The scope includes glass bottles, whether or not clear, whether or not colored, with or without a punt (*i.e.*, an indentation on the underside of the bottle), and with or without design or functional enhancements (including, but not limited to, embossing, labeling, or etching). In scope merchandise is made of non-“free blown” glass, *i.e.*, in scope merchandise is produced with the use of a mold and is distinguished by mold seams, joint marks, or parting lines. In scope merchandise is unfilled and may be imported with or without a closure, including a cork, stelvin (screw cap), crown cap, or wire cage and cork closure.

Excluded from the scope of the investigation are: (1) glass containers made of borosilicate glass, meeting United States Pharmacopeia requirements for Type 1 pharmaceutical containers; and (2) glass containers without a “finish” (*i.e.*, the section of a container at the opening including the lip and ring or collar, threaded or otherwise compatible with a type of closure, including but not limited to a cork, stelvin (screw cap), crown cap, or wire cage and cork closure).

Glass bottles subject to the investigation are specified within the Harmonized Tariff Schedule of the United States (HTSUS) under subheading 7010.90.5019. The HTSUS subheading is provided for convenience and customs purposes only. The written description of the scope of the investigation is dispositive.

In addition, Commerce is rescinding this review in part with respect to certain companies that did not ship subject merchandise during the POR. Interested parties are invited to comment on these preliminary results of review.

DATES: Applicable January 25, 2024.

FOR FURTHER INFORMATION CONTACT: John Conniff, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–1009.

SUPPLEMENTARY INFORMATION:

Background

On April 19, 2017, Commerce published in the **Federal Register** the AD order on R–134a from China.¹ On April 4, 2023, Commerce published in the **Federal Register** a notice of opportunity to request an administrative review of the *Order*.² On April 28, 2023, American HFC Coalition and its individual members (the petitioner) submitted a timely request that Commerce conduct an administrative review.³ On June 12, 2023, Commerce published in the **Federal Register** a notice of initiation of administrative review with respect to imports of R–134a from China with respect to 28 companies/company groupings for the POR.⁴

On July 20, 2023, we placed on the record U.S. Customs and Border Protection (CBP) data for entries of R–134a from China, and invited interested parties to comment.⁵ On August 24, 2023, the petitioner submitted comments requesting that Commerce follow established practice and select the two largest exporters for review.⁶ On December 14, 2023, Commerce notified interested parties of its intent to rescind the review for companies with an existing separate rate that did not have any suspended entries during the POR.⁷ Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), Commerce extended the deadline for the preliminary results until January 31, 2024.⁸

Scope of the Order⁹

The merchandise covered by the *Order* is 1,1,1,2-Tetrafluoroethane, R–134a, or its chemical equivalent, regardless of form, type, or purity level. The chemical formula for 1,1,1,2-Tetrafluoroethane is CF₃–CH₂ F, and the Chemical Abstracts Service (CAS) registry number is CAS 811–97–2.¹⁰

Merchandise subject to the *Order* is currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheading 2903.45.1000. Although the HTSUS subheading and CAS registry number are provided for convenience and customs purposes, the written description of the scope is dispositive.

Rescission of Administrative Review, in Part

Pursuant to 19 CFR 351.213(d)(3), it is Commerce’s practice to rescind an administrative review of an antidumping duty order where it concludes that there were no suspended entries of subject merchandise during the POR.¹¹ Normally, upon completion of an administrative review, the suspended entries are liquidated at the antidumping duty assessment rate for the review period.¹² Therefore, for an administrative review to be conducted, there must be a reviewable, suspended entry that Commerce can instruct CBP to liquidate at the calculated antidumping duty assessment rate for the review period.¹³ As noted above,

⁹ See *Order*.

¹⁰ 1,1,1,2-Tetrafluoroethane is sold under a number of trade names including Klea 134a and Zephex 134a (Mexichem Fluor); Genetron 134a (Honeywell); Freon™ 134a, Suva 134a, Dymel 134a, and Dymel P134a (Chemours); Solkane 134a (Solvay); and Forane 134a (Arkema). Generically, 1,1,1,2-Tetrafluoroethane has been sold as Fluorocarbon 134a, R–134a, HFC–134a, HF A–134a, Refrigerant 134a, and UN3159.

Commerce notified all interested parties of its intent to rescind the instant review regarding companies with an existing separate rate listed in Appendix I because there were no reviewable, suspended entries of subject merchandise from these companies during the POR and invited interested parties to comment.¹⁴ No interested party submitted comments to Commerce. Accordingly, in the absence of any suspended entries of subject merchandise from these companies during the POR, we are rescinding this administrative review for the companies listed in Appendix I in accordance with 19 CFR 351.213(d)(3).

Preliminary Results of Review

Commerce considers all other companies for which a review was requested (*see* Appendix II), and which did not demonstrate separate rate eligibility, to be part of the China-wide entity. Commerce no longer considers the China-wide entity as an exporter conditionally subject to administrative review.¹⁵ Accordingly, the China-wide entity will not be under review unless Commerce specifically receives a request for, or self-initiates, a review of the entity. In this administrative review, no party requested a review of the China-wide entity. Moreover, we have not self-initiated a review of the China-wide entity. Because no review of the China-wide entity is being conducted, the China-wide entity's entries are not subject to the review, and the weighted-average dumping margin for the China-wide entity rate (*i.e.*, 167.02 percent) is not subject to change.¹⁶

Public Comment

Pursuant to 19 CFR 351.309(c), interested parties may submit case briefs to Commerce no later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.¹⁷ Interested parties who submit case briefs or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.¹⁸

proceedings we have encouraged interested parties to provide an executive summary of their brief that should be limited to five pages total, including footnotes. In this review, we instead request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.¹⁹ Further, we request that interested parties limit their executive summary of each issue to no more than 450 words, not including citations. We intend to use the executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final results in this administrative review. We request that interested parties include footnotes for relevant citations in the executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).²⁰

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via Enforcement and Compliance's Antidumping and CVD Centralized Electronic Service System (ACCESS). Requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case briefs. An electronically filed hearing request must be received successfully in its entirety by Commerce's electronic records system, ACCESS, by 5:00 p.m. Eastern Time within 30 days after the date of publication of this notice.

Final Results of Review

Unless extended, we intend to issue the final results of this administrative review, which will include the results of our analysis of all issues raised in the case and rebuttal briefs, within 120 days of publication of these preliminary results in the **Federal Register**.²¹

Assessment

For the companies listed in Appendix I for which we are rescinding the review, Commerce will instruct CBP to assess antidumping duties on all appropriate entries. Antidumping duties

shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of this rescission notice in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

For the companies listed in Appendix II, upon issuance of the final results of this review, Commerce will determine, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise covered by this review.²² We intend to instruct CBP to liquidate entries containing subject merchandise exported by the companies under review that we determine in the final results to be part of the China-wide entity at the China-wide entity rate of 167.02 percent. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

SUPPLEMENTARY INFORMATION:

The Petitions

On December 29, 2023, the U.S. Department of Commerce (Commerce) received antidumping duty (AD) petitions concerning imports of certain glass wine bottles (wine bottles) from Chile, China, and Mexico filed in proper form on behalf of the U.S. Glass Producers Coalition (the petitioner).¹ These AD Petitions were accompanied by a countervailing duty (CVD) petition concerning imports of wine bottles from China.²

Between January 3 and 11, 2024, Commerce requested supplemental information pertaining to certain aspects of the Petitions in separate supplemental questionnaires.³ The petitioner filed responses to the supplemental questionnaires between January 8 and 12, 2024.⁴

In accordance with section 732(b) of the Tariff Act of 1930, as amended (the Act), the petitioner alleges that imports of wine bottles from Chile, China, and Mexico are being, or are likely to be, sold in the United States at less than fair value (LTFV) within the meaning of section 731 of the Act, and that imports

The members of the U.S. Glass Producers Coalition are Ardagh Glass Inc. (Ardagh) and the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union (USW).

of such products are materially injuring, or threatening material injury to, the wine bottles industry in the United States. Consistent with section 732(b)(1) of the Act, the Petitions are accompanied by information reasonably available to the petitioner supporting its allegations.

Commerce finds that the petitioner filed the Petitions on behalf of the domestic industry, because the petitioner is an interested party, as defined in section 771(9)(F) of the Act.⁵ Commerce also finds that the petitioner demonstrated sufficient industry support for the initiation of the requested LTFV investigations.⁶

Periods of Investigation

Because the Petitions were filed on December 29, 2023, pursuant to 19 CFR 351.204(b)(1), the period of investigation (POI) for the Chile and Mexico LTFV investigations is October 1, 2022, through September 30, 2023. Because China is a non-market economy (NME) country, pursuant to 19 CFR 351.204(b)(1), the POI for the China LTFV investigation is April 1, 2023, through September 30, 2023.

Scope of the Investigations

The products covered by these investigations are wine bottles from Chile, China, and Mexico. For a full description of the scope of these investigations, *see* the appendix to this notice.

Comments on the Scope of the Investigations

On January 3 and 10, 2024, Commerce requested information and clarification from the petitioner regarding the proposed scope to ensure that the scope language in the Petitions is an accurate reflection of the products for which the domestic industry is seeking relief.⁷ On January 8 and 12, 2024, the petitioner provided clarifications and revised the scope.⁸ The description of merchandise covered by these investigations, as described in the appendix to this notice, reflects these clarifications.

As discussed in the *Preamble* to Commerce's regulations, we are setting aside a period for parties to raise issues
