**SUPPLEMENTARY INFORMATION:**

**I. Abstract**

The Technical Advisory Committees (TACs) were established to advise and assist the U.S. Government on export control matters. In managing the operations of the TACs, the Department of Commerce is responsible for implementing the policies and procedures prescribed in the Federal Advisory Committee Act. The Bureau of Industry and Security provides technical and administrative support for the TACs, such as scheduling a conference room, publishing TAC meeting notices in the **Federal Register**, circulating an agenda, copying documents, etc. The TACs advise the government on proposed revisions to export control lists, licensing procedures, assessments of the foreign availability of controlled products, and export control regulations.

**II. Method of Collection**

Supplement No. 2 to Part 730 of the Export Administration Regulations, states that any producers of articles, materials, or supplies, including technology, software, and other information, that are subject to export controls, or are being considered for such controls because of their significance to the national security of the United States, may request (via a letter or an attachment to an email) the Secretary of Commerce to establish a technical advisory committee. Such requests are sent to the Assistant Secretary of Export Administration.

**IV. Request for Comments**

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

**Electrolytic Manganese Dioxide From the People’s Republic of China: Final Results of Antidumping Duty Administrative Review; 2021–2022**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The U.S. Department of Commerce (Commerce) continues to determine that the sole respondent under review, Duracell (China) Limited (DCL), is not eligible for a separate rate and is therefore a part of the China-wide entity. The period of review (POR) is

October 1, 2021, through September 30, 2022.

**DATES:** Applicable February 9, 2024.

**FOR FURTHER INFORMATION CONTACT:** Krishna Hill or Luke Caruso, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4037 or (202) 482-2081, respectively.

**SUPPLEMENTARY INFORMATION:**

**Background**

On October 18, 2023, Commerce published in the **Federal Register** the preliminary results of the 2021–2022 administrative review of the antidumping duty order on electrolytic manganese dioxide from the People's Republic of China (China).<sup>1</sup> We invited interested parties to comment on the *Preliminary Results*. No parties commented on the *Preliminary Results*. Accordingly, the *Preliminary Results* remain unchanged in the final results of this review, and no decision memorandum accompanies this notice.

**Scope of the Order**<sup>2</sup>

The merchandise covered by the *Order* includes all manganese dioxide (MnO<sub>2</sub>) that has been manufactured in an electrolysis process, whether in powder, chip, or plate form. Excluded from the scope are natural manganese dioxide (NMD) and chemical manganese dioxide (CMD). The merchandise subject to the *Order* is classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheading 2820.10.00.00. While the HTSUS subheading is provided for convenience and customs purposes, the written description of the scope of the *Order* is dispositive.

**Final Results of Review**

Consistent with the *Preliminary Results*, we continue to determine that the sole respondent under review, DCL, did not establish its eligibility for a separate rate and is part of the China-wide entity.

**Disclosure**

Because Commerce received no comments on the *Preliminary Results*, we have not modified our analysis and no decision memorandum accompanies

this **Federal Register** notice. We are adopting the *Preliminary Results* as the final results of this review. Consequently, there are no calculations to disclose in accordance with 19 CFR 351.224(b) for these final results.

**Assessment Rates**

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. No earlier than 35 days after the date of publication of this notice in the **Federal Register**, Commerce intends to instruct CBP to liquidate any entries of subject merchandise from DCL that entered the United States during the POR at the China-wide rate (*i.e.*, 149.92 percent). If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

**Cash Deposit Requirements**

The following cash deposit requirements will be effective upon publication of this notice in the **Federal Register** for all shipments of subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice, as provided by section 751(a)(2)(C) of the Act: (1) for any previously investigated or reviewed Chinese or non-Chinese exporter that has a separate rate, the cash deposit rate will continue to be the exporter's existing cash deposit rate; (2) for all Chinese exporters of subject merchandise that do not have a separate rate, including DCL, the cash deposit rate will be equal to the dumping margin assigned to the China-wide entity, which is 149.92 percent;<sup>3</sup> and (3) for all non-Chinese exporters of subject merchandise that do not have a separate rate, the cash deposit rate will be equal to the dumping margin applicable to the Chinese exporter(s) that supplied that non-Chinese exporter. These cash deposit requirements, when imposed, shall remain in effect until further notice.

**Notification to Importers**

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to

liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

**Administrative Protective Order**

This notice also serves as the only reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

**Notification to Interested Parties**

We are issuing and publishing the final results of this review in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.213(h) and 351.221(b)(5).

Dated: February 2, 2024.
