#### SUPPLEMENTARY INFORMATION:

##### Background

On August 4, 2023, Commerce published the *Preliminary Results* of the 2021–2022 administrative review of the antidumping duty order on nails from Malaysia.<sup>1</sup> We invited interested parties to comment on the *Preliminary Results*.<sup>2</sup> On November 17, 2023, we extended the deadline for these final results until January 31, 2024.<sup>3</sup> This review covers two mandatory respondents: Region and Inmax.<sup>4</sup> The producers/exporters not selected for individual examination are referenced in the “Final Results of Review” section below and listed in Appendix II of this notice. For a complete description of the events that followed the *Preliminary Results*, see the Issues and Decision Memorandum.<sup>5</sup> Commerce conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

##### Scope of the Order

The products covered by the scope of the order are nails from Malaysia. For a complete description of the scope of the order, see the Issues and Decision Memorandum.<sup>6</sup>

##### Analysis of Comments Received

All issues raised in the case and rebuttal briefs filed by interested parties in this review are discussed in the Issues and Decision Memorandum. A list of the topics included in the Issues and Decision Memorandum is attached as Appendix I to this notice. The Issues and Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized

<sup>3</sup> See Memorandum, “Extension of Deadline for Final Results of Antidumping Duty Administrative Review,” dated November 17, 2023.

<sup>4</sup> As in the last completed administrative review, in this administrative review, Commerce continues to treat Region International Co. Ltd. and Region System Sdn. Bhd. (collectively, Region) as a collapsed single entity, and to treat Inmax Sdn. Bhd. and Inmax Industries Sdn. Bhd. (collectively, Inmax) as a collapsed single entity. ##### Final Determination of No Shipments

In the *Preliminary Results*, Commerce determined that Astrotech Steels Private Limited, Trinity Steel Private Limited, Geekay Wires Limited, and Modern Factory for Steel Industries Co. Ltd., made no shipments of the subject merchandise to the United States during the POR. No parties commented on this determination. Therefore, for the final results of review, we continue to find that these companies made no shipments of subject merchandise to the United States during the POR. Consistent with our practice, we will issue appropriate instructions to U.S. Customs and Border Protection (CBP) based on our final results.

##### Changes Since the Preliminary Results

Based on the comments received from interested parties regarding our *Preliminary Results*, we made certain changes to the margin calculation methodology used in the *Preliminary Results* and have changed the dumping margin for these final results of review, as discussed in the Issues and Decision Memorandum.

##### Rate for Non-Selected Respondents

The statute and Commerce's regulations do not address the establishment of a rate to be applied to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a market economy investigation, for guidance when calculating the rate for companies which were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally “an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero and *de minimis* margins, and any margins determined entirely {on the basis of facts available}.”

In this review, we preliminarily calculated a weighted-average dumping margin for Region that is not zero, *de minimis*, or determined entirely on the basis of facts available, but calculated a

weighted-average dumping margin for Inmax that is zero.<sup>7</sup> For the final results, we continue to calculate a weighted-average dumping margins for Region that is not zero, *de minimis*, or determined entirely on the basis of facts available and a weighted-average dumping margin for Inmax that is zero. Accordingly, consistent with our practice, for the final results of this review, we continue to assign the dumping margin determined for Region to the non-selected mandatory respondents. Therefore, the rate for non-selected respondents is 1.08 percent.

### Final Results of Review

We determine that the following weighted-average dumping margins exist for the period July 1, 2021, through June 30, 2022:

Producer/exporter	Estimated weighted-average dumping margin (percent)
Region International Co., Ltd./ Region System Sdn. Bhd .....	1.08
Inmax Sdn. Bhd./Inmax Industries Sdn. Bhd .....	0.00
Non-Selected Respondents <sup>8</sup> .....	1.08

### Disclosure of Calculations

Commerce intends to disclose the calculations performed for these final results within five days after the date of the public announcement of these final results, or if there is no public announcement, within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

### Assessment Rates

Commerce shall determine, and CBP shall assess, antidumping duties on all appropriate entries.<sup>9</sup> For any individually examined respondents whose weighted-average dumping margin is above *de minimis*, we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the importer's examined sales to the total entered value of those same sales, in accordance with 19 CFR 351.212(b)(1). Upon issuance of the final results of this administrative review, if

any importer-specific assessment rates calculated in the final results are above *de minimis* (*i.e.*, at or above 0.5 percent), Commerce will issue instructions directly to CBP to assess antidumping duties on appropriate entries.

To determine whether the duty assessment rates covering the period were *de minimis*, in accordance with the requirement set forth in 19 CFR 351.106(c)(2), we calculated importer (or customer)-specific *ad valorem* rates by aggregating the amount of dumping calculated for all U.S. sales to that importer or customer and dividing this amount by the total entered value of the sales to that importer (or customer). Where an importer (or customer)-specific *ad valorem* rate is greater than *de minimis*, and the respondent has reported reliable entered values, we will apply the assessment rate to the entered value of the importer/customer's entries during the POR.

For the companies identified in Appendix II that were not selected for individual examination, we will instruct CBP to liquidate entries at the rates established in these final results of review.

For entries of subject merchandise during the POR produced by any of these companies for which they did not know their merchandise was destined for the United States, we will instruct CBP to liquidate such entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.<sup>10</sup>

Commerce intends to issue appropriate assessment instructions directly to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

### Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication in the **Federal Register** of the notice of these final results for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2) of the Act: (1) the cash deposit rate for companies subject to this review will be equal to the company-specific weighted-average dumping margin

established in the final results of the review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the producer has been covered in a prior completed segment of this proceeding, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 2.66 percent, the all-others rate established in the less-than-fair-value investigation.<sup>11</sup> These cash deposit requirements, when imposed, shall remain in effect until further notice.

### Notification to Importers Regarding the Reimbursement of Duties

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

### Administrative Protective Order

This notice also serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

### Notification to Interested Parties

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221.

<sup>7</sup> See *Preliminary Results*.

<sup>8</sup> See Appendix II for the list of non-selected respondents.
