

positions). These are enabled through configured definitions within the Siebel repository and administered data within the Siebel database. For example, a configured workflow might indicate that when an application is set to a specific status, an email should be sent to the lender. All components (except for very specific web pages) are maintained behind the HUD firewall and controls for securing those components are documented in the GSS. Records in the LEAP system have not run past its retention time. Per the Records Inventory Worksheet FY24, the LEAP Records are held for an indefinite period. Records in this system are housed in the LEAP database.
