

vi. What are the limiting factors for the product's ability to meet criteria for BABA compliance? For example, are there components of these products for which it is hard to meet BABA requirements? Please describe each component separately and indicate approximately what percent of component value it represents.

2. Market Readiness

a. For all products specified in Topic 1(a), provide your observations on the current and near-term demand expected for these products or categories of products, using specific numbers where possible. Does this estimate of future demand consider the increased funding described above? Please explain.

b. Provide information regarding whether the current and/or near-term manufacturing capacity would be adequate to meet the expected market demand, citing specific numbers where possible. Please specify any factors helping or preventing the industry from meeting the expected demand today and in the near-term and provide information on the current and expected availability or unavailability of key components or sub-components of the product or category of products you specified. If applicable, please identify products where there is only one known domestic manufacturer prepared to meet Buy America requirements.

c. Are there factors that make it difficult to credibly respond to questions a and b of this section? If so, please describe the limitations in your analysis as specifically as possible.

d. Are there opportunities for innovation (e.g., products that are currently or potentially being developed in the U.S. that could offer improved performance or reduced costs to HUD stakeholders?). If so, what challenges and opportunities do you see to advancing this innovation? (For example, some products, such as heat pumps, offer lower life-cycle costs but higher initial costs; this change in cost structure may lead to purchasing challenges.)

3. Timing

a. Where known, for each product/category of products specified in Topic 1, specify the current range of expected product delivery timeframes. Are any existing supply chain delays applicable or anticipated for the product(s) or critical components of the product(s)?

b. Provide information, if available, on expected delivery timeframe outlooks through the near-term future. Provide information, if known, on whether current timing delivery

concerns are related to a temporary disruption.

c. Provide information on the current and expected near-term average customer delivery time.

d. Provide information regarding global supply chain constraints, local permitting, safety requirements and needs that may affect delivery timeframes or extend installation time. Provide any known information of products that are in the process of "onshoring" as a result of recent statutory, regulatory, or market changes.

4. Other Practical Considerations

Please specify any other considerations for HUD regarding production, products, systems, equipment, or components of products used in housing infrastructure.

5. BAP Compliance and Impact

HUD seeks input and recommendations on how to ensure compliance with BABA in the most efficient and cost-effective way. HUD is interested in answers to the following questions that will help inform Agency technical assistance and implementation:

a. What type of contractual language has been utilized to ensure compliance with the BAP? If contractual language has been utilized to ensure compliance with a Buy America requirement, when was it first added?

b. Are there existing mechanisms to determine qualified contractors that use American made iron, steel, manufactured products, or construction materials? Furthermore, how do recipients currently track contractor sourcing? What resources have been identified with respect to contractor sourcing with the adoption of a domestic content procurement preference or the BAP?

c. Is there a need for standard contractual provisions to deal with potential delays arising from BABA compliance? If there is a need for a product specific waiver, when would contractors know about the need?

d. What other Federal agency funding do you use to complete a HUD funded housing project?

e. What is the estimated impact of compliance with BAP on HUD assisted programs?

f. What is the current cost associated with the development, maintenance, and operation of affordable housing compliant with applicable HUD requirements? What is the estimate of the impact of the implementation of the BAP in connection with HUD-funded projects? Examples of specific products would be especially helpful here.

All information submitted will assist HUD in determining the extent to which additional guidance or other actions are necessary to facilitate the robust implementation of the BAP requirements across HUD's programs. Commenters should provide data and evidence to support their responses to the questions in this RFI.

Dated: February 7, 2024.

Marcia L. Fudge,

Secretary.

BILLING CODE 4210-67-P

INSTITUTE OF AMERICAN INDIAN AND ALASKA NATIVE CULTURE AND ARTS DEVELOPMENT

Request for Nominations to the Board of Trustees

AGENCY: Institute of American Indian and Alaska Native Culture and Arts Development (aka Institute of American Indian Arts).

ACTION: Notice; request for nominations.

SUMMARY: The Board directs the Administration of the Institute of American Indian and Alaska Native Culture and Arts Development, including soliciting, accepting, and disposing of gifts, bequests, and other properties for the benefit of the Institute. The Institute provides scholarly study of and instruction in Indian art and culture and establishes programs which culminate in the awarding of degrees in the various fields of Indian art and culture. The Board consists of thirteen members appointed by the President of the United States, by and with the consent of the U.S. Senate, who are American Indians or persons knowledgeable in the field of Indian art and culture. This notice requests nominations to fill five expiring terms on the Board of Trustees.

ADDRESSES: Institute of American Indian Arts, 83 Avan Nu Po Road, Santa Fe, New Mexico 87508.

FOR FURTHER INFORMATION CONTACT: Dr. Robert Martin, President, 505-424-2301.

Dated: January 30, 2024.

Robert Martin,

President.
