FOR FURTHER INFORMATION CONTACT: Mr. Omar Elkassed, (213) 894-6718, Office of Stewardship, Oversight, and Program Management, Federal Highway Administration, Department of Transportation, 888 South Figueroa Street, Suite 440, Los Angeles, CA 90017. Office hours are from 7 a.m. to 4 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION: The comments and FHWA's responses to the 60-day notice published October 31, 2023 at 88 FR 74557 are below:

- Virginia Department of Transportation (VDOT)

○ Whether the proposed collection is necessary for the FHWA's performance:

- The Fiscal Management Information System (FMIS), which generates the project agreement, contains a PREFIX Field, which is established at the onset of a project on the state's allocation. As estimates are updated, multiple fund sources can be added to a project at the state's discretion; however, the PREFIX field is not required to be revised as additional federal funding sources are added. VDOT therefore recommends that the PREFIX Field be removed from FMIS, as it does not appear to serve any purpose from the state's perspective.

- *Response:* The prefix field on the project detail screen is an optional field and will not prevent you from obligating funds.

○ The accuracy of the estimated burdens:

- Based on the complexity and the phase of project data required, Virginia averages an estimated 1.0 to 1.5 how-s to complete a project agreement.

- *Response:* Thank you for your input on the estimated duration to complete a project agreement in Virginia. The estimated burdens hours in the notice is based on nationwide average.

○ Ways for the FHWA to enhance the quality, usefulness and clarity of the collected information.

- VDOT recommends that FHWA develop additional standard reports for states to utilize on data fields in FMIS for analysis of data as needed. That would save time so that states would not have to create reports on their own using the Business Objects tool within FMIS. Additionally, it would ensure that all states are consistently reporting data from the same source in response to FHWA requests.

- *Response:* FMIS has a set of standard reports in the Reports module in FMIS and a set of Resource Center and developer created reports in Business Objects under the following Public Folders: BUGS University—Help, Delphi Reporting Tool (DRT), and FMIS5. If your state would like assistance to develop specific reports for your state, you may reach out to the FDAT for assistance.

○ Ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information

- VDOT recommends that FHWA provide clearer communication to states when/if FHWA updates FMIS in order to allow states sufficient time to update their IT requirements/recode data for FHWA's Electronic Data System (EDS).

- *Response:* In September 2023, we extended the FMIS system change notification period to states from 60-
