

instructions on commenting or visiting the docket, along with more information about dockets generally, is available at <https://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT:

For technical information contact: Sarah Au, Data Gathering and Analysis Division (7406M), Office of Pollution Prevention and Toxics, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; telephone number: (202) 564-0398; email address: au.sarah@epa.gov.

For general information contact: The TSCA-Hotline, ABVI-Goodwill, 422 South Clinton Ave., Rochester, NY 14620; telephone number: (202) 554-1404; email address: TSCA-Hotline@epa.gov.

SUPPLEMENTARY INFORMATION: In response to a stakeholder's request for additional time to review materials and prepare comments for MBOCA, EPA is extending the comment period for MBOCA that was established in the **Federal Register** document of December 18, 2023, at 88 FR 87423 (FRL-11581-01-OCSP) for 30 days, from March 18, 2024, to April 17, 2024. The comment period for the other four chemicals is not being extended by this **Federal Register** Notice.

In addition, EPA would also like to clarify that the **Federal Register** document of December 18, 2023, included a typographical error for the year associated with the MBOCA docket ID number. The correct docket ID number for MBOCA is EPA-HQ-OPPT-2018-0464.

To submit comments or access the docket, please follow the detailed instructions provided under **ADDRESSES**. If you have questions, consult the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

Authority: 15 U.S.C. 2601 *et seq.*

Dated: February 29, 2024.

Michal Freedhoff,

Assistant Administrator, Office of Chemical Safety and Pollution Prevention.

Public Meetings of the Clean Air Scientific Advisory Committee (CASAC) Nitrogen Oxides Panel and the Chartered CASAC

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) Science Advisory Board (SAB) Staff Office is announcing two public meetings of the Clean Air Scientific Advisory Committee (CASAC) Nitrogen Oxides (NO_x) Panel and the Chartered CASAC. The purpose of the CASAC NO_x Panel meeting is to provide consultative advice on the Integrated Review Plan for the Primary National Ambient Air Quality Standards (NAAQS) for NO_x, Volume 2. The purpose of the Chartered CASAC meeting is to provide advice on the NAAQS review process.

DATES:

Public meetings: The CASAC NO_x Panel will meet on April 16, 2024, from 11 a.m. to 3 p.m. eastern time. The Chartered CASAC will meet on April 25, 2024, from 11 a.m. to 3 p.m. eastern time.

Comments: See the section titled "Procedures for providing public input" under **SUPPLEMENTARY INFORMATION** for instructions and deadlines.

ADDRESSES: Both meetings will be conducted virtually. Please refer to the CASAC website at <https://casac.epa.gov> for information on how to attend the meeting.

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing further information concerning this notice may contact Mr. Aaron Yeow, Designated Federal Officer (DFO), via telephone at (202) 564-2050, or email at yeow.aaron@epa.gov. General information about the CASAC, as well as any updates concerning the meetings announced in this document, can be found on the CASAC website at <https://casac.epa.gov>.

SUPPLEMENTARY INFORMATION:

Background: The CASAC was established pursuant to the Clean Air Act (CAA) Amendments of 1977, codified at 42 U.S.C. 7409(d)(2), to review air quality criteria and NAAQS and recommend to the EPA Administrator any new NAAQS and revisions of existing criteria and NAAQS as may be appropriate. As amended, 5 U.S.C., app. Section 109(d)(1) of the Clean Air Act (CAA) requires that EPA carry out a periodic review and revision, as appropriate, of the air quality criteria and the NAAQS for the six "criteria" air pollutants, including NO_x. The CASAC is a Federal Advisory Committee chartered under the Federal Advisory Committee Act (FACA), 5 U.S. Code 10. The CASAC and CASAC NO_x panel will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies. Pursuant to FACA and EPA policy, notice is hereby given that the

CASAC NO_x Panel will hold a public meeting to provide consultative advice on the IRP Vol. 2, and the Chartered CASAC will provide advice on the NAAQS review process.

Availability of meeting materials: All meeting materials, including the agendas, will be available on the CASAC web page at <https://casac.epa.gov>.

Procedures for providing public input: Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory committees and panels, including scientific advisory committees, provide independent advice to the EPA. Members of the public can submit relevant comments pertaining to the committee's charge or meeting materials. Input from the public to the CASAC will have the most impact if it provides specific scientific or technical information or analysis for the CASAC to consider or if it relates to the clarity or accuracy of the technical information. Members of the public wishing to provide comments should follow the instruction below to submit comments.

Oral statements: In general, individuals or groups requesting an oral presentation at the meeting will be limited to five minutes. Each person making an oral statement should consider providing written comments as well as their oral statement so that the points presented orally can be expanded upon in writing. Persons interested in providing oral statements should contact the DFO, in writing (preferably via email) at the contact information noted under **FOR FURTHER INFORMATION CONTACT**, by April 9, 2024, for the April 16, 2024 meeting, and by April 18, 2024, for the April 25, 2024 meeting, to be placed on the list of registered speakers.

Written statements: Written statements will be accepted throughout the advisory process; however, for timely consideration by CASAC members, statements should be submitted to the DFO by April 9, 2024, for consideration at the April 16, 2024 meeting, and by April 18, 2024, for consideration at the April 25, 2024 meeting. Written statements should be supplied to the DFO at the contact information above via email. Submitters are requested to provide an unsigned version of each document because the SAB Staff Office does not publish documents with signatures on its websites. Members of the public should

be aware that their personal contact information if included in any written comments, may be posted to the CASAC website. Copyrighted material will not be posted without the explicit permission of the copyright holder.

Accessibility: For information on access or services for individuals with disabilities, please contact the DFO, at the contact information noted above, preferably at least ten days before the meetings, to give the EPA as much time as possible to process your request.

V. Khanna Johnston,

Deputy Director, Science Advisory Board Staff Office.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-11778-01-ORD]

Request for Nominations of Experts to the EPA Office of Research and Development's Human Studies Review Board Advisory Committee

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The U.S. Environmental Protection Agency (EPA) invites nominations from a diverse range of qualified candidates with expertise in the areas of toxicology, bioethics, and statistics to be considered for appointment to its Human Studies Review Board (HSRB) Federal advisory committee. Submission of nominations will be made via the HSRB website at: <https://www.epa.gov/osa/human-studies-review-board>.

DATES: Nominations should be submitted by March 29, 2024.

ADDRESSES: Please submit nominations by completing the nomination form provided on the HSRB website at <https://www.epa.gov/osa/human-studies-review-board>.

FOR FURTHER INFORMATION CONTACT: Any member of the public needing additional information regarding this Notice and Request for Nominations may contact Mr. Tom Tracy, Office of Science Advisor, Policy and Engagement, Office of Research and Development, Mail Code B343-01, 109 T.W. Alexander Drive, Research Triangle Park, NC 27711; via phone/voice mail at: (919) 541-4334; or via email at: tracy.tom@epa.gov. General information concerning the HSRB can be found at the following website: <https://www.epa.gov/osa/human-studies-review-board>.

SUPPLEMENTARY INFORMATION:

Background

On February 6, 2006, the Agency published a final rule for the protection of human subjects in research (71 FR 6138) that called for creating a new, independent human studies review board (*i.e.*, HSRB). The HSRB is a Federal advisory committee operating in accordance with the Federal Advisory Committee Act (FACA) 5 U.S.C. 10 (Pub. L. 92-463). The HSRB provides advice, information, and recommendations to EPA on issues related to scientific and ethical aspects of human subjects research. The major objectives of the HSRB are to provide advice and recommendations on: (1) research proposals and protocols that include human subjects; and (2) reports of completed research with human subjects. Typically, the HSRB reviews protocols and completed studies involving pesticide studies, such as worker exposure studies with agricultural handlers applying pesticides in field conditions; janitorial maintenance personnel applying antimicrobial pesticides in commercial settings; and field efficacy studies for skin applied insect repellent products. The HSRB reports to the EPA Administrator through EPA's Human Subjects Research Review Official (HSRRO). General information concerning the HSRB, including its charter, current membership, and activities can be found on the EPA website at <https://www.epa.gov/osa/human-studies-review-board>.

HSRB Membership

HSRB members serve as special government employees or regular government employees. Members are appointed by the EPA Administrator for either two or three year terms with the possibility of reappointment for additional terms, for a maximum of six years of service. The HSRB convenes on average four times a year, with all of the meetings being virtual. The average workload for HSRB members is approximately 20 hours per meeting, including the time spent at the meeting. Responsibilities of HSRB members include reviewing extensive background materials prior to meetings of the Board, preparing draft responses to Agency charge questions, attending Board meetings, participating in the discussion and deliberations at these meetings, drafting assigned sections of meeting reports, and assisting with the finalization of HSRB reports. EPA compensates special government employees for their time and provides reimbursement for travel and other

incidental expenses associated with official government business related to the HSRB meetings.

Members of the HSRB are subject to the provisions of 5 CFR part 2634, Executive Branch Financial Disclosure, as supplemented by the EPA in 5 CFR part 6401. In anticipation of this requirement, each nominee will be asked to submit confidential financial information that fully discloses, among other financial interests, the candidate's employment, stocks and bonds, and where applicable, sources of research support. The information provided is strictly confidential and will not be disclosed to the public. Before a candidate is considered further for service on the HSRB, EPA will evaluate each candidate to assess whether there is any conflict of financial interest, appearance of a lack of impartiality, or prior involvement with matters likely to be reviewed by the Board.

Submission of Nominations

To nominate a candidate for consideration or self-nominate, please visit the HSRB website at <https://www.epa.gov/osa/human-studies-review-board> to access and complete the nomination form. Nominations should include a resume or curriculum vitae providing the nominee's educational background, qualifications, leadership positions in national associations or professional societies, relevant research experience and publications along with a short (one page) biography describing how the nominee meets the above criteria and other information that may be helpful in evaluating the nomination, as well as the nominee's current business address, email address, and daytime telephone number. Interested candidates may self-nominate. EPA values and welcomes diversity. In an effort to obtain nominations of diverse candidates, EPA encourages nominations of women and men of all racial and ethnic groups, as well as from a variety of backgrounds (*e.g.*, industry, non-profit organizations, academia, and government).

Evaluation of Nominations

Nominations will be evaluated on the basis of several criteria, including: professional background, expertise, and experience that would contribute to the diversity of perspectives of the committee; interpersonal, oral, and written communication skills and other attributes that would contribute to the HSRB's collaborative process; consensus building skills; absence of any financial conflicts of interest or the appearance of a lack of impartiality, or lack of independence, or bias; and the
