AGENCY: Centers for Medicare & Medicaid Services (CMS) and Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Final rule; correction.

SUMMARY: This document corrects technical and typographical errors in the final rule that appeared in the December 28, 2023, **Federal Register** entitled, “Clinical Laboratory Improvement Amendments of 1988 (CLIA) Fees; Histocompatibility, Personnel, and Alternative Sanctions for Certificate of Waiver Laboratories” (referred to hereafter as the “December 2023 final rule”).

DATES: This correction is effective January 27, 2024.

SUPPLEMENTARY INFORMATION:**I. Background**

In FR Doc. 2023–28170 of December 28, 2023, the December 2023 final rule (88 FR 89976), there were technical and typographical errors that are identified and corrected in this correcting document. These corrections are effective as if they had been included in the December 2023 final rule.

II. Summary of Errors in the Regulation Text

On page 90040, in the revision for § 493.1423(b)(7)(i), we inadvertently omitted two redesignated paragraph references for individuals who meet the regulatory qualifications to perform blood gas analysis. We are correcting the revision for § 493.1423(b)(7)(i) to include references to § 493.1423(b)(5) and (6).

On page 90043, in amendatory instruction 30, we inadvertently omitted the specific paragraph references for the changes to paragraph (e), which were set out in the amendment text. We are

correcting the instruction to specify paragraphs (e)(1) through (4).

On page 90044, in the revisions for § 493.1483(b)(3), we inadvertently omitted the December 28, 2024 effective date.

On page 90044, in amendatory instruction 37, we inadvertently included an incorrect effective date. The December 2023 final rule contained two separate effective dates, January 27, 2024, and December 28, 2024 and we erroneously included the December 28, 2024, effective date rather than the January 27, 2024, effective date.

III. Waiver of Proposed Rulemaking and Delay in Effective Date

Under 5 U.S.C. 553(b) of the Administrative Procedure Act (APA), the agency is required to publish a notice of the proposed rulemaking in the **Federal Register** before the provisions of a rule take effect. Section 553(d) of the APA ordinarily requires a 30-day delay in effective date of final rules after the date of their publication in the **Federal Register**.

Section 553(b)(B) of the APA authorizes an agency to dispense with normal rulemaking requirements for good cause if the agency makes a finding that the notice and comment process is impracticable, unnecessary, or contrary to the public interest. In addition, section 553(d)(3) of the APA allows the agency to avoid the 30-day delay in effective date where such delay is contrary to the public interest and an agency includes a statement of support.

We believe this correcting document does not constitute a rule that would be subject to the notice and comment or delayed effective date requirements. This document merely corrects technical and typographical errors in the December 2023 final rule but does not make substantive changes to the policies that were adopted in the December 2023 final rule. Instead, this correcting document is intended to ensure that the information in the December 2023 final rule accurately reflects the policies adopted in that document.

In addition, even if this were a rule to which the notice and comment procedures and delayed effective date requirements applied, we find that there is good cause to waive such requirements. Undertaking further notice and comment procedures to incorporate the corrections in this document into the December 2023 final rule or delaying the effective date would be contrary to the public interest because it is in the public's interest to ensure that the December 2023 final rule accurately reflects the policies finalized

in that final rule. Furthermore, such procedures would be unnecessary, as we are not altering our policies, but rather, we are simply correctly implementing the policies we finalized. This final rule correction is intended to ensure that the December 2023 final rule accurately reflects those policies. Therefore, we believe we have good cause to waive the notice and comment and delayed effective date requirements.

IV. Correction of Errors in the Regulation Text

COMMUNITY SERVICE**

45 CFR Part 2500
RIN 3045–AA83

AmeriCorps Statement of Organization

AGENCY: Corporation for National and
Community Service.
ACTION: Final rule.

SUMMARY: The Corporation for National
and Community Service (CNCS), which
operates as AmeriCorps, is finalizing a
rule to provide general information to
the public about its structure and
purpose, as required by the
Administrative Procedure Act. While
AmeriCorps already provides

information about its organizational
structure on its public-facing website
(*americorps.gov*), this rule would
comply with the statutory requirement
that agencies publish in the **Federal
Register** their descriptions of
organization. This rule will also
increase transparency regarding
AmeriCorps’ operations by mapping out
its existing program regulations, thereby
providing an overview of the Agency’s
programs.

DATES: This rule is effective March 4,
2024.

Counsel, at (202) 967–5070, or *eappel@

SUPPLEMENTARY INFORMATION:

I. Background

AmeriCorps, the operating name for
the Corporation for National and
Community Service, is a Federal agency
that engages millions of Americans in
service. AmeriCorps members and
AmeriCorps Seniors volunteers serve
directly with nonprofit, tribal, faith-

based, or community organizations to
tackle some of our nation’s most
pressing challenges. Although
AmeriCorps already provides
information about its organizational
structure on its website, *americorps.gov*,
this rule complies with the statutory
requirement that agencies “publish in
the **Federal Register**” their descriptions
of organization. *See* 5 U.S.C.
552(a)(1)(A). This rule will also increase
transparency regarding AmeriCorps’
operations by mapping out its existing
program regulations, thereby providing
an overview of the Agency’s programs.

This rule adds AmeriCorps’
organizational information to Code of
Federal Regulations (CFR) part 2500.
Part 2500 already includes information
about AmeriCorps being CNCS’s
operating name and information about
AmeriCorps’ logos. This rule
redesignates, without substantive
change, the operating name and logo
sections to new sections later in the CFR
part and adds subpart designations. The
following is a breakdown of the new
and redesignated sections:

Current 45 CFR section	New 45 CFR section	Description of change
2500.1 Agency Operating Name	Subpart A—Introduction	New subpart designation.
	2500.1 Creation and authority	New section.
	2500.2 Agency operating name	Redesignated without substantive change.
	2500.3 Purpose and mission	New section.
	Subpart B—Organization	New subpart designation.

The new sections describe
AmeriCorps’:

- Statutory basis and origination;
- Purpose, to administer the programs
established under the national service
laws; and mission, to improve lives,
strengthen communities, and foster
civic engagement through service and
volunteering;
- Organization, including the roles of
the Chief Executive Officer and the
Board of Directors;
- Headquarters, including leadership
positions; and region offices, referring to
AmeriCorps’ website for details on
contact information;
- Four main national service
programs: AmeriCorps NCCC,
AmeriCorps Seniors, AmeriCorps State
and National, and AmeriCorps VISTA;
and

- Focus areas, which include, but are
not limited to, disaster services,
economic opportunity, education,
environmental stewardship, healthy
futures, and veterans and military
families.

Edits to the sections addressing
AmeriCorps’ logos specify the logos’
fonts and the direction of the flag in the
logos and make minor grammatical
changes.

**II. Responses to Comments on Proposed
Rule and Changes to Proposed Rule**

AmeriCorps published the proposed
rule on May 2, 2023. *See* 88 FR 27423.
AmeriCorps received three written
comment submissions prior to the July
3, 2023, deadline for public comments.
All three comments expressed
opposition to AmeriCorps’ regional

structure under the Office of Regional
Operations and the logos and branding
that resulted from the “Transformation
and Sustainability Plan” that
AmeriCorps adopted several years ago.
Commenters recounted multiple
challenges with the regional structure
that replaced the State Office structure.
AmeriCorps currently operates through
the regional structure and strives to
address grantees’ concerns or the
difficulties they face within that
structure. However, because the rule
merely describes the regional structure
under which AmeriCorps currently
operates, AmeriCorps is not
reconsidering its structure at this time,
and is proceeding with finalization of
the description contained in the rule.
However, AmeriCorps appreciates the
