orssab.

SUPPLEMENTARY INFORMATION:

Purpose of the Board: The purpose of the Board is to provide advice and recommendations concerning the following EM site-specific issues: clean-up activities and environmental restoration; waste and nuclear materials management and disposition; excess facilities; future land use and long-term stewardship. The Board may also be asked to provide advice and recommendations on any EM program components.

Tentative Agenda:

- OREM Presentation
- Discussion
- Public Comment Period
- Board Business

Public Participation: This meeting is open to the public. The EM SSAB, Oak Ridge, welcomes the attendance of the public at its advisory committee meetings and will make every effort to accommodate persons with physical disabilities or special needs. If you require special accommodations due to a disability, please contact Melyssa P. Noe at least seven days in advance of

the meeting at the phone number listed above. Written statements may be filed with the Board via email either before or after the meeting. Public comments received by no later than 5 p.m. EST on Wednesday, February 7, 2024, will be read aloud during the meeting. Comments will be accepted after the meeting, by no later than 5 p.m. EST on Tuesday, February 20, 2024. Please submit comments to orssab@orem.doe.gov. Please put “Public Comment” in the subject line. Individuals who wish to make oral statements should contact Melyssa P. Noe at the email address or telephone number listed above. Requests must be received five days prior to the meeting and reasonable provision will be made to include the presentation in the agenda. The Deputy Designated Federal Officer is empowered to conduct the meeting in a fashion that will facilitate the orderly conduct of business. Individuals wishing to submit written public comments should email them as directed above. Individuals wishing to make public comments will be provided a maximum of five minutes to present their comments.

Minutes: Minutes will be available by emailing or calling Melyssa P. Noe at the email address and telephone number listed above. Minutes will also be available at the following website: <https://www.energy.gov/orem/listings/oak-ridge-site-specific-advisory-board-meetings>.

Signing Authority: This document of the Department of Energy was signed on January 3, 2024, by David Borak, Deputy Committee Management Officer, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC, on January 3, 2024.

Treena V. Garrett,

Federal Register Liaison Officer, U.S. Department of Energy.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY**Notice of Availability of Guidance on Implementing the Federal Power Act To Designate National Interest Electric Transmission Corridors**

AGENCY: Grid Deployment Office, Department of Energy.

ACTION: Notice of availability.

SUMMARY: The U.S. Department of Energy (DOE) gives notice of availability of the final Guidance setting forth the nonbinding process that DOE plans to generally follow to designate National Interest Electric Transmission Corridors (NIETC) pursuant to the Federal Power Act. The Federal Power Act requires DOE to issue a report not less frequently than once every three years, which may designate as a NIETC any geographic area that is experiencing or is expected to experience electric energy transmission capacity constraints or congestion that adversely affects consumers. NIETC designation focuses public and policymaker attention on the areas of greatest transmission need and unlocks valuable Federal financing and permitting tools to advance transmission development.

DATES: Interested parties may submit information and recommendations based on the list of information requested for Phase 1 in the Guidance by 5:00 p.m. ET on February 2, 2024.

FOR FURTHER INFORMATION CONTACT: Gretchen Kershaw, U.S. Department of Energy, Grid Deployment Office, at (202) 586-2006; or NIETC@hq.doe.gov.

SUPPLEMENTARY INFORMATION: DOE’s Grid Deployment Office (GDO) is announcing the availability of the *Guidance on Implementing Section 216(a) of the Federal Power Act to Designate National Interest Electric Transmission Corridors* (NIETC Guidance). Section 216(a)(2) of the Federal Power Act (FPA), as amended by section 40105 of the Infrastructure Investment and Jobs Act (IIJA), requires DOE to issue a report not less frequently than once every three years, which may designate as a NIETC any geographic area that is experiencing or is expected to experience electric energy transmission capacity constraints or congestion that adversely affects consumers. DOE must base any NIETC designation on the findings of DOE’s triennial nationwide study required by FPA section 216(a)(1), which DOE refers to as the National Transmission Needs Study (Needs Study), or other information relating to electric energy transmission capacity constraints or congestion. In addition, the FPA requires DOE to consider alternatives
