Administrative Protective Order

This notice serves as the only reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

Commerce is issuing and publishing these final results and this notice in accordance with sections 751(c), 752(b), and 777(i)(1) of the Act and 19 CFR 351.218.

Dated: January 29, 2024.

Abdelali Elouaradia,  
Deputy Assistant Secretary for Enforcement and Compliance.

Appendix

List of Topics Discussed in the Issues and Decision Memorandum

- I. Summary
- II. Background
- III. Scope of the Order
- IV. History of the Order
- V. Legal Framework
- VI. Discussion of the Issues
  - 1. Likelihood of Continuation or Recurrence of a Countervailable Subsidy
  - 2. Net Countervailable Subsidy Rates Likely To Prevail
  - 3. Nature of the Subsidies
- VII. Final Results of Sunset Review
- VIII. Recommendation

BILLING CODE 3510–DS–P

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

National Artificial Intelligence Advisory Committee

AGENCY: National Institute of Standards and Technology, Department of Commerce.

ACTION: Notice of open meeting.

SUMMARY: The National Institute of Standards and Technology (NIST) announces that the National Artificial Intelligence Advisory Committee (NAIAC or Committee) will hold an open meeting in-person and virtually via web conference on February 22, 2024, from 9 a.m.–4 p.m. eastern time. The primary purpose of this meeting is for the Committee to report working group findings, identify actionable recommendations, receive public briefings and receive an update from the NAIAC Law Enforcement Subcommittee. The final agenda will be posted to the NAIAC website: [ai.gov/naiac/](https://ai.gov/naiac/).

DATES: The meeting will be held on Thursday, February 22, 2024, from 9 a.m.–4 p.m. eastern time.

ADDRESSES: The meeting will be held in-person and virtually via web conference from the U.S. Department of Commerce, Herbert C. Hoover Federal Building, located at 1401 Constitution Ave. NW, Washington, DC 20230. For instructions on how to attend and/or participate in the meeting, please see the SUPPLEMENTARY INFORMATION section of this notice.

FOR FURTHER INFORMATION CONTACT: Alicia Chambers, Committee Liaison Officer, National Institute of Standards and Technology, 100 Bureau Drive, MS 8900, Gaithersburg, MD 20899, [alicia.chambers@nist.gov](mailto:alicia.chambers@nist.gov) or 301–975–5333, or Cheryl Gendron, Designated Federal Officer, National Institute of Standards and Technology, 100 Bureau Drive, MS 8900, Gaithersburg, MD 20899, [cheryl.gendron@nist.gov](mailto:cheryl.gendron@nist.gov). Please direct any inquiries to [naiac@nist.gov](mailto:naiac@nist.gov).

SUPPLEMENTARY INFORMATION: Pursuant to the Federal Advisory Committee Act, as amended, 5 U.S.C. 1001 *et seq.*, notice is hereby given that the NAIAC will meet on Thursday, February 22, 2024, from 9 a.m.–4 p.m. eastern time. The meeting will be open to the public and will be held in-person and virtually via web conference. The primary purpose of this meeting is for the Committee to report working group findings, identify actionable recommendations, receive public briefings and receive an update from the

NAIAC Law Enforcement Subcommittee. The final agenda and meeting time will be posted to the NAIAC website: <https://www.nist.gov/itl/national-artificial-intelligence-advisory-committee-naiac>.

The NAIAC is authorized by section 5104 of the National Artificial Intelligence Initiative Act of 2020 (Pub. L. 116–283), in accordance with the provisions of the Federal Advisory Committee Act, as amended (FACA), 5 U.S.C. 1001 *et seq.* The Committee advises the President and the National Artificial Intelligence Initiative Office on matters related to the National Artificial Intelligence Initiative. Additional information on the NAIAC is available at [ai.gov/naiac/](https://ai.gov/naiac/).

Comments: The National Artificial Intelligence Advisory Committee (NAIAC) Workforce and Opportunity Working Group seeks public feedback into ways the nation can support people’s lifetime employment and career success as they navigate changes in jobs and the economy brought on by AI, automation, and other factors. The Working Group would appreciate receiving expressions of interest in participating in public dialogues throughout 2024 addressing the following:

1. Perspectives from workers on the impact of automation, AI, and other factors in their lives, jobs, and careers. This could include feedback on the nature and quality of support programs and resources available to them and ideas for how employers, government, and other stakeholders can help them today.

2. Ideas for new frontiers for supporting workers, career pathways, and otherwise expanding opportunity as AI changes the economy and nature of work. This could include: explaining data and knowledge gaps that, if closed, would help workers, organizations, policymakers, and others make better, data-informed decisions; and, elaborating on nascent ideas and innovations with the potential for national impact and scale.

Individuals and representatives of organizations who would like to offer comments and suggestions related to items on the Committee’s agenda for this meeting are invited to submit comments in advance of the meeting. Approximately ten minutes will be reserved for public comments, which will be read on a first-come, first-served basis. Please note that all comments submitted via email will be treated as public documents and will be made available for public inspection. All comments must be submitted via email with the subject line “February 22,

2024, NAIAC Meeting Comments” to [naiac@nist.gov](mailto:naiac@nist.gov) by 5 p.m. eastern Time, Tuesday, February 20, 2024. NIST will not accept comments accompanied by a request that part or all of the comment be treated confidentially because of its business proprietary nature or for any other reason. Therefore, do not submit confidential business information or otherwise sensitive, protected, or personal information, such as account numbers, Social Security numbers, or names of other individuals.

**Virtual Admittance Instructions:** The meeting will be broadcast virtually via web conference. Registration is required to view the web conference. Instructions to register will be made available on NAIAC Meeting Information website. Registration will remain open until the conclusion of the meeting.

**In-Person Admittance Instruction:** Limited space is available on a first-come, first-served basis for anyone who wishes to attend in person. Registration is required for in-person attendance. Registration details will be posted at NAIAC Meeting Information website. Registration for in-person attendance will close at 5 p.m. eastern time on Tuesday, February 20, 2024.

**Alicia Chambers,**

*NIST Executive Secretariat.*

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

#### Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Assessing Public Preferences and Values To Support Coastal and Marine Management

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on August 25, 2023 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

**Agency:** National Oceanic & Atmospheric Administration (NOAA), Commerce.

**Title:** Assessing Public Preferences and Values to Support Coastal and Marine Management.

**OMB Control Number:** 0648-XXXX.

**Form Number(s):** None.

**Type of Request:** New information collection.

**Number of Respondents:** Focus groups: 96; Surveys: 6,282.

**Average Hours per Response:** Focus groups: 1 hour; Surveys: 12 minutes.

**Total Annual Burden Hours:** 3,528.48.

**Needs and Uses:** This request is for a new information collection, which will include focus groups and pre-test to help guide revisions necessary to the survey instrument, to directly support decision-makers with the National Estuarine Research Reserve (NERR). The proposed data collection involves surveying randomly selected residents (aged 18 years and older) from households in counties surrounding the NERRs. The purpose of this information collection is to obtain data on the opinions, values, attitudes, and behaviors of visitors to NOS-special places, as well as residents from surrounding areas. The initial surveys will be conducted for the Chesapeake Bay National Estuarine Research Reserve in Virginia (CBNERR-VA), Weeks Bay NERR (WBNER), and Grand Bay NERR (GNDNERR), and the survey will be repeated regularly in other NERRs based on information needs and budget.

The NERRS is a Federal-State partnership program for the stewardship, education, and research of unique estuarine sites. This data collection supports the NERRS' vision of establishing healthy estuaries and coastal watersheds where human and ecological communities thrive. The NERRS has identified five priority research areas, including a focus on social science and economic processes within each NERR site. However, limited data exist characterizing stakeholder activities, attitudes, knowledge, and preferences, including their spatial aspects. Gathering such data is essential for effective management of stakeholder groups, regulatory proposals, and resource management decisions.

Designated in 1986, WBNER is located along the eastern shore of Mobile Bay in Baldwin County, Alabama. CBNERR-VA, designated in 1991, comprises four reserve sites within the York River in the southern Chesapeake Bay subregion. Finally, GNDNERR was established in 1999 and is located in the Grand Bay Savannah

Complex along the Mississippi-Alabama state line in Jackson County, Mississippi. All three NERRS prioritize public access and responsible use to protect ecosystems, identifying public sites, minimizing conflicts, and evaluating visitor use. Therefore, information is needed on who uses these NERR sites, their motivations, management preferences, and why some do not visit. This data supports conservation and management goals, strengthens decision-making, increases capacity, and extends education and outreach. It is also required by NOAA to meet objectives related to ocean and coastal planning and management. The data benefits state and local officials as well.

NOAA's mission is to provide science, service and stewardship for, among other activities, management of the nation's oceans and coasts. NOAA supports "comprehensive ocean and coastal planning and management" in order to facilitate use of oceans and coasts, while also ensuring "continued access to coastal areas, sustained ecosystems, maintained cultural heritage, and limited cumulative impacts." NOAA is subject to and supports mandates of the Coastal Zone Management Act (CZMA) (16 U.S.C. 1452 (303)(2)(D)), which encourages the wise use of coastal resources, including energy activity. The CZMA also encourages the inclusion and participation of the public in carrying out the tenets of the act (16 U.S.C. 1452 (303)(4)). The National Environmental Policy Act (NEPA) (40 CFR 1502.6) mandates federal agencies to use social science data to assess the impacts of federal actions on the human environment. Consequently, up-to-date sociological data is needed to support federal agency obligations under each of these acts.

Finally, NOAA is responding to Executive Orders 13707 and 13985. Executive Order 13707, Using Behavioral Science Insights to Better Serve the American People, requests federal agencies to, among other actions: "identify policies, programs, and operations where applying behavioral science insights may yield substantial improvements in public welfare, program outcomes, and program cost effectiveness" and "develop strategies for applying behavioral science insights to programs and, where possible, rigorously test and evaluate the impact of these insights." Executive Order 13985, On Advancing Racial Equity and Support for Underserved Communities Through the Federal Government, requires the federal government to allocate resources "in a manner that
