DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP24–13–000]

MountainWest Overthrust Pipeline, LLC; Notice of Schedule for the Preparation of an Environmental Assessment for the Westbound Compression Expansion Project

On November 2, 2023, MountainWest Overthrust Pipeline, LLC (Overthrust) filed an application in Docket No. CP24–13–000 requesting a Certificate of Public Convenience and Necessity pursuant to Section 7(c) of the Natural Gas Act to construct and operate certain natural gas pipeline facilities. The proposed project is known as the Westbound Compression Expansion Project (Project), which would expand Overthrust's natural gas transmission system at its existing Point of Rocks and Rock Springs Compressor Stations in Sweetwater County, Wyoming, as well as related aboveground facilities in Uinta and Lincoln Counties, Wyoming. The Project would provide an additional 325,000 dekatherms per day (Dth/d) of year-round firm transportation capacity on its existing mainline to western and northwestern U.S. gas markets.

On November 15, 2023, the Federal Energy Regulatory Commission (Commission or FERC) issued its Notice of Application for the Project. Among other things, that notice alerted agencies issuing federal authorizations of the requirement to complete all necessary reviews and to reach a final decision on a request for a federal authorization within 90 days of the date of issuance of the Commission staff's environmental document for the Project.

This notice identifies Commission staff's intention to prepare an environmental assessment (EA) for the Project and the planned schedule for the completion of the environmental review.¹

Schedule for Environmental Review

Issuance of EA—June 24, 2024
90-day Federal Authorization Decision

Deadline²—September 22, 2024

If a schedule change becomes necessary, additional notice will be provided so that the relevant agencies

¹ 40 CFR 1501.10 (2020).

² The Commission's deadline applies to the decisions of other federal agencies, and state agencies acting under federally delegated authority, that are responsible for federal authorizations, permits, and other approvals necessary for proposed projects under the Natural Gas Act. Per 18 CFR 157.22(a), the Commission's deadline for other agency's decisions applies unless a schedule is otherwise established by federal law.
