

C. Response to Comments

EPA received one comment to the notice of filing from March 22, 2022, which opposed the use of linuron on any food. The commenter expressed a general opposition to the use of "toxic chemicals" on food. The Agency understands the commenter's concerns and recognizes that some individuals believe that certain pesticide chemicals should not be permitted in our food. However, the existing legal framework provided by section 408 of the FFDCA states that tolerances may be set when the pesticide meets the safety standard imposed by that statute. The Agency is required by section 408 of the FFDCA to estimate the risk of the potential exposure to these residues. EPA has concluded, based on data submitted in support of the petition and other reliable data, that there is a reasonable certainty that no harm will result from aggregate human exposure to linuron residues from use on alfalfa. Testing requirements for pesticide tolerances have been specified by rulemaking after allowing for notice and comment by the public and peer review by appropriate scientific bodies. See 40 CFR part 158 for further information.

V. Conclusion

Therefore, tolerances are established for residues of linuron in or on alfalfa, forage and alfalfa, hay at 1 and 3 ppm.

VI. Statutory and Executive Order Reviews

This action establishes tolerances under FFDCA section 408(d) in response to a petition submitted to the Agency. The Office of Management and Budget (OMB) has exempted these types of actions from review under Executive Order 12866, entitled "Regulatory Planning and Review" (58 FR 51735, October 4, 1993). Because this action has been exempted from review under Executive Order 12866, this action is not subject to Executive Order 13211, entitled "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use" (66 FR 28355, May 22, 2001), or Executive Order 13045, entitled "Protection of Children from Environmental Health Risks and Safety Risks" (62 FR 19885, April 23, 1997). This action does not contain any information collections subject to OMB approval under the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 et seq.), nor does it require any special considerations under Executive Order 12898, entitled "Federal Actions to Address Environmental Justice in Minority Populations and Low-Income

Populations" (59 FR 7629, February 16, 1994). Since tolerances and exemptions that are established on the basis of a petition under FFDCA section 408(d), such as the tolerance in this final rule, do not require the issuance of a proposed rule, the requirements of the Regulatory Flexibility Act (RFA) (5 U.S.C. 601 et seq.), do not apply.

This action directly regulates growers, food processors, food handlers, and food retailers, not States or tribes, nor does this action alter the relationships or distribution of power and responsibilities established by Congress in the preemption provisions of FFDCA section 408(n)(4). As such, the Agency has determined that this action will not have a substantial direct effect on States or tribal governments, on the relationship between the national government and the States or tribal governments, or on the distribution of power and responsibilities among the various levels of government or between the Federal Government and Indian tribes. Thus, the Agency has determined that Executive Order 13132, entitled "Federalism" (64 FR 43255, August 10, 1999), and Executive Order 13175, entitled "Consultation and Coordination with Indian Tribal Governments" (65 FR 67249, November 9, 2000), do not apply to this action. In addition, this action does not impose any enforceable duty or contain any unfunded mandate as described under Title II of the Unfunded Mandates Reform Act (UMRA) (2 U.S.C. 1501 et seq.).

This action does not involve any technical standards that would require Agency consideration of voluntary consensus standards pursuant to section 12(d) of the National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note).

VII. Congressional Review Act

Pursuant to the Congressional Review Act (5 U.S.C. 801 et seq.), EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the Federal Register. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

USAID is publishing this revision as a direct final rule as the changes are conforming and administrative amendments and the agency does not anticipate any significant adverse comments. This rule will be effective on the date specified in the **DATES** section above without further notice unless significant adverse comment(s) are received by the date specified in the **DATES** section above.

If significant adverse comments are received on the direct final rule, USAID will publish a timely partial withdrawal in the **Federal Register** informing the public what sections of the rule will not take effect. Any portions of the direct final rule for which no significant adverse comments are received will become final after the designated period.

Additionally, USAID is publishing a separate document in the “Proposed Rules” section of this **Federal Register** that will serve as the proposal to approve AIDAR revisions for which significant adverse comments may be received. In this case, USAID will address all public comments in a subsequent final rule based on the proposed rule. USAID will not institute a second comment period on this action.

Any parties interested in commenting must do so at this time.

II. Background

This direct final rule is part of the AIDAR rewrite initiative, in which all parts of the regulation were reviewed and updated to: make editorial amendments to clarify the regulation, include previously implemented policy, and delete outdated information and agency internal guidance from the regulation. This rule incorporates updates to the AIDAR parts 701, 702, 704, 705, 706, 715, 719, 725, 731, 742, 750, and 752.

The following changes are implemented by this direct final rule:

• AIDAR 701.303, 701.470, 701.601, 701.602-1, 702.170, 704.2105 [new section], 704.5 [new subpart], 705.102, 705.202, 706.302-70, 715.602, 715.604, 719.271-6, 725.170, 725.403, 731.771, 731.773, 742.770, 750.000, 750.7101, 750.7102, 750.7103, 750.7104, 750.7105, 750.7106-1, 750.7106-2, 750.7106-3, 750.7107, 750.7108, 750.7109-1, 750.7109-3, 750.7110, 752.202-1, 752.222-70, 752.222-71, 752.225-9 [redesignated as 752.225-11], 752.225-70, 752.227-14, 752.231-71, 752.7018, 752.7019, 752.7021, 752.7022, 752.7023, 752.7024, 752.7028, and 752.7032, are revised for clarity, to maintain consistency with Federal and agency regulations, to update references to current agency procedures, to remove outdated information and internal agency guidance, and, where applicable, to correct errors and omissions. McCain National Defense Authorization Act (NDAA) for fiscal year (FY) 2019 prohibits agencies after August 13, 2019, from entering into a contract (or extending or renewing a contract) with an entity that procures or obtains any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.
