

Rules and Regulations

This section of the **FEDERAL REGISTER** contains regulatory documents having general applicability and legal effect, most of which are keyed to and codified in the **Code of Federal Regulations**, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The **Code of Federal Regulations** is sold by the Superintendent of Documents.

14 CFR Part 71

[Docket No. FAA-2024-0052; Airspace Docket No. 24-ASO-01

RIN 2120-AA66

Amendment of Class D and Class E Airspace; San Juan, PR

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action makes the editorial changes, updating the geographic coordinates of Luis Munoz Marin International Airport and Fernando Luis Ribas Dominicci Airport and replacing the term Notice to Airmen with Notice to Air Missions and Airport/Facility Directory with Chart Supplement in Class D description. This action also corrects the airspace header for the San Juan Class D airspace. This action does not change the airspace boundaries or operating requirements.

DATES: Effective 0901 UTC, July 11, 2024. The Director of the **Federal Register** approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of **FAA Order JO 7400.11** and publication of conforming amendments.

ADDRESSES: This final rule may be viewed online at www.regulations.gov using the **FAA Docket number**. Electronic retrieval help and guidelines are available on the website. It is available 24 hours a day, 365 days a year.

FAA Order JO 7400.11H, Airspace Designations, Reporting Points, and subsequent amendments can be viewed online at www.faa.gov/air_traffic/publications/. For further information, contact the **Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591**; telephone: (202) 267-8783.

FOR FURTHER INFORMATION CONTACT: **John Fornito, Operations Support Group, Eastern Service Center, Federal Aviation Administration, 1701 Columbia Avenue, College Park, GA 30337**; telephone: (404) 305-6364.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The **FAA's authority to issue rules regarding aviation safety** is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the **FAA Administrator**. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the **FAA** is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority, as it updates each airport's geographic coordinates and airspace descriptions. This update is an administrative change and does not change the airspace boundaries or operating requirements.

Incorporation by Reference

Class D and Class E airspace are published in paragraphs 5000 and 6005 of **FAA Order JO 7400.11, Airspace Designations and Reporting Points**, incorporated by reference in 14 CFR 71.1 annually. This document amends

Federal Register

Vol. 89, No. 10

Tuesday, January 16, 2024

the current version of that order, **FAA Order JO 7400.11H**, dated August 11, 2023, and effective September 15, 2023. **FAA Order JO 7400.11H** is publicly available as listed in the **ADDRESSES** section of this document. These amendments will be published in the next **FAA Order JO 7400.11** update. **FAA Order JO 7400.11H** lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This amendment to 14 CFR part 71 amends the Class D airspace and the Class E airspace extending upward from 700 feet above the surface for Luis Munoz Marin International Airport and Fernando Luis Ribas Dominicci Airport, San Juan, PR by updating each airport's geographic coordinates, as well as updating the descriptions by making editorial changes, replacing the term **Notice to Airmen** with **Notice to Air Missions** and replacing the term **Airport/Facility Directory** with **Chart Supplement** in the appropriate description. In addition, the San Juan Class D airspace header is corrected to read **PR** (previously **RP**). This action is an administrative change and does not affect the airspace boundaries or operating requirements; therefore, notice and public procedure under 5 U.S.C. 553(b) is unnecessary.

Regulatory Notices and Analyses

The **FAA** has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The **FAA** has determined that this action qualifies for categorical exclusion
