Description

Human remains representing, at minimum, one individual were removed from an unknown geographic location in AR. The individual (V-MAN-0215) was collected on an unknown date and was obtained by Raymond C. Vietzen (1907-1995). Vietzen, an avocational archeologist, collector, and author, established the Indian Ridge Museum in Elyria, Ohio, and the Archaeological Society of Ohio (formerly the Ohio Indian Relic Collectors Society). The Indian Ridge Museum, founded in the 1930s, served as Vietzen's laboratory and repository, and it remained in operation until the mid-1990s. After Vietzen's death, the facility fell into disrepair, and most of the items he had acquired and housed at the museum were sold. In 1998, the Ohio Historical Society (presently the Ohio History Connection) removed ancestral human remains and some of the remaining items from the facility and temporarily housed them at the Ohio Historical Society. In October of 2003, these human remains were transferred from the Ohio Historical Society to Mercyhurst College (presently Mercyhurst University). No associated funerary objects are present.
