Notice of Intended Disposition: General Services Administration, Pacific Rim Region, Design & Construction Division, San Francisco, CA

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the General Services Administration, Pacific Rim Region, Design & Construction Division (GSA), intends to carry out the disposition of human remains removed from Federal lands to the Native Hawaiian organization with priority for disposition in this notice.

DATES: Disposition of the human remains in this notice may occur on or after April 5, 2024. If no claim for disposition is received by March 6, 2025, the human remains in this notice will become unclaimed human remains.

ADDRESSES: Jason Hagin, Regional Historic Preservation Officer, Design & Construction Division, 50 United Nations Plaza, MB9, Room 3411, San Francisco, CA 94102, telephone (415) 244-7760, email 1445ason.hagin@gsa.gov.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of GSA, and additional information on the human remains in this notice, including the

results of consultation, can be found in the related records. The National Park Service is not responsible for the identifications in this notice.

Abstract of Information Available

Based on the information available, fragments of human remains representing an unknown number of individuals have been reasonably identified. No associated funerary objects are present. No unassociated funerary objects, sacred objects, or objects of cultural patrimony are present.

Determinations

GSA has determined that:

- The fragments of human remains described in this notice do not reflect an intact burial site and represent the physical remains of an unknown number of individuals of Native Hawaiian ancestry.
- 'Ohana Keaweamahi has priority for disposition of the human remains described in this notice.

Claims for Disposition

Written claims for disposition of the human remains in this notice must be sent to the appropriate official identified in this notice under **ADDRESSES**. If no claim for disposition is received by March 6, 2025, the human remains in this notice will become unclaimed human remains. Claims for disposition may be submitted by:

1. Any lineal descendant or Native Hawaiian organization identified in this notice.
2. Any lineal descendant or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that they have priority for disposition.

Disposition of the human remains in this notice may occur on or after April 5, 2024. If competing claims for disposition are received, GSA must determine the most appropriate claimant prior to disposition. Requests for joint disposition of the human remains are considered a single request and not competing requests. GSA is responsible for sending a copy of this notice to the lineal descendants and Native Hawaiian organizations identified in this notice and to any other consulting parties.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3002, and the implementing regulations, 43 CFR 10.7.

Dated: February 27, 2024.

Description

Human remains representing, at minimum, two individuals were removed from Jackson County, AL. The human remains consist of a humerus removed from the Garland's Ferry site, and a femur and humerus removed from the William's Landing site by Clarence B. Moore. The human remains were donated to the Army Medical Museum (today the National Museum of Health

and Medicine) by Clarence B. Moore in May 1915. No associated funerary objects are present.

Human remains representing, at minimum, one individual were removed from Christian County, KY. The human remains consist of a cranium with no known collection history. "MCR-64/Chr. Co, KY" and "KY-1964" are written on the cranium in black ink. The human remains were donated to the National Museum of Health and Medicine in 2003. No associated funerary objects are present.

Human remains representing, at minimum, two individuals were removed from McLean County, KY. The remains consist of a femur and tibia removed from the Austin Place site, and a radius removed from the Calhoun site by Clarence B. Moore. The human remains were donated to the Army Medical Museum by Clarence B. Moore in April 1916. No associated funerary objects are present.

Human remains representing, at minimum, 12 individuals were removed from Ohio County, KY. The human remains consist of multiple skeletal elements removed from the Indian Knoll site by Clarence B. Moore. The human remains were donated to the Army Medical Museum by Clarence B. Moore in 1916. No associated funerary objects are present.

Human remains representing, at minimum, one individual were removed from Union County, KY. The human remains consist of a partial cranium that was collected by Sydney S. Lyon. Initially, these human remains were donated to the Smithsonian Institution. In January 1870, they were transferred to the Army Medical Museum. No associated funerary objects are present.

Human remains representing, at minimum, four individuals were removed from Hamilton County, TN. The human remains consist of a tibia removed from Hampton Place at Moccasin Bend, and an ulna, radius, and two tibiae removed from the Citico Mound site by Clarence B. Moore. The human remains were donated to the Army Medical Museum by Clarence B. Moore in 1915. No associated funerary objects are present.

Human remains representing, at minimum, three individuals were removed from Sevier County, TN. The human remains consist of a sternum, fibula, and tibia removed from McMahan Mound by E. Palmer in 1881. Initially, these human remains were donated to the Smithsonian Institution. In July 1886, they were transferred to the Army Medical Museum. No associated funerary objects are present.

Human remains representing, at minimum, one individual were removed from Kanawha County, WV. The human remains consist of a tibia removed from Smith's Farm near Charleston by P. W. Norris. Initially, these human remains were donated to the Smithsonian Institution. In 1904, they were transferred to the Army Medical Museum. No associated funerary objects are present.

Cultural Affiliation

The human remains in this notice are connected to one or more identifiable earlier groups, tribes, peoples, or cultures. There is a relationship of shared group identity between the identifiable earlier groups, tribes, peoples, or cultures and one or more Indian Tribes or Native Hawaiian organizations. The following types of information were used to reasonably trace the relationship: anthropological information, geographical information, and historical information.

Determinations

Pursuant to NAGPRA and its implementing regulations, and after consultation with the appropriate Indian Tribes and Native Hawaiian organizations, the National Museum of Health and Medicine has determined that:

- The human remains described in this notice represent the physical remains of 26 individuals of Native American ancestry.
- There is a relationship of shared group identity that can be reasonably traced between the human remains described in this notice and the Cherokee Nation; Eastern Band of Cherokee Indians; and the United Keetoowah Band of Cherokee Indians in Oklahoma.

Requests for Repatriation

Written requests for repatriation of the human remains in this notice must be sent to the Responsible Official identified in **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the human remains in this notice to a requestor may occur on or after April 5, 2024. If competing requests for repatriation are received, the National Museum of Health and

Medicine must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains are considered a single request and not competing requests. The National Museum of Health and Medicine is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice.

This notice was submitted before the effective date of the revised regulations (88 FR 86452, December 13, 2023, effective January 12, 2024). As the notice conforms to the mandatory format of the **Federal Register** and includes the required information, the National Park Service is publishing this notice as submitted.
