Safer Choice Partner of the Year Awards for 2024; Call for Submissions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Safer Choice program in the Environmental Protection Agency (EPA) is accepting submissions for its 2024 Safer Choice Partner of the Year Awards. EPA developed the Partner of the Year Awards to recognize the leadership contributions of Safer Choice partners and stakeholders who have shown achievement in the design, manufacture, promotion, selection, and use of products with safer chemicals, that further outstanding or innovative source reduction. EPA especially encourages submission of award applications that show how the applicant’s work involving products with safer chemical ingredients promotes environmental justice, bolsters resilience to the impacts of climate change, results in cleaner air or water, improves drinking water quality, or advances innovation in packaging. Similar achievement in the design, manufacture, promotion, selection, and use of Design for the Environment (DfE)-certified products will also make an organization eligible for the Partner of the Year Awards.

DATES: Submissions are due on or before April 25, 2024.

ADDRESSES: Please submit materials by email to kirk.aerin@epa.gov and copy saferchoice_support@abtassoc.com. II. What is the Safer Choice program?

As part of its environmental mission, the Safer Choice program partners with businesses to help consumers and commercial buyers identify products with safer chemical ingredients, without sacrificing quality or performance. The Safer Choice program certifies products containing ingredients that have met the program’s specific and rigorous human health and environmental toxicological criteria. The Safer Choice program allows companies to use its label on certified products that contain safer ingredients and perform, as determined by expert evaluation. The Safer Choice program certification represents a high level of achievement in formulating products that are safer for people and the environment. For more information on the Safer Choice program, please see: <https://www.epa.gov/saferchoice>.

III. What is the DfE program?

The DfE program is a companion program to Safer Choice and certifies antimicrobial products. The DfE logo may be used on certified products and helps consumers and commercial buyers identify products that meet the health and safety standards of the pesticide registration process required by the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) as well as the Safer Choice program's stringent criteria for efficacy and effects on human health and the environment. For more information on the DfE program, please see: <https://www.epa.gov/pesticide-labels/learn-about-design-environment-dfe-certification>.
