

Applicant: San Antonio Zoo, San Antonio, TX; Permit No. PER7750719

The applicant requests a permit to export one live, captive-born black-and-white ruffed lemur (*Varecia variegata variegata*) to Zoo de Granby, Quebec, Canada, for the purpose of enhancing the propagation or survival of the species. This notification is for a single export.

Applicant: Duke University Lemur Center, Durham, NC; Permit No. PER779033

The applicant requests authorization to export one live, captive-born black-and-white ruffed lemur (*Varecia variegata variegata*) to Zoo de Granby, Quebec, Canada, for the purpose of enhancing the propagation or survival of the species. This notification is for a single export.

Applicant: Smithsonian Conservation Biology Institute, Front Royal, VA; Permit No. PER7835252

The applicant requests an amendment to a previously issued permit to export live, captive-born Japanese (red-crowned) crane (*Grus japonensis*) Assiniboine Park Zoo in Manitoba, Canada, for the purpose of enhancing the propagation or survival of the species. The amendment will increase the number of individuals requested from one crane to two cranes. This notification is for a single export.

Applicant: Busch Gardens, Tampa, FL; Permit No. PER7485063

The applicant requests a captive-bred wildlife registration under 50 CFR 17.21(g) for the following species, to enhance the propagation or survival of the species. This notification covers activities to be conducted by the applicant over a 5-year period.

Common name	Scientific name
Black rhino	<i>Diceros bicornis.</i>
Southern white rhinoceros.	<i>Ceratotherium simum simum.</i>
African slender-snouted crocodile.	<i>Crocodylus cataphractus.</i>
Asian elephant	<i>Elephas maximus.</i>
Cheetah	<i>Acinonyx jubatus.</i>
Tiger	<i>Panthera tigris.</i>
Gorilla	<i>Gorilla gorilla.</i>
Orangutan	<i>Pongo pygmaeus.</i>
Chimpanzee	<i>Pan troglodytes.</i>
Red-fronted lemur	<i>Eulemur rufus.</i>
Ring-tailed lemur	<i>Lemur catta.</i>
Red-ruffed lemur	<i>Varecia rubra.</i>
Grevy's zebra	<i>Equus grevyi.</i>
African penguin	<i>Spheniscus demersus.</i>
Komodo dragon	<i>Varanus komodoensis.</i>

Applicant: Henry Vilas Zoo, Madison, WI; Permit No. PER7746895

The applicant requests to amend their captive-bred wildlife registration under 50 CFR 17.21(g) to remove the Bactrian camel (*Camelus bactrianus*). This notification is for a single amendment.

IV. Next Steps

After the comment period closes, we will make decisions regarding permit issuance. If we issue permits to any of the applicants listed in this notice, we will publish a notice in the **Federal Register**. You may locate the notice announcing the permit issuance by searching <https://www.regulations.gov> for the permit number listed above in this document. For example, to find information about the potential issuance of Permit No. 12345A, you would go to [regulations.gov](https://www.regulations.gov) and search for "12345A".

V. Authority

We issue this notice under the authority of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*), and its implementing regulations.

Timothy MacDonald,
Government Information Specialist, Branch of Permits, Division of Management Authority.

BILLING CODE 4333-15-P

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[Docket No. BOEM-2024-0011]

Notice of Availability of a Final Environmental Impact Statement for Park City Wind LLC's Proposed New England Wind Farm Offshore Massachusetts, Rhode Island, and New York

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice of availability; final environmental impact statement.

SUMMARY: The Bureau of Ocean Energy Management (BOEM) announces the availability of the final environmental impact statement (FEIS) for Park City Wind LLC's (PCW) construction and operations plan (COP) for its proposed New England Wind Farm Project (Project) offshore Massachusetts, Rhode Island, and New York. The FEIS analyzes the potential environmental impacts of the Project as described in the COP (the proposed action) and the alternatives to the proposed action, including the no action alternative. The

FEIS will inform BOEM's decision whether to approve, approve with modifications, or disapprove the COP.

ADDRESSES: The FEIS and detailed information about the Project, including the COP, can be found on BOEM's website at: <https://www.boem.gov/renewable-energy/state-activities/new-england-wind-formerly-vineyard-wind-south>.

FOR FURTHER INFORMATION CONTACT: Lindy Nelson, BOEM Office of Renewable Energy Programs, 45600 Woodland Road, Sterling, Virginia 20166, (571) 789-6485 or lindy.nelson@boem.gov.

SUPPLEMENTARY INFORMATION:

Proposed Action: Park City Wind seeks approval to construct, operate, and maintain a wind energy facility and its associated export cables on the Outer Continental Shelf (OCS) offshore Massachusetts, Rhode Island, and New York. The Project would be developed within the range of design parameters outlined in the New England Wind COP, subject to the applicable mitigation measures.

The Project as proposed in the COP would be developed in two phases. The entire Project would include a combined maximum 130 wind turbine generators (WTGs) and electrical service platforms (ESPs, inter-array and inter-link cables connecting the individual WTGs and ESPs, five offshore export cables (two for phase I and three for phase II), onshore substations and interconnection cables connecting to the existing electrical grid in Massachusetts.

The WTGs, offshore substation, and inter-array cables would be located on the OCS approximately 32 kilometers (km) (20 miles) south of Martha's Vineyard and approximately 38 km (24 miles) southwest of Nantucket, within the area defined by Renewable Energy Lease OCS-A 0534. The Project would be adjacent to the Vineyard Wind 1 (VW1) project (OCS-A 0501). The environmental impact statement (EIS) evaluates the potential to utilize unused positions of the VW1 project that VW1 could reassign to the Project. The offshore export cables would be buried below the seabed surface in the OCS and State of Massachusetts-owned submerged lands. The onshore export cables, substations, and grid connections would be in Barnstable, MA.

Alternatives: BOEM considered 15 alternatives when preparing the draft EIS and carried forward three alternatives for further analysis in the FEIS. These three alternatives include the proposed action, one other action alternative, and the no action

alternative. Twelve alternatives were not analyzed in detail because they did not meet the purpose and need for the proposed action or did not meet screening criteria, which are presented in FEIS chapter 2. The screening criteria included consistency with law and regulations; technical and economic feasibility; environmental impacts; and geographic considerations.

Availability of the FEIS: The FEIS, New England Wind COP, and associated information are available on BOEM's website at: <https://www.boem.gov/renewable-energy/state-activities/new-england-wind-formerly-vineyard-wind-south>. BOEM has distributed digital copies of the FEIS to all parties listed in FEIS appendix M. If you would like a flash drive or paper copy, BOEM will provide one upon request, as long as supplies are available. You may request a flash drive or paper copy of the FEIS by contacting Lindy Nelson at 571-789-6485 or lindy.nelson@boem.gov.

Cooperating Agencies: The following Federal agencies and State governmental entities participated as cooperating agencies under the National Environmental Policy Act in the preparation of the FEIS: Bureau of Safety and Environmental Enforcement; U.S. Environmental Protection Agency; National Marine Fisheries Service; U.S. Army Corps of Engineers; U.S. Coast Guard; U.S. Fish and Wildlife Service; New York Department of State; Massachusetts Office of Coastal Zone Management; and Rhode Island Coastal Resources Management Council.

Consulting Parties: Twenty Federal agencies, Tribal Nations, State governmental entities, and organizations participated as consulting parties under the National Historic Preservation Act. The resolution of adverse effects to historic properties from the Project is recorded in a Memorandum of Agreement signed by the Director of BOEM, the Massachusetts State Historic Preservation Officer, the Advisory Council on Historic Preservation, and other invited and concurring signatories.

Authority: 42 U.S.C. 4231 *et seq.* (NEPA, as amended) and 40 CFR 1506.6.

Karen Baker,

Chief, Office of Renewable Energy Programs,
Bureau of Ocean Energy Management.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-365-366 and 731-TA-734-735 (Fifth Review)]

Certain Pasta From Italy and Turkey; Institution of Five-Year Reviews

AGENCY: International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice that it has instituted reviews pursuant to the Tariff Act of 1930 ("the Act"), as amended, to determine whether revocation of the antidumping and countervailing duty orders on certain pasta from Italy and Turkey would be likely to lead to continuation or recurrence of material injury. Pursuant to the Act, interested parties are requested to respond to this notice by submitting the information specified below to the Commission.

DATES: Instituted March 1, 2024. To be assured of consideration, the deadline for responses is April 1, 2024. Comments on the adequacy of responses may be filed with the Commission by May 8, 2024.

FOR FURTHER INFORMATION CONTACT: Alec Resch (202-708-1448), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-

impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for this proceeding may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—On July 24, 1996, the Department of Commerce ("Commerce") issued countervailing and antidumping duty orders on imports of certain pasta from Italy and Turkey (61 FR 38544). Commerce issued a continuation of the antidumping and countervailing duty orders on imports of certain pasta from Italy and Turkey following Commerce's and the Commission's first five-year reviews, effective November 16, 2001 (66 FR 57703), second five-year reviews, effective October 12, 2007 (72 FR 58052), third five-year reviews, effective September 17, 2013 (78 FR 57129), and fourth five-year reviews, effective April 17, 2019 (84 FR 16002). The Commission is now conducting fifth reviews pursuant to section 751(c) of the Act, as amended (19 U.S.C. 1675(c)), to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. Provisions concerning the conduct of this proceeding may be found in the Commission's Rules of Practice and Procedure at 19 CFR part 201, subparts A and B, and 19 CFR part 207, subparts A and F. The Commission will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct full or expedited reviews. The Commission's determinations in any expedited reviews will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to these reviews:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year reviews, as defined by Commerce.

(2) The *Subject Countries* in these reviews are Italy and Turkey.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in
