The filings are accessible in the  
Commission's eLibrary system ([https://  
elibrary.ferc.gov/idmws/search/fercgen  
search.asp](https://elibrary.ferc.gov/idmws/search/fercgensearch.asp)) by querying the docket  
number.

Any person desiring to intervene, to  
protest, or to answer a complaint in any  
of the above proceedings must file in  
accordance with Rules 211, 214, or 206  
of the Commission's Regulations (18  
CFR 385.211, 385.214, or 385.206) on or  
before 5:00 p.m. Eastern time on the  
specified comment date. Protests may be  
considered, but intervention is  
necessary to become a party to the  
proceeding.

eFiling is encouraged. More detailed  
information relating to filing  
requirements, interventions, protests,  
service, and qualifying facilities filings  
can be found at: [http://www.ferc.gov/  
docs-filing/efiling/filing-req.pdf](http://www.ferc.gov/docs-filing/efiling/filing-req.pdf). For  
other information, call (866) 208–3676  
(toll free). For TTY, call (202) 502–8659.

The Commission's Office of Public  
Participation (OPP) supports meaningful  
public engagement and participation in  
Commission proceedings. OPP can help  
members of the public, including

landowners, environmental justice  
communities, Tribal members and  
others, access publicly available  
information and navigate Commission  
processes. For public inquiries and  
assistance with making filings such as  
interventions, comments, or requests for  
rehearing, the public is encouraged to  
contact OPP at (202) 502–6595 or [OPP@  
ferc.gov](mailto:OPP@ferc.gov).

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. CP23–513–000]

#### Port Arthur Pipeline, LLC; Notice of Availability of the Environmental Assessment for the Proposed Louisiana Connector Pipeline Amendment

The staff of the Federal Energy  
Regulatory Commission (FERC or  
Commission) has prepared an  
environmental assessment (EA) for the  
Louisiana Connector Pipeline  
Amendment, proposed by Port Arthur  
Pipeline, LLC (PAPL) in the above-  
referenced docket. PAPL requests  
authorization to make modifications to  
its previously authorized Louisiana  
Connector Project pipeline, construction  
footprint, and installation methods in 38  
locations. The Louisiana Connector  
Project was approved by the  
Commission on April 18, 2019, in  
Docket No. CP18–7–000.

The EA assesses the potential  
environmental effects of the  
construction and operation of the  
Louisiana Connector Pipeline  
Amendment in accordance with the  
requirements of the National  
Environmental Policy Act (NEPA). The  
FERC staff concludes that approval of  
the proposed amendment, with  
appropriate mitigating measures, would  
not constitute a major Federal action  
significantly affecting the quality of the  
human environment.

The U.S. Army Corps of Engineers  
participated as a cooperating agency in  
the preparation of the EA. Cooperating  
agencies have jurisdiction by law or  
special expertise with respect to  
resources potentially affected by the  
proposal and participate in the NEPA  
analysis.

The proposed amended facilities are  
specific to 38 locations in Jefferson

County, Texas and Cameron, Calcasieu,  
Beauregard, and Allen Parishes,  
Louisiana (between milepost 0 and  
milepost 82.5), as detailed below:

- modifications to pipeline routes,  
construction methods, horizontal  
directional drill (HDD) entry points, and  
additional temporary workspaces to  
accommodate landowner requests,  
reduce environmental impacts, avoid  
newly identified non-PAPL pipelines  
and new structures, and allow for safe  
construction access;

- shifting of pipeline permanent  
easements to abut other existing  
easements;

- addition and modification of access  
roads for HDD construction and  
inspection;

- modification of storage and staging  
areas to utilize areas that were recently  
and permanently impacted by other  
parties;

- modification of access roads due to  
obstructions and removal of access  
roads no longer required;

- modification to water approaches to  
use existing boat ramp/dock  
improvements;

- relocation of mainline valves to  
facilitate operations and maintenance,  
provide for safer road access, and access  
to power and communication facilities;

- modification of three waterbody  
crossings methods from open cut to an  
HDD as requested by the U.S. Army  
Corps of Engineers;

- combination, in two locations, of  
multiple HDDs into a single HDD to  
avoid an open-cut crossing and  
eliminate an HDD; and

- modification of HDD alignments to  
avoid conflicts with potential future  
deeper canal depths.

The Commission mailed a copy of the  
*Notice of Availability* of this EA to  
Federal, State, and local government  
representatives and agencies; elected  
officials; environmental and public  
interest groups; Native American tribes;  
potentially affected landowners and  
other interested individuals and groups;  
and newspapers and libraries in the  
amended project area. The EA is only  
available in electronic format. It may be  
viewed and downloaded from the  
FERC's website ([www.ferc.gov](http://www.ferc.gov)), on the  
natural gas environmental documents  
page ([https://www.ferc.gov/industries-  
data/natural-gas/environment/  
environmental-documents](https://www.ferc.gov/industries-data/natural-gas/environment/environmental-documents)). In addition,  
the EA may be accessed by using the  
eLibrary link on the FERC's website.  
Click on the eLibrary link ([https://  
elibrary.ferc.gov/eLibrary/search](https://elibrary.ferc.gov/eLibrary/search)), select  
“General Search” and enter the docket  
number in the “Docket Number” field,  
excluding the last three digits (*i.e.*,  
CP23–513). Be sure you have selected

an appropriate date range. For assistance, please contact FERC Online Support at [FercOnlineSupport@ferc.gov](mailto:FercOnlineSupport@ferc.gov) or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659.

The EA is not a decision document. It presents Commission staff's independent analysis of the environmental issues for the Commission to consider when addressing the merits of all issues in this proceeding. Any person wishing to comment on the EA may do so. Your comments should focus on the EA's disclosure and discussion of potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. The more specific your comments, the more useful they will be. To ensure that the Commission has the opportunity to consider your comments prior to making its decision on this amendment, it is important that we receive your comments in Washington, DC, on or before 5:00 p.m. Eastern Time on March 4, 2024.

For your convenience, there are three methods you can use to file your comments to the Commission. The Commission encourages electronic filing of comments and has staff available to assist you at (866) 208-3676 or [Ferc OnlineSupport@ferc.gov](mailto:FercOnlineSupport@ferc.gov). Please carefully follow these instructions so that your comments are properly recorded.

(1) You can file your comments electronically using the eComment feature on the Commission's website ([www.ferc.gov](http://www.ferc.gov)) under the link to FERC Online. This is an easy method for submitting brief, text-only comments on a project;

(2) You can also file your comments electronically using the eFiling feature on the Commission's website ([www.ferc.gov](http://www.ferc.gov)) under the link to FERC Online. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "eRegister." You must select the type of filing you are making. If you are filing a comment on a particular project, please select "Comment on a Filing"; or

(3) You can file a paper copy of your comments by mailing them to the Commission. Be sure to reference the amended project docket number (CP23-513-000) on your letter. Submissions sent via the U.S. Postal Service must be addressed to: Debbie-Anne A. Reese, Acting Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Debbie-Anne A.

Reese, Acting Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, MD 20852.

Filing environmental comments will not give you intervenor status, but you do not need intervenor status to have your comments considered. Only intervenors have the right to seek rehearing or judicial review of the Commission's decision. At this point in this proceeding, the timeframe for filing timely intervention requests has expired. Any person seeking to become a party to the proceeding must file a motion to intervene out-of-time pursuant to Rule 214(b)(3) and (d) of the Commission's Rules of Practice and Procedures (18 CFR 385.214(b)(3) and (d)) and show good cause why the time limitation should be waived. Motions to intervene are more fully described at <https://www.ferc.gov/how-intervene>.

Additional information about the amendment is available from the Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC website ([www.ferc.gov](http://www.ferc.gov)) using the eLibrary link. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or [OPP@ferc.gov](mailto:OPP@ferc.gov).

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to <https://www.ferc.gov/ferc-online/overview> to register for eSubscription.
