Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The Training Program provides grants to train the

staff and leadership personnel employed in, participating in, or preparing for employment in, projects funded under the Federal TRIO Programs, to improve project operation.

Priorities: This notice contains six absolute priorities and one invitational priority. In accordance with 34 CFR 75.105(b)(2)(iv) and 34 CFR 75.105(b)(2)(ii), the absolute priorities are from section 402G(b) of the Higher Education Act of 1965, as amended (HEA), and the regulations for this program at 34 CFR 642.24. The invitational priority is intended to address mental health challenges faced by project directors and employees of TRIO projects by providing training and informational resources to support their mental health.

Absolute Priorities: For FY 2024 and any subsequent year in which we make awards from the list of unfunded applications from this competition, these priorities are absolute priorities. Under 34 CFR 75.105(c)(3), we consider only applications that meet one of these absolute priorities.

In accordance with 34 CFR 642.7, each application must clearly identify the specific absolute priority for which a grant is requested. An applicant must submit a separate application for each absolute priority it proposes to address. If an applicant submits more than one application for the same absolute priority, we will accept only the application with the latest “date/time received” validation.

These priorities are:

Absolute Priority 1: Training to improve reporting of student and project performance and project evaluation, in order to design and operate a model program for projects funded under the Federal TRIO Programs.

Absolute Priority 2: Training on budget management and the statutory and regulatory requirements for the operation of projects funded under the Federal TRIO Programs.

Absolute Priority 3: Training on assessment of student needs; retention and graduation strategies; and the use of appropriate educational technology in the operation of projects funded under the Federal TRIO programs.

Absolute Priority 4: Training on assisting students in receiving adequate financial aid from programs assisted under title IV of the HEA and from other programs, and on college and university admissions policies and procedures.

Absolute Priority 5: Training on strategies for recruiting and serving hard to reach populations, including students who are limited English proficient, students from groups that are traditionally underrepresented in

postsecondary education, students with disabilities, students who are homeless children and youths (as this term is defined in section 725 of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11434a)), students who are foster care youth, or other disconnected students.

Absolute Priority 6: Training on general project management for new project directors.

Invitational Priority: For FY 2024 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is an invitational priority. Under 34 CFR 75.105(c)(1), we do not give an application that meets this invitational priority a competitive or absolute preference over other applications.

Background: According to the Occupational Safety and Health Administration (OSHA), stress can be harmful to our health and increase mental health challenges.¹ While there are many things in life that induce stress, work can be one of those factors. The World Health Organization reported in 2022 that 83 percent of U.S. workers suffer from work-related stress and 54 percent of workers report that work stress affects their home life.² Studies indicate the COVID-19 pandemic exacerbated the issue.³

The workplace can be a key place for resources, solutions, and activities designed to improve mental health and well-being.⁴ The TRIO workplace provides an opportunity to provide needed supports and resources. Through this invitational priority, the Department encourages applicants to provide critical support to assist TRIO staff.

Priority:

Training on mental health supports for TRIO project directors and staff.

Program Authority: 20 U.S.C. 1070a-11 and 1070a-17.

Note: Projects will be awarded and must be operated in a manner consistent with the nondiscrimination requirements contained in Federal civil rights laws.

For more information regarding training indirect cost rates, see 34 CFR 75.562. For more information regarding indirect costs, or to obtain a negotiated indirect cost rate, please see www2.ed.gov/about/offices/list/ocfo/intro.html.

4. *Recommended Page Limit:* The application narrative (Part III of the application) is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. We recommend that you (1) limit the application narrative, which includes the budget narrative and invitational priority, if addressed, to no more than 55 pages and (2) use the following standards:

- A “page” is 8.5” × 11”, on one side only, with 1” margins.
- Double space all text in the application narrative, and single space titles, headings, footnotes, quotations, references, and captions.
- Use a 12-point font.

The recommended page limit does not apply to Part I, the Application for Federal Assistance face sheet (SF 424); Part II, the Budget Information Summary form (ED Form 524); Part III–A, the Program Profile form; Part III–B, the one-page Project Abstract form; or Part IV, the Assurances and Certifications. The recommended page limit also does not apply to a table of contents, which we recommend that you include in the application narrative.

5. *Content and Form of Application Submission:* You must indicate the absolute priority addressed in your application both on the one-page abstract and on the Training Program Profile Sheet. You must include your complete response to the selection criteria and absolute priority in the application narrative. Other requirements concerning the content of an application, together with the forms you must submit, are in the application package for this program.

Note: For Selection Criterion (b), Quality of key personnel, applicants are encouraged to include in their application that they are committed to paying their trainers a living wage for the local area and providing benefits.

2. *Review and Selection Process:* We remind potential applicants that in

reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

For this competition, a panel of non-Federal reviewers will review each application in accordance with the selection criteria in 34 CFR 642.21 and 34 CFR 75.210. The individual scores of the reviewers will be added and the sum divided by the number of reviewers to determine the peer review score received in the review process. Additionally, in accordance with 34 CFR 642.22, the Secretary will award up to 15 prior experience points to eligible applicants by evaluating the applicant's current performance under its expiring Training Program grant. Pursuant to 34 CFR 642.20(d), if there are insufficient funds to fund all applications with the same peer review score within a particular absolute priority, prior experience points, if any, will be added to the averaged peer review score to determine the total score for each application.

Under section 402A(c)(3) of the HEA, the Secretary is not required to make awards under the Training Program in the order of the scores received. Additionally, under 34 CFR 642.23, the Secretary, to the greatest extent possible, makes Training Program awards to projects that will provide training services in all regions of the Nation in order to assure accessibility for prospective training participants, in accordance with the criteria described below.

In the event a tie score still exists after applying prior experience points, the Secretary will select for funding the applicant that has the greatest capacity to provide training to eligible participants in all regions of the Nation, in order to assure accessibility to the greatest number of prospective training participants, consistent with 34 CFR 642.20(e). If it is determined that all tied applicants have equal capacity to provide training to eligible participants

in all regions of the Nation, the Secretary will identify and recommend an award for—

First, the applicant in the funding band that is from an entity receiving the least amount of funding under any of the other absolute priorities.

Second, the applicant with the highest average score across all applications.

Third, if there is more than one application with the same score and insufficient funding to support these applications after tie-breaker 1 and tie-breaker 2 have been implemented, the applicant proposing to serve the greatest number of participants through both their on-site and online trainings will be the final application identified and recommended to receive an award.

3. Risk Assessment and Specific Conditions: Consistent with 2 CFR 200.206, before awarding grants under this program the Department conducts a review of the risks posed by applicants. Under 2 CFR 200.208, the Secretary may impose specific conditions and, under 2 CFR 3474.10, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

4. Integrity and Performance System: If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently \$250,000), under 2 CFR 200.206(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds \$10,000,000, the reporting requirements in 2 CFR part 200, appendix XII, require you to report certain integrity information to FAPIS semiannually. Please review the requirements in 2 CFR

part 200, appendix XII, if this grant plus all the other Federal funds you receive exceed \$10,000,000.

5. In General: In accordance with the Office of Management and Budget's guidance located at 2 CFR part 200, all applicable Federal laws, and relevant Executive guidance, the Department will review and consider applications for funding pursuant to this notice inviting applications in accordance with:

(a) Selecting recipients most likely to be successful in delivering results based on the program objectives through an objective process of evaluating Federal award applications (2 CFR 200.205);

(b) Prohibiting the purchase of certain telecommunication and video surveillance services or equipment in alignment with section 889 of the National Defense Authorization Act of 2019 (Pub. L. 115–232) (2 CFR 200.216);

(c) Providing a preference, to the extent permitted by law, to maximize use of goods, products, and materials produced in the United States (2 CFR 200.322); and

(d) Terminating agreements in whole or in part to the greatest extent authorized by law if an award no longer effectuates the program goals or agency priorities (2 CFR 200.340).

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we will notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Open Licensing Requirements: Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing

works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. Reporting:(a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

5. Performance Measures: For purposes of Department reporting under 34 CFR 75.110, the Department will use the following performance measures to assess the effectiveness and quality of the Training Program:

(1) Its cost-effectiveness based on the number of TRIO project personnel receiving training each year;

(2) The percentage of Training Program participants that, each year, indicate the training has increased their qualifications and skills in meeting the needs of disadvantaged students; and

(3) The percentage of Training Program participants that, each year, indicate the training has increased their knowledge and understanding of the Federal TRIO Programs. All grantees will be required to include in their annual performance report project data documenting their success in training personnel working on TRIO-funded projects, including the average cost per trainee and the trainees' evaluations of the effectiveness of the training provided. The success of the Training Program also is assessed on the

quantitative and qualitative outcomes of the training projects based on project evaluation results.

6. *Continuation Awards:* In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, whether the grantee has made substantial progress in achieving the performance targets in the grantee's approved application.

In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

Abstract: Section 428B(a)(1)(A) of the Higher Education Act of 1965, as amended (HEA), provides that to be eligible to receive a Federal PLUS Loan under the Federal Family Education Loan (FFEL) Program, the applicant must not have an adverse credit history, as determined pursuant to regulations promulgated by the Secretary. In accordance with section 455(a)(1) of the HEA, this same eligibility requirement applies to applicants for PLUS loans under the Direct Loan Program. Since July 1, 2010, there have been no new FFEL Program loans originated and the Direct Loan Program is the only Federal loan program that offers Federal PLUS Loans.

The adverse credit history section of the eligibility regulations in 34 CFR 685.200(b) and (c) were updated in 2014 by the Department of Education (the Department) when a review of and a change to the regulations was made.
