Federal Emergency Management Agency

[Docket ID FEMA-2024-0002; Internal Agency Docket No. FEMA-B-2275]

Proposed Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency; Department of Homeland Security.

ACTION: Notice; correction.

SUMMARY: On August 7, 2023, FEMA published in the **Federal Register** a proposed flood hazard determination notice that contained an erroneous table. This notice provides corrections to that table to be used in lieu of the erroneous information. The table provided here represents the proposed flood hazard determinations and communities affected for Hays County, Texas and Incorporated Areas.

DATES: Comments are to be submitted on or before May 1, 2024.

ADDRESSES: The Preliminary Flood Insurance Rate Map (FIRM), and where applicable, the Flood Insurance Study (FIS) report for each community are available for inspection at both the online location and the respective Community Map Repository address listed in the table below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

You may submit comments, identified by Docket No. FEMA-B-2275, to Rick Sacibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400

C Street SW, Washington, DC 20472, (202) 646-7659, or (email) patrick.sacibit@fema.dhs.gov.

FOR FURTHER INFORMATION CONTACT: Rick Sacibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) patrick.sacibit@fema.dhs.gov; or visit the FEMA Mapping and Insurance eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: FEMA proposes to make flood hazard determinations for each community listed in the table below, in accordance with Section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These flood hazard determinations are used to meet the floodplain management requirements of the NFIP.

Use of a Scientific Resolution Panel (SRP) is available to communities in support of the appeal resolution process. SRPs are independent panels of experts in hydrology, hydraulics, and other pertinent sciences established to review conflicting scientific and technical data and provide recommendations for resolution. Use of

the SRP may only be exercised after FEMA and local communities have been engaged in a collaborative consultation process for at least 60 days without a mutually acceptable resolution of an appeal. Additional information regarding the SRP process can be found online at https://floodsrp.org/pdfs/srp_fact_sheet.pdf.

The communities affected by the flood hazard determinations are provided in the table below. Any request for reconsideration of the revised flood hazard determinations shown on the Preliminary FIRM and FIS report that satisfies the data requirements outlined in 44 CFR 67.6(b) is considered an appeal. Comments unrelated to the flood hazard determinations will also be considered before the FIRM and FIS report are made final.

Correction

In the proposed flood hazard determination notice published at 88 FR 29923 in the October 12, 2022, issue of the **Federal Register**, FEMA published a table titled “Hays County, Texas and Incorporated Areas”. This table contained inaccurate information as to the communities affected by the proposed flood hazard determinations, featured in the table. In this document, FEMA is publishing a table containing the accurate information. The information provided below should be used in lieu of that previously published.

DEPARTMENT OF HOMELAND SECURITY

[Docket No. DHS-2024-0003]

Faith-Based Security Advisory Council

AGENCY: The Office of Partnership and Engagement (OPE), The Department of Homeland Security (DHS).

ACTION: Notice of new taskings for the Faith-Based Security Advisory Council (FBSAC).

SUMMARY: On January 5, 2024, the Secretary of DHS, Alejandro N. Mayorkas, issued a memorandum tasking the Faith-Based Security Advisory Council (FBSAC) to establish two subcommittees further outlined below. This notice is not a solicitation for membership.

FOR FURTHER INFORMATION CONTACT: Sameer Hossain, Designated Federal Officer, Faith-Based Security Advisory Council of Department of Homeland Security, at FBSAC@hq.dhs.gov or 202-891-2876.

SUPPLEMENTARY INFORMATION: The FBSAC provides organizationally independent, strategic, timely, specific, and actionable advice to the Secretary through the OPE Assistant Secretary, who serves as the DHS Faith-Based Organizations Security Coordinator on security and preparedness matters related to places of worship, faith communities, and faith-based organizations. The Council consists of members who are: faith-based organization security officials; faith-based organization leaders; faith leaders; state and local public safety, law enforcement, and emergency management leaders; and a representative from the Department of Justice or Federal Bureau of Investigation.

The Secretary has requested that the FBSAC form new subcommittees to study and provide recommendations in the following critical areas for the Department:

1. Countering Transnational Repression (TNR), providing recommendations on how DHS can partner with faith-based organizations to develop a strategy to protect faith-based community stakeholders from incidents of TNR; provide process recommendations that faith-based leaders and security professionals can implement to inform faith-based communities about ongoing TNR threats and resources; an effective way to

encourage faith-based communities to report TNR threats; and assessments for faith-based leaders and security professional on how well safety and security resources are working in terms of community utilization and effective mitigation of TNR incidents.

2. Countering and responding to Targeted Violence and Terrorism, providing recommendations on how DHS can partner with faith-based organizations to survey existing multi-faith initiatives nationwide to establish a “best practices toolkit” on how faith-based organizations and institutions can build resiliency against threats of targeted violence and terrorism; examples of faith-based entities that have prevented targeted violence and terrorism utilizing safety and security resources; best practices from those examples that other faith communities can adopt; examples of how faith communities utilized federal government resources in the immediate aftermath and long-term; and avenues for DHS to assist with community building to increase resilience across faith groups in the event of an act of targeted violence.

Schedule: The subcommittees findings and recommendations will be submitted to the FBSAC for its deliberation and vote during a public meeting within 150 days of January 5, 2024.

Dated: January 18, 2024.

Sameer Hossain,

Designated Federal Officer, Faith-Based Security Advisory Council, U.S. Department of Homeland Security.
