SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the

information collection described in Section A.

The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on September 29, 2023 at 88 FR 67336.

A. Overview of Information Collection

Title of Information Collection: Study of Assessing CDBG-DR and Disaster Recovery Outcomes of Renter Household.

OMB Approval Number: 2528-New.
Type of Request: New collection.
Form Number: N/A.

Description of the need for the information and proposed use: The Office of Policy Development and Research (PD&R), at the U.S. Department of Housing and Urban Development (HUD), is proposing the collection of information for the HUD-DR CDBG Disaster Recovery Outcomes of Renter Households Cooperative Agreement.

The goal of this research is to improve disaster recovery effectiveness for renter households by examining the disaster recovery outcomes of renter households and rental housing stock in places that received Community Development Block Grant-Disaster Recovery grants (CDBG-DR). This research is expected to help the Federal government, states, and communities throughout the United States improve disaster recovery effectiveness for renter households by

providing information about how disaster recovery programs funded through CDBG–DR have different impacts on renters and homeowners, and how disasters impact affordable rental housing stock over time. This research will be used to assess renter outcomes, barriers to accessing recovery resources, and mechanisms of Federal and local implementation of CDBG–DR grants. Results from this study will support HUD in identifying opportunities for changes to legislation,

policy and program implementation in disaster recovery to improve outcomes for renters.

This **Federal Register** Notice provides an opportunity to comment on the information collection for this study titled HUDRD CDBG Disaster Recovery Outcomes of Renter Households. The information collection is designed to support the study of disaster outcomes on renters, including to better understand CDBG–DR allocations across housing tenure, specifically for renters,

identify successful processes with corresponding outcomes for rental housing recovery aid programs and translate this research into actionable programmatic recommendations with appropriate timelines, policy making and implementation changes to improve these outcomes. The study includes a survey, interviews and focus groups in communities that have received CDBG–DR funding.
