## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Project No. 382–108]

#### Southern California Edison Company; Notice of Intent To Prepare an Environmental Assessment

On May 1 and 2, 2023, as supplemented on May 16, 2023, Southern California Edison Company (SCE or licensee) filed an application to surrender its license and decommission the Borel Hydroelectric Project No. 382. The project is located on the Kern River, in the City of Bodfish in Kern County, California. The project occupies Federal lands administered by the U.S. Forest Service and the U.S. Army Corps of Engineers.

SCE is requesting to surrender its license for the Borel Hydroelectric Project and the disposition of all Borel Project facilities (*i.e.*, removal, modification, or abandonment in place). SCE is surrendering the Borel Project license because the U.S. Army Corps of Engineers (Corps) implemented a safety modification to its Lake Isabella Auxiliary Dam for which the Corps condemned land associated with the Borel Project and sealed off the existing section of conduit through the Auxiliary Dam by filling it with concrete and abandoning the conduit in place. This action rendered the Borel Project nonfunctional and therefore SCE is seeking to surrender the Project license.

A Notice of Application Accepted for Filing and Soliciting Comments, Motions to Intervene, and Protest was issued on June 13, 2023.

This notice identifies Commission staff's intention to prepare an environmental assessment (EA) for the proposed action. The planned schedule for the completion of the EA is July 2024.<sup>1</sup> Revisions to the schedule may be made as appropriate. The EA will be issued and made available for review by all interested parties. All comments filed on the EA will be reviewed by staff and considered in the Commission's final decision on the proceeding.

With this notice, the Commission is inviting Federal, State, local, and Tribal agencies with jurisdiction and/or special expertise with respect to environmental issues affected by the proposal to cooperate in the preparation of the EA planned to be issued July 2024. Agencies wishing to cooperate, or further discuss the benefits, responsibilities, and obligations of the cooperating agency role, should contact staff listed at the bottom of this notice by February 20, 2024. Cooperating agencies should note the Commission's policy that agencies that cooperate in the preparation of any environmental document cannot also intervene. See 94 FERC ¶ 61,076 (2001).

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members, and others to access publicly available information and navigate Commission processes. For public inquiries and

assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or [OPP@ferc.gov](mailto:OPP@ferc.gov).

Any questions regarding this notice may be directed to Rebecca Martin at 202-502-6012 or [Rebecca.martin@ferc.gov](mailto:Rebecca.martin@ferc.gov).

[Docket No. RM98-1-000]

**Records Governing Off-the-Record Communications; Public Notice**

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding.

Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e) (1) (v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission.
