Estimated Annual Burden:

TABLE 1—SUMMARY OF ESTIMATED ANNUAL BURDEN

[OMB No. 3064-NEW]

Information collection (IC) (obligation to respond)	Type of burden (frequency of response)	Number of respondents	Number of responses per respondent	Time per response (HH:MM)	Annual burden (hours)
1. Visitor Notification form (Mandatory)	Recordkeeping (Annual)	598	1.087	00:15	163
Total Annual Burden (Hours)					163

Source: FDIC.

Note: The estimated annual IC time burden is the product, rounded to the nearest hour, of the estimated annual number of responses and the estimated time per response for a given IC. The estimated annual number of responses is the product, rounded to the nearest whole number, of the estimated annual number of respondents and the estimated annual number of responses per respondent. This methodology ensures the estimated annual burdens in the table are consistent with the values recorded in OMB's consolidated information system.

FDIC proposes to use the Visitor Notification form to collect biographical, passport (for foreign nationals), and employment information from certain¹ visitors to the FDIC in order to assess the risk to FDIC facilities and personnel. The FDIC will require certain visitors to FDIC facilities, including support staff and interpreters, to complete and submit the form. Interested members of the public may obtain a copy of the proposed Visitor Notification form at the following web page: https://www.fdic.gov/resources/ regulations/federal-registerpublications/2024/visitor-notificationform.pdf.

SUMMARY OF ESTIMATED ANNUAL BURDEN

[OMB No. 3064–0208]

Information collection (obligation to respond)	Type of burden (frequency of response)	Number of respondents	Number of responses per respondent	Time per response (HH:MM)	Annual burden (hours)

Total Annual Burden (Hours)					10

General Description of Collection: Part 382 of the FDIC regulations (part 382) is necessary to give effect to such crossdefault restrictions in the International Swaps and Derivatives Association, Inc. (ISDA) 2015 Universal Resolution Stay Protocol (ISDA Protocol). Part 382 requires that FDIC-supervised institutions that are subsidiaries of global systemically important banks (GSIBs) and their counterparties either adhere to the ISDA Protocol or take the prescribed steps to amend the contractual provisions of their Qualified Financial Contracts (QFCs), consistent with the requirements in the rule, within a specified period of time. If such institutions elect to amend their

QFCs in lieu of adhering to the ISDA Protocol, they must seek the FDIC's approval of the proposed amendments, giving rise to this information collection. The information collection is necessary to ensure QFCs are amended in compliance with part 382. The rule applies to FDIC-supervised institutions that are subsidiaries of GSIBs and sets forth requirements parallel to those contained in similar rules recently published by the Federal Reserve Board and the Office of the Comptroller of the Currency with regard to entities they supervise to ensure consistent regulatory treatment of QFCs among the various entities within a GSIB group.

There is no change in the methodology or substance of this

information collection. The total estimated annual burden for this information collection is 10 hours, which is a decrease of 10 hours from the 2021 information collection submission (20 hours). This decrease is a result of a reduction in the estimated annual number of respondents because of the automation and standardization of business processes.

2. *Title:* Industrial Banks and Industrial Loan Companies. *OMB Number:* 3064–0213. *Forms:* None. *Affected Public:* Insured state nonmember banks and state savings associations. *Burden Estimate:*

General Description of Collection: Part 354 of the FDIC regulations (part 354) establishes filing requirements for industrial banks or industrial loan companies (ILCs) and companies that are not subject to Federal consolidated supervision by the Federal Reserve Board but control an industrial bank or an ILC (covered company). Specifically, part 354 requires any covered company and industrial bank or ILC subsidiary of

a covered company to enter into one or more written agreements with the FDIC. However, the requirements under part 354 do not apply to any industrial bank subsidiaries of covered companies that were subsidiaries of covered companies prior to the effective date of part 354— April 1, 2021. The requirements under part 354 give rise to this information collection. There is no change in the methodology or substance of this information collection. The total estimated annual burden for this information collection is 401 hours, which is a decrease of 56 hours from the 2021 information collection submission (457 hours). This decrease is a result of a reduction in the estimated annual number of respondents.

Interested persons are invited to send comments regarding the burden estimate or any other aspect of this collection of information, including the necessity and utility of the proposed information collection for the proper performance of the agency's functions, the accuracy of the estimated burden, ways to enhance the quality, utility, and clarity of the

information to be collected, and the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

DATES: Comments on the collection(s) of information must be received by the OMB desk officer by April 4, 2024.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/ PRAMain. FOR FURTHER INFORMATION CONTACT: William Parham at (410) 786–4669.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the Federal Register concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request:* Extension of a currently approved collection; *Title of Information Collection:* Reconciliation of State Invoice (ROSI) and Prior Quarter Adjustment Statement (PQAS); *Use:* Form CMS–304 (ROSI) is used by manufacturers to respond to the state's rebate invoice for current quarter utilization. Form CMS–304a (PQAS) is required only in those instances where a change to the original rebate data submittal is necessary. *Form Number:* CMS–304 and –304a (OMB control number: 0938–0676); *Frequency:* Quarterly; *Affected Public:* Private sector (Business or other for-profits); *Number of Respondents:* 749; *Total Annual Responses:* 5,841; *Total Annual Hours:* 248,584. (For policy questions regarding this collection contact Robert Giles at 667–290–8626.)

2. Type of Information Collection Request: Reinstatement without change of a previously approved collection; Title of Information Collection: Review and Approval Process for Waivers for State Innovation; Use: The information required under this collection is necessary to ensure that states comply with statutory and regulatory requirements related to the development and implementation of section 1332 waivers. States seeking waiver authority under section 1332 of the ACA are required to meet certain requirements for applications, public notice, and reporting. The authority for these requirements is found in section 1332 of the ACA. This information collection reflects the requirements provided in the final rules published in February 2012 (77 FR 11700) and September 2021 (86 FR 3412).

On October 24, 2018, the Departments published guidance (86 FR 53575) that provided supplementary information about the requirements that must be met for the approval of a section 1332 waiver, the Secretaries' application review procedures, the calculation of pass-through funding, certain analytical requirements, and operational considerations. However, the September 2021 final rule superseded and rescinded policies and interpretations outlined in the 2018 guidance and repealed the previous codification of the interpretations of the statutory guardrails in part 1 of the 2022 Payment Notice final rule (86 FR 6138). The September 2021 final rule (86 FR 53412) finalized modifications to section 1332 waiver implementing regulations, including changes to many of the policies and interpretations of the statutory guardrails codified in regulation. In addition, the September 2021 final rule modified regulations to provide flexibilities in the public notice requirements and post-award public participation requirements for section 1332 waivers under certain future emergent situations. The final rule also provided new information regarding the processes and procedures for amendments and extensions for approved waiver plans.
