Copies of this notice may be obtained in alternative formats (large print, braille, audio recording) upon request by calling the numbers listed above.

SUPPLEMENTARY INFORMATION:

I. *Background:* OFCCP administers and enforces the three equal employment opportunity authorities listed below:

- Executive Order 11246, as amended (E.O. 11246);
- Section 503 of the Rehabilitation Act of 1973, as amended (Section 503); and

- Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended (VEVRAA).

These authorities prohibit employment discrimination by Federal contractors and subcontractors and require them to take affirmative action to ensure that equal employment opportunities are available regardless of race, color, religion, sex, sexual orientation, gender identity, national origin, disability, or status as a protected veteran. Additionally, Federal contractors and subcontractors are prohibited from discriminating against applicants and employees for asking about, discussing, or sharing information about their pay or, in certain circumstances, the pay of their co-workers.

E.O. 11246 applies to Federal contractors and subcontractors and to federally assisted construction contractors holding a Government contract in excess of \$10,000, or Government contracts that have, or can reasonably be expected to have, an aggregate total value exceeding \$10,000 in a 12-month period. E.O. 11246 also applies to government bills of lading, depositories of Federal funds in any amount, and to financial institutions that are issuing and paying agents for U.S. savings bonds.

Section 503 prohibits Federal contractors and subcontractors from discriminating in employment against individuals with disabilities. It also requires Federal contractors and subcontractors to take affirmative action to ensure equal employment opportunity for individuals with disabilities. The Section 503 requirements apply to businesses with a direct Federal construction contract of more than \$15,000. If the construction contractor has at least 50 employees and a single contract of \$50,000 or more, then it must also develop a Section 503 affirmative action program (AAP), as described in 41 CFR 60-741, subpart C.

VEVRAA prohibits Federal contractors and subcontractors from discriminating in employment against protected veterans. It also requires Federal contractors and subcontractors to take affirmative action to ensure equal employment opportunity for protected veterans. The VEVRAA requirements apply to businesses with a direct Federal construction contract of \$150,000 or more. If the construction contractor has at least 50 employees and a single contract of \$150,000 or more, then it must also develop a VEVRAA AAP, as described in 41 CFR 60-300, subpart C.

This information collection request (ICR) seeks a reinstatement with change

of the Monthly Employment Utilization Report (CC-257). The CC-257 is a form that covered construction contractors previously submitted to OFCCP on a monthly basis and included information on employee work hours by race/ethnicity, gender, and trade in the covered area. With the proposed CC-257, construction contractors will provide information on employee work hours and employee count by race/ethnicity, gender, and trade in the covered area. With this information collection, OFCCP can strengthen its construction program by using the collected information to inform compliance assistance efforts and track the progress of contractor's outreach efforts and the agency's Megaproject Program. The collected information can also improve OFCCP's scheduling of compliance evaluations of covered construction contractors, as the reports will provide relevant information on which projects are currently active and current employee counts.

II. Review Focus: OFCCP is particularly interested in comments that:

- Evaluate the proposed reinstatement of the CC-257 and the proposed changes to the CC-257;
- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

III. Current Actions: OFCCP seeks the approval of this information collection in order to carry out its responsibility to enforce the nondiscrimination and affirmative action provisions of the three authorities it administers.

SUPPLEMENTARY INFORMATION: The Department of Labor's Employee Benefits Security Administration (EBSA) maintains a program designed to provide education and technical assistance to participants and beneficiaries as well as to employers, plan sponsors, and service providers related to their health and retirement plan benefits. EBSA assists participants in understanding their rights, responsibilities, and benefits under employee benefit law and intervenes informally on their behalf with the plan sponsor in order to assist them in obtaining the health and retirement benefits to which they may have been inappropriately denied, which can avert the necessity for a formal investigation or a civil action. EBSA maintains a toll-free telephone number through which inquirers can reach Benefits Advisors in ten Regional Offices. EBSA has also made a request for assistance form available on its website for those wishing to obtain assistance in this manner. Contact with EBSA is entirely voluntary.

The collection of information is an intake form for assistance requests from the public. This information includes the plan type, broad categories of problem type, contact information for responsible parties, and a mechanism for the inquirer to attach relevant documents. Summary data from the existing intake form has also been used, in accordance with section 513 of ERISA, to respond to requests for information regarding employee benefit plans from members of Congress and governmental oversight entities, and to inform the policy formulation process. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on August 25, 2023 (88 FR 58312).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an

information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOL notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.
