SUPPLEMENTARY INFORMATION:

I. Introduction

Congress enacted Section 2222 of EGRPRA ¹ to reduce regulatory burden imposed upon insured depository institutions consistent with safety and soundness, to promote consistency between the agencies’ regulations, and to support consumer protection. The statute requires that not less frequently than once every 10 years, the Federal Financial Institutions Examination Council (FFIEC),² along with the agencies,³ conduct a review of their

regulations to identify outdated or otherwise unnecessary regulatory requirements imposed on insured depository institutions. In conducting this review, the FFIEC or the agencies shall (a) categorize their regulations by type and (b) at regular intervals, provide notice and solicit public comment on categories of regulations, requesting commenters to identify areas of regulations that are outdated, unnecessary, or unduly burdensome.⁴

EGRPRA also requires the FFIEC or the agencies to publish in the **Federal Register** a summary of the comments received, identifying significant issues raised and commenting on these issues. It also directs the agencies to eliminate unnecessary regulations to the extent that such action is appropriate. Finally, the statute requires the FFIEC to submit to Congress a report that summarizes any significant issues raised in the public comments and the relative merits of those issues. The report also must include an analysis of whether the agencies are able to address the regulatory burdens associated with such issues or whether these burdens must be addressed by legislative action.

II. The EGRPRA Review’s Targeted Focus

The EGRPRA regulatory review provides an opportunity for the public and the agencies to look at groups of related regulations and to identify opportunities for burden reduction.⁵ For example, the EGRPRA review may facilitate the identification of statutes and regulations that share similar goals or complementary methods where one or more agencies could eliminate the overlapping regulatory requirements. Alternatively, commenters may identify regulations or statutes that impose requirements that are no longer consistent with the way business is

elected to participate in the first and second EGRPRA reviews, and the NCUA Board again has elected to participate in this review process.

Consistent with its approach during the first and second EGRPRA reviews, NCUA will separately issue notices and requests for comment on its rules. The CFPB is required to review its significant rules and publish a report of its review no later than five years after they take effect. *See* 12 U.S.C. 5512(d). This process is separate from the EGRPRA process.

⁴ Insured depository institutions are also subject to regulations that are not reviewed under the EGRPRA process because they were not prescribed by the agencies. Examples include rules for which rulemaking authority was transferred to the CFPB and anti-money laundering regulations issued by the Department of the Treasury’s Financial Crimes Enforcement Network, among others. If, during the EGRPRA process, the agencies receive a comment about a regulation that is not subject to the EGRPRA review, we will forward that comment to the appropriate agency.

⁵ *See supra* note 1.

¹ 12 U.S.C. 3311.

² The FFIEC is an interagency body empowered to prescribe uniform principles, standards, and report forms for the Federal examination of financial institutions and to make recommendations to promote uniformity in the supervision of financial institutions. The FFIEC does not issue regulations that impose burden on financial institutions and, therefore, we have not separately captioned the FFIEC in this notice.

³ The FFIEC is comprised of the OCC, Board, FDIC, National Credit Union Administration (NCUA), Consumer Financial Protection Bureau (CFPB), and State Liaison Committee. Of these, only the OCC, Board, and FDIC are statutorily required to undertake the EGRPRA review. The NCUA

conducted and may warrant revision or elimination.

The EGRPRA review also provides the agencies and the public with an opportunity to consider how to reduce the impact on community banks or their holding companies. The agencies are aware of the role that these institutions play in providing consumers and businesses across the nation with essential financial services and access to credit. The agencies are especially concerned about the impact of requirements on these smaller institutions. The agencies understand that when a new regulation is issued or a current regulation amended, smaller institutions may have to devote a significant amount of their resources to determine if and how the regulation will affect them. Through the public comment process, the EGRPRA review can help the agencies identify and target regulatory changes to reduce impacts on these smaller institutions.

Burden reduction must be compatible with consumer protection, the safety and soundness of insured depository institutions, their affiliates, and the financial system as a whole. Burden reduction also must be consistent with the agencies' statutory mandates, many of which require the issuance of regulations. EGRPRA recognizes that effective burden reduction may require statutory changes. Accordingly, as part of this review, we specifically ask the public to comment on the relationship among burden reduction, regulatory requirements, policy objectives, and statutory mandates. We also seek quantitative data about the impact of rules, where available.

We note that the agencies must consider regulatory burden each time an agency proposes, adopts, or amends a rule. For example, under the Paperwork Reduction Act of 1995⁶ and the Regulatory Flexibility Act,⁷ the agencies assess each rulemaking with respect to the burdens the rule might impose. The agencies also invite the public to comment on proposed rules as required by the Administrative Procedure Act.⁸

III. The EGRPRA Review Process

Taken together for purposes of EGRPRA, the agencies' regulations covering insured depository institutions encompass more than 100 subjects.⁹

Consistent with the EGRPRA statute and past practice, the agencies have grouped these regulations into the following 12 categories listed in alphabetical order: Applications and Reporting; Banking Operations; Capital; Community Reinvestment Act; Consumer Protection;¹⁰ Directors, Officers and Employees; International Operations; Money Laundering; Powers and Activities; Rules of Procedure; Safety and Soundness; and Securities. These categories were used during the prior EGRPRA reviews. The agencies determined the categories by sorting the regulations by type and sought to have no category be too large or broad. These categories remain useful for the review, and the agencies have not modified the categories for purposes of this review.

Over the next two years, the agencies plan to publish four **Federal Register** notices, each addressing one or more categories of rules. Each **Federal Register** notice will have a 90-day comment period. Today, the agencies are publishing the first of the four notices, addressing the following categories of regulations: Applications and Reporting; Powers and Activities; and International Operations. The agencies invite the public to identify outdated, unnecessary, or unduly burdensome regulatory requirements imposed on insured depository institutions and their holding companies in these three categories.

To assist the public's understanding of how the agencies have organized the EGRPRA review, the agencies have prepared a chart that lists the categories of regulations with the three categories of regulations addressed in this **Federal Register** notice appearing as the first three categories in the chart. The chart's left column divides the categories into specific subject-matter areas. The headings at the top of the chart identify the types of institutions affected by the regulations.

The agencies will review the comments received and determine whether further action is appropriate with respect to the regulations. The agencies will consult and coordinate with each other and expect to generally make this determination jointly, as appropriate, in the case of rules that have been issued on an interagency basis. Similarly, as appropriate, the agencies will undertake any rulemaking to amend or repeal those rules on an

interagency basis. For rules issued by a single agency, the issuing agency will review the comments received and independently determine whether amendments to or repeal of its rules are appropriate.

IV. Request for Comments on the First Three Categories of Regulations: Applications and Reporting, Powers and Activities, and International Operations

The agencies are requesting comment on regulations in three specific categories to identify outdated, unnecessary, or unduly burdensome requirements imposed on insured depository institutions and their holding companies. The agencies will solicit comment on all rules finalized by the agencies before the publication of the last EGRPRA notice in the series. In addition to comments on regulations in the first three categories generally, the agencies are requesting comments on certain specific regulations described below within the first three categories issued since the last EGRPRA review. Where possible, the agencies ask commenters to cite to specific regulatory language or provisions. The agencies also welcome suggested alternative provisions or language in support of a comment, where appropriate. The agencies will consider comments submitted anonymously.

Specific Issues for Commenters To Consider

The agencies specifically invite comment on the following issues as they pertain to the agencies' Applications and Reporting, Powers and Activities, and International Operations rules addressed in this notice. We will ask these same questions for each notice we issue in connection with the EGRPRA process.

- *Need and purpose of the regulations.*

- *Question 1:* Have there been changes in the financial services industry, consumer behavior, or other circumstances that cause any regulations in these categories to be outdated, unnecessary, or unduly burdensome? If so, please identify the regulations, provide any available quantitative analyses or data, and indicate how the regulations should be amended.

- *Question 2:* Do any of these regulations impose burdens not required by their underlying statutes? If so, please identify the regulations and indicate how they should be amended.

- *Overarching approaches/ flexibilities.*

⁶ 44 U.S.C. 3501–3521.

⁷ 5 U.S.C. 610.

⁸ 5 U.S.C. 551–559.

⁹ Consistent with EGRPRA's focus on reducing burden on insured depository institutions, the agencies have not included their internal, organizational, or operational regulations in this review. These regulations impose minimal, if any, burden on insured depository institutions.

¹⁰ The agencies are seeking comment only on consumer protection regulations for which they retain rulemaking authority for insured depository institutions and holding companies under the Dodd-Frank Wall Street Reform and Consumer Protection Act, Public Law 111–203, 124 Stat. 1376 (2010) (Dodd-Frank Act).

○ *Question 3:* With respect to the regulations in these categories, could an agency use a different regulatory approach to lessen the burden imposed by the regulations and achieve statutory intent?

○ *Question 3:* Do any of these rules impose unnecessarily inflexible requirements? If so, please identify the regulations and indicate how they should be amended.

- *Cumulative effects.*

○ *Question 4:* Looking at the regulations in a category as a whole, are there any requirements that are redundant, inconsistent, or overlapping in such a way that taken together, impose an unnecessary burden that could potentially be addressed? If so, please identify those regulations, provide any available quantitative analyses or data, and indicate how the regulations should be amended.

- *Effect on competition.*

○ *Question 5:* Do any of the regulations in these categories create competitive disadvantages for one part of the financial services industry compared to another or for one type of insured depository institution compared to another? If so, please identify the regulations and indicate how they should be amended.

- *Reporting, recordkeeping, and disclosure requirements.*

○ *Question 6:* Do any of the regulations in these categories impose outdated, unnecessary, or unduly burdensome reporting, recordkeeping, or disclosure requirements on insured depository institutions or their holding companies?

○ *Question 7:* Could an insured depository institution or its holding company fulfill any of these requirements through new technologies (if they are not already permitted to do so) and experience a burden reduction? If so, please identify the regulations and indicate how they should be amended.

- *Unique characteristics of a type of institution.*

○ *Question 8:* Do any of the regulations in these categories impose requirements that are unwarranted by the unique characteristics of a particular type of insured depository institution or holding company? If so, please identify the regulations and indicate how they should be amended.

- *Clarity.*

○ *Question 9:* Are the regulations in these categories clear and easy to understand?

○ *Question 10:* Are there specific regulations for which clarification is needed? If so, please identify the regulations and indicate how they should be amended.

- *Impact to community banks and other small, insured depository institutions.*

○ *Question 11:* Are there regulations in these categories that impose outdated, unnecessary, or unduly burdensome requirements on a substantial number of community banks, their holding companies, or other small, insured depository institutions or holding companies?

○ *Question 12:* Have the agencies issued regulations pursuant to a common statute that, as applied by the agencies, create redundancies or impose inconsistent requirements?

○ *Question 13:* Should any of these regulations issued pursuant to a common statute be amended or repealed to minimize this impact? If so, please identify the regulations and indicate how they should be amended.

○ *Question 14:* Have the effects of any regulations in these categories changed over time that now have a significant economic impact on a substantial number of small, insured depository institutions or holding companies? If so, please identify the regulations and indicate how they should be amended. The agencies seek information on (1) the continued need for the rule; (2) the complexity of the rule; (3) the extent to which the rule overlaps, duplicates or conflicts with other Federal rules, and, to the extent feasible, with State and local governmental rules; and (4) the degree to which technology, economic conditions, or other factors have changed in the area affected by the rule.

- *Scope of rules.*

○ *Question 15:* Is the scope of each rule in these categories consistent with the intent of the underlying statute(s)?

○ *Questions 16:* Could the agencies amend the scope of a rule to clarify its applicability or reduce the burden, while remaining faithful to statutory intent? If so, please identify the regulations and indicate how they should be amended.

Specific Interagency Regulations Issued Since the Last EGRPRA Review

- **Expanded Examination Cycle for U.S. Branches and Agencies of Foreign Banks.** In December 2018, the agencies expanded the number of insured depository institutions and U.S. branches and agencies of foreign banks eligible for an 18-month on-site examination cycle. As authorized by the Economic Growth, Regulatory Relief, and Consumer Protection Act (EGRRCPA),¹¹ the agencies' final rules

generally allow qualifying insured depository institutions with less than \$3 billion in total assets to benefit from an extended 18-month on-site examination cycle. The rules also make parallel changes to the agencies' regulations governing the on-site examination cycle for U.S. branches and agencies of foreign banks.

- **Reduced Reporting for Covered Depository Institutions.** In June 2019, the agencies established a reduced reporting requirement for certain covered depository institutions.¹²

- **Margin and Capital Requirements for Covered Swap Entities.** The agencies have issued and modified provisions related to margin and capital requirements for covered swap entities since the last EGRPRA review.¹³

- **Amendments to the Regulations Implementing Section 13 of the Bank Holding Company Act Regarding Proprietary Trading and Relationships with Covered Funds.** In July 2020, the agencies adopted amendments to the regulations implementing Section 13 of the Bank Holding Company Act (BHC Act),¹⁴ also known as the Volcker Rule. The amendments continued efforts in 2014, when the agencies amended the regulations in a manner consistent with certain sections of the EGRRCPA.¹⁵ Section 13 of the BHC Act contains certain restrictions on the ability of a banking entity or nonbank financial company supervised by the Board to engage in proprietary trading and have certain interests in, or relationships with, a hedge fund or private equity fund (covered funds). The amendments were intended to improve and streamline the regulations implementing Section 13 of the BHC Act by modifying and clarifying requirements related to the covered fund provisions of the rules and to be consistent with EGRRCPA.

- **Computer-Security Incident Notification Requirements.** In November 2021, the agencies established notification requirements related to computer-security incidents that may adversely affect insured depository institutions.¹⁶

Associations and National Banks. In December 2020, to the extent appropriate and consistent with statutory charter differences, the OCC integrated its Applications and Reporting rules (the majority of which are included in the OCC's licensing rules contained in 12 CFR part 5) for national banks and Federal savings associations.¹⁷ Similarly, in December 2020, to the extent appropriate and consistent with statutory charter differences, the OCC integrated its Powers and Activities rules (which are contained in 12 CFR part 7) for national banks and Federal savings association.¹⁸

• *Question 17:* Are there additional rules that could be integrated, amended, or removed?

• *Covered Savings Associations Provisions.* In 2019, as required by the EGRCPA,¹⁹ the OCC established standards and procedures for Federal savings associations that elected to operate as a covered savings association under Section 5a of the Home Owners' Loan Act.²⁰

Specific Board Regulations Issued Since the Last EGRPRA Review

• *Modified Capital Planning Requirements for Certain Holding Companies.* In 2021, the Board adopted a final rule to modify the requirements in the Board's capital plan rule for firms with assets of \$100 billion or more.²¹ Among other changes, this rule modified regulatory reporting requirements for Large Bank Holding Companies, Intermediate Holding Companies, and Savings and Loan Holding Companies.

Specific FDIC Regulations Issued Since the Last EGRPRA Review

• *Transferred Regulations from the Office of Thrift Supervision (OTS).* Pursuant to Section 316(b) of the Dodd-Frank Act, rules transferred from the OTS to the FDIC and other successor agencies remain in effect "until modified, terminated, set aside, or superseded in accordance with applicable law" by the relevant successor agency, by a court of competent jurisdiction, or by operation of law. When the FDIC republished the transferred OTS regulations as new FDIC regulations applicable to state savings associations, the FDIC stated in its **Federal Register** notice that its staff

would evaluate the transferred OTS rules and might later recommend incorporating the transferred OTS regulations into other FDIC rules, amending them, or rescinding them. This process began in 2013 and continues, involving publication in the **Federal Register** of a series of notices of proposed rulemakings and final rulemakings.²² As of the date of this notice, only two of the transferred OTS regulations remain. The FDIC will consider public comments submitted either through the EGRPRA review process or through any notice and comment rulemaking related to the FDIC's determinations regarding the transferred OTS regulations.

• *Amendments to International Banking Regulations (Part 347).* In March 2020, the FDIC revised its existing international banking regulations (contained in 12 CFR part 347) to replace references to credit ratings in the definition of investment grade with an alternative standard of creditworthiness and to make changes to the eligibility criteria for the types of assets that insured branches of foreign banks may pledge for the benefit of the FDIC.

• *Incorporation of Existing Statement of Policy Regarding Requests for Participation in the Affairs of an Insured Depository Institution by Convicted Individuals.* In August 2020, the FDIC revised its existing regulations pertaining to Section 19 of the FDI Act²³ (contained in 12 CFR parts 303 and 308) regarding the FDIC's procedures and standards relating to applications for the FDIC's written consent and to incorporate and revise the FDIC's existing Statement of Policy for Section 19 of the FDI Act (SOP). The incorporation of the SOP into the FDIC's regulations was intended to make the application of the SOP more transparent, increase certainty concerning the FDIC's application process, afford regulatory relief, and help both insured depository institutions and affected individuals to understand the impact of Section 19 and to potentially seek relief from it.²⁴

²² Final rulemakings include: 78 FR 76721 (Dec. 19, 2013); 79 FR 42182 (Jul. 21, 2014); 79 FR 42183 (Jul. 21, 2014); 79 FR 63498 (Oct. 24, 2014); 80 FR 5009 (Jan. 30, 2015); 80 FR 5015 (Jan. 30, 2015); 80 FR 65612 (Oct. 27, 2015); 80 FR 65903 (Oct. 28, 2015); 80 FR 65913 (Oct. 28, 2015); 80 FR 79250 (Dec. 21, 2015); 83 FR 13839 (Apr. 2, 2018); 83 FR 13843 (Apr. 2, 2018); 83 FR 60333 (Nov. 26, 2018); 84 FR 31171 (Jul. 1, 2019); 84 FR 65276 (Nov. 27, 2019); 85 FR 3232 (Jan. 21, 2020); 85 FR 3247 (Jan. 21, 2020); 85 FR 3250 (Jan. 21, 2020); 86 FR 8082 (Feb. 3, 2021); 86 FR 8089 (Feb. 3, 2021); 86 FR 8098 (Feb. 3, 2021).

²³ 12 U.S.C. 1829.

²⁴ On December 23, 2022, the President signed into law the Fair Hiring in Banking Act (FHBA),

• *Rule Regarding Parent Companies of Industrial Banks and Industrial Loan Companies (Part 354).* In February 2021, the FDIC adopted a final rule (contained in 12 CFR part 354) that requires certain conditions and commitments for each deposit insurance application approval, non-objection to a change in control notice, and merger application approval that would result in an insured industrial bank or industrial loan company becoming, on or after the effective date of the final rule, a subsidiary of a company that is not subject to consolidated supervision by the Board. The final rule also requires that before any industrial bank or industrial loan company may become a subsidiary of a company that is not subject to consolidated supervision by the Board, such company and the industrial bank or industrial loan company must enter into one or more written agreements with the FDIC.

V. The Agencies' Review of Regulations Under Section 610 of the Regulatory Flexibility Act (RFA)

Consistent with past practice, the [agencies] will use the EGRPRA review to satisfy their respective obligations under Section 610 of the RFA.²⁵ To that end, for each rule that has a significant impact on a substantial number of small entities issued in the last 10 years, the [agencies] invite comment on (1) the continued need for the rule; (2) the complexity of the rule; (3) the extent to which the rule overlaps, duplicates or conflicts with other Federal rules, and, to the extent feasible, with State and local governmental rules; and (4) the length of time since the rule has been evaluated or the degree to which

which significantly revised Section 19 and was effective immediately. The FHBA appears at Section 5705 of the James M. Inhofe National Defense Authorization Act for Fiscal Year 2023, Pub. L. 117-263, 136 Stat. 2395, 3411 (2022). The FDIC is working on a proposal to amend its Section 19 regulations under 12 CFR parts 303 and 308 to conform with the FHBA.

²⁵ Section 610 of the Regulatory Flexibility Act, 5 U.S.C. 610, imposes a continuing obligation on the agencies to review regulations that may have a significant economic impact upon a substantial number of small entities, within 10 years after a final rulemaking is published. A subset of the rules the agencies will review under EGRPRA will also be reviewed under the Section 610 review criteria. The agencies will indicate which rules are subject to Section 610 review. The factors the agencies consider in evaluating a rule under 5 U.S.C. 610 are (1) the continued need for the rule; (2) the nature of complaints or comments received concerning the rule from the public; (3) the complexity of the rule; (4) the extent to which the rule overlaps, duplicates or conflicts with other Federal rules, and, to the extent feasible, with State and local governmental rules; and (5) the length of time since the rule has been evaluated or the degree to which technology, economic conditions, or other factors have changed in the area affected by the rule.

technology, economic conditions, or other factors have changed in the area affected by the rule. The purpose of the review will be to determine whether such rules should be continued without change, or should be amended or rescinded, consistent with the stated objectives of applicable statutes, to minimize any significant economic

impact of the rules upon a substantial number of such small entities.

The agencies have not identified any rules pertaining to Applications and Reporting, Powers and Activities, and International Operations that would have a significant impact on a substantial number of small entities. The agencies will consider public

comments submitted through the EGRPRA review process and agency experience to identify regulations where the agencies can reduce burdens that have a significant impact on a substantial number of small, insured depository institutions.²⁶

²⁶ The review will be consistent with the requirements of a Regulatory Flexibility Act, Section 610 review. The [agencies] will determine whether particular rules should be continued without change, amended, or rescinded, consistent with the objectives of applicable statutes, to minimize any significant economic impact of the rules on a substantial number of small, insured depository institutions.

Airworthiness Directives; The Boeing Company Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: The FAA proposes to adopt a new airworthiness directive (AD) for all The Boeing Company Model 787-8, 787-9, and 787-10 airplanes. This proposed AD was prompted by a determination that the flight deck door decompression panel can strike the captain's seat headrest if a flight deck decompression event occurs when the seat is in a certain position. This proposed AD would require, for certain airplanes, replacing the affected captain's seat assembly. This proposed AD would also prohibit the installation of affected parts. The FAA is proposing this AD to address the unsafe condition on these products.

DATES: The FAA must receive comments on this proposed AD by March 22, 2024.

ADDRESSES: You may send comments, using the procedures found in 14 CFR 11.43 and 11.45, by any of the following methods:

- *Federal eRulemaking Portal:* Go to [regulations.gov](https://www.regulations.gov). Follow the instructions for submitting comments.

Background

The flight deck door decompression panel opens forward if a flight deck decompression event occurs. The FAA previously certificated flight deck doors to include this functionality. The FAA has since determined that the decompression panel could strike the captain's head or face if the seat is in the aft track position with full recline and full seat pan tilt during a flight deck decompression event. The captain's seat headrest is in the path of the decompression panel when the seat is in the aft track position with full recline and full seat pan tilt. The decompression panel opens in approximately 20 to 50 milliseconds and can strike the captain's seat headrest. The FAA is issuing this AD to address the possibility that the decompression panel could strike the captain's head or face. The unsafe condition, if not addressed, could result in serious or potentially fatal injury to the captain after a flight deck decompression event.

FAA's Determination

The FAA is issuing this NPRM after determining that the unsafe condition described previously is likely to exist or develop on other products of the same type design.
