Public Availability of Comments

Written comments we receive become part of the administrative record associated with this action. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can request in your comment that we withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of be made available for public disclosure in their entirety.

Next Steps

If we decide to issue permits to any of the applicants listed in this notice, we will publish a notice in the **Federal Register**.

Authority

We publish this notice under section 10(c) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*).

Rachel Henry,

Acting Regional Ecological Services Program Manager, Pacific Southwest Region, Sacramento, California.

BILLING CODE 4333-15-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[BLM_ID_FRN_MO4500177867]

Call for Nominations to the Idaho Resource Advisory Council

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of call for nominations.

SUMMARY: The purpose of this notice is to request public nominations to the Bureau of Land Management (BLM) Idaho Resource Advisory Council (RAC). The RACs provide advice and recommendations to the BLM on land use planning and management of the National System of Public Lands within their geographic areas.

DATES: All nominations must be received no later than April 4, 2024.

ADDRESSES: Nominations and completed applications should be sent to the BLM office listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice.

FOR FURTHER INFORMATION CONTACT: MJ Byrne, BLM Idaho State Office, 1387 S. Vinnell Way, Boise, ID 83709; telephone: (208) 373-4006; email: mbyrne@blm.gov.

Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make

international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: The Federal Land Policy and Management Act (FLPMA) directs the Secretary of the Interior to involve the public in planning and addressing issues related to management of lands administered by the BLM. Section 309 of FLPMA (43 U.S.C. 1739) directs the Secretary to establish 10- to 15-member citizen-based advisory councils that are consistent with the Federal Advisory Committee Act (FACA). As required by FACA, RAC membership must be balanced and representative of the various interests concerned with the management of the public lands. The rules governing RACs are found at 43 CFR subpart 1784 and include the following three membership categories:

Category One—Holders of Federal grazing permits or leases within the area for which the RAC is organized; represent interests associated with transportation or rights-of-way; represent developed outdoor recreation, off-highway vehicle users, or commercial recreation activities; represent the commercial timber industry; or represent energy and mineral development.

Category Two—Representatives of nationally or regionally recognized environmental organizations; dispersed recreational activities; archaeological and historical interests; or nationally or regionally recognized wild horse and burro interest groups.

Category Three—Hold State, county, or local elected office; are employed by a State agency responsible for the

management of natural resources, land, or water; represent Indian Tribes within or adjacent to the area for which the RAC is organized; are employed as academicians in natural resource management or the natural sciences; or represent the affected public at large.

Individuals may nominate themselves or others. Nominees must be residents of the state of Idaho. The BLM will evaluate nominees based on their education, training, experience, and knowledge of the geographic area of the RAC. Nominees should demonstrate a commitment to collaborative resource decision-making.

The following must accompany all nominations:

- A completed RAC application, which can either be obtained through your local BLM office or online at: https://www.blm.gov/sites/blm.gov/files/1120-019_0.pdf
- Letters of reference from represented interests or organizations; and
- Any other information that addresses the nominee's qualifications.

Simultaneous with this notice, BLM Idaho will issue a press release providing additional information for submitting nominations.

Before including any address, phone number, email address, or other personal identifying information in the application, nominees should be aware this information may be made publicly available at any time. While the nominee may ask to withhold the personal identifying information from public review, the BLM cannot guarantee that it will be able to do so.

(Authority: 43 CFR 1784.4–1)

Karen Kelleher,

BLM Idaho State Director.

BILLING CODE 4331–19–P

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[OMB Control Number 1010–0057; Docket ID: BOEM–2023–0004]

Agency Information Collection Activities; Pollution Prevention and Control

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Bureau of Ocean Energy Management (BOEM) proposes this information collection request (ICR) to renew Office

of Management and Budget (OMB) control number 1010–0057.

DATES: Comments must be received by the OMB desk officer no later than April 4, 2024.

ADDRESSES: Submit your written comments on this ICR to the OMB's desk officer for the Department of the Interior at www.reginfo.gov/public/do/PRAMain. From the www.reginfo.gov/public/do/PRAMain landing page, find this information collection by selecting “Currently under Review—Open for Public Comments” or by using the search function. Please provide a copy of your comments by parcel delivery service or U.S. mail to the BOEM Information Collection Clearance Officer, Anna Atkinson, Bureau of Ocean Energy Management, 45600 Woodland Road, Sterling, Virginia 20166; or by email to anna.atkinson@boem.gov. Please reference OMB Control Number 1010–0057 in the subject line of your comments. You may also comment by searching the docket number “BOEM–2023–0004” at www.regulations.gov.

FOR FURTHER INFORMATION CONTACT:

Anna Atkinson by email at anna.atkinson@boem.gov, or by telephone at 703–787–1025. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside of the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, BOEM provides the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps BOEM assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand BOEM's information collection requirements and provide the requested data in the desired format.

Title of Collection: 30 CFR part 550, subpart C, “Pollution Prevention and Control.”

Abstract: This ICR concerns the paperwork requirements in the regulations at 30 CFR part 550, subpart C, “Pollution Prevention and Control.”

Section 5(a) of the Outer Continental Shelf Lands Act (OCSLA), as amended (43 U.S.C. 1334(a)), authorizes the Secretary of the Interior (Secretary) to prescribe rules and regulations to

manage the energy and mineral resources of the Outer Continental Shelf (OCS). Such rules and regulations apply to all operations conducted under a lease, right-of-use and easement, and pipeline right-of-way.

Section 5(a)(8) of OCSLA requires that regulations prescribed by the Secretary include provisions “for compliance with the national ambient air quality standards pursuant to the Clean Air Act (42 U.S.C. 7401 *et seq.*), to the extent that activities authorized under this subchapter significantly affect the air quality of any State.” This information collection renewal concerns information that is submitted to BOEM under 30 CFR part 550, subpart C, “Pollution Prevention and Control,” which implements section 5(a)(8), and under related notices to lessees and operators (NTLs), which clarify and provide additional, nonbinding guidance on aspects of the regulations. BOEM uses this information to inform its decisions on plan approval, to ensure operations are conducted according to all applicable regulations and plan conditions of approval, and to inform State and regional planning organizations' modeling efforts.

BOEM prepares an emission inventory every 3 years to help ensure that its regulations comply with section 5(a)(8) of OCSLA and to implement the requirements at 30 CFR 550.303(k) and 550.304(g). These emission inventories provide the essential input that BOEM needs to assess the impacts of OCS oil and gas activity on the States as mandated by OCSLA. Also, these inventories provide the States with essential information needed to perform their implementation plan demonstrations to the U.S. Environmental Protection Agency (EPA). Finally, these inventories provide operators with essential data for their mandatory reporting of greenhouse gases to the EPA.

BOEM began planning for the 2023 OCS emissions inventory by issuing NTL No. 2022–N01 on October 1, 2022. The NTL provided guidance to lessees and operators on submitting information about their facility operations, as required by OCSLA and BOEM's regulations, through BOEM's web-based emissions reporting tool, the Air Quality System (AQS). AQS allows operators to submit their facility activity data electronically into the system, instantaneously calculates monthly and annual emissions, assures and controls data quality, generates reports such as emission inventory reports, and creates data graphics including geographic information system maps for operators and BOEM. AQS makes it easy for users
