**SUPPLEMENTARY INFORMATION:** The Lender Electronic Assessment Portal (LEAP) is an internet-facing mechanism for organizations who wish to become approved Federal Housing Administration lenders. For prospective lenders, custom pages are presented as part of [hud.gov](http://hud.gov) o allow the lender to register interim credentials and respond to information requests. The only function accessible without authentication is registration and once registered the only function available is applying to be an approved lender. Office of Lender Activities and Program Compliance (OLAPC) staff access LEAP using internet Explorer. None of the functions are available to OLAPC personnel without authentication (against the HUD directory) and privileges (as responsibilities and

positions). These are enabled through configured definitions within the Siebel repository and administered data within the Siebel database. For example, a configured workflow might indicate that when an application is set to a specific status, an email should be sent to the lender. All components (except for very specific web pages) are maintained behind the HUD firewall and controls for securing those components are documented in the GSS. Records in the LEAP system have not run past its retention time. Per the Records Inventory Worksheet FY24, the LEAP Records are held for an indefinite period. Records in this system are housed in the LEAP database.
