

TABLE 1—WORK PLANS BEING MADE AVAILABLE FOR PUBLIC COMMENT

Registration review case name and No.	Docket ID No.	Chemical review manager and contact information
Nucleopolyhedroviruses and Granuloviruses (Insect Viruses), Case Number 4106.	EPA-HQ-OPP-2023-0436.	Jennifer Odom-Douglas, odomdouglas.jennifer@epa.gov , (202) 566-1536.

B. Docket Content

Pursuant to 40 CFR 155.50, EPA initiates a registration review by establishing a public docket for a pesticide registration review case. Registration review dockets contain information that will assist the public in understanding the types of information and issues that the Agency has considered during registration review. Consistent with 40 CFR 155.50(a), these dockets may include information from the Agency's files including, but not limited to, an overview of the registration review case status, a list of current product registrations and registrants, any **Federal Register** notices regarding any pending registration actions, any **Federal Register** notices regarding current or pending tolerances, risk assessments, bibliographies concerning current registrations, summaries of incident data, and any other pertinent data or information. EPA includes in these dockets a Preliminary Work Plan (PWP), and in some cases a continuing work plan (CWP), summarizing information EPA has on the pesticide and the anticipated path forward.

Consistent with 40 CFR 155.50(b), EPA provides for at least a 60-day public comment period on work plans and registration review dockets. This comment period is intended to provide an opportunity for public input and a mechanism for initiating any necessary changes to a pesticide's workplan. During this public comment period, the Agency is asking that interested persons identify any additional information they believe the agency should consider during the registration reviews of these pesticides. The Agency identifies in each docket the areas where public comment is specifically requested, though comment in any area is welcome.

All comments should be submitted using the methods in **ADDRESSES** and must be received by the EPA on or before the closing date. These comments will become part of the docket for the pesticides included in Table 1 of Unit I. The Agency will consider all comments received by the closing date and may respond to comments in a "Response to Comments Memorandum" in the docket or the Final Work Plan (FWP), as appropriate.

For additional background on the registration review program, see: <https://www.epa.gov/pesticide-reevaluation>.

Authority: 7 U.S.C. 136 *et seq.*

Dated: February 29, 2024.

Timothy Kiely,

Acting Director, Pesticide Re-Evaluation Division, Office of Pesticide Programs.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPP-2017-0751; FRL-11659-01-OCSP]

Pesticide Registration Review; Decisions for Several Pesticides; Notice of Availability

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces the availability of EPA's interim registration review decision for etofenprox. The notice also announces the availability of EPA's final registration review decision for acetaminophen.

DATES: Comments must be received on or before May 6, 2024.

FOR FURTHER INFORMATION CONTACT:

For pesticide specific information, contact: The Chemical Review Manager for the pesticide of interest identified in Table 1 of Unit I.

For general information on the registration review program, contact: Melanie Biscoe, Pesticide Re-Evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; telephone number: (202) 566-0701; email address: biscoe.melanie@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

This action is directed to the public in general and may be of interest to a wide range of stakeholders including environmental, human health, farm worker, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the

Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the Chemical Review Manager for the pesticide of interest identified in Table 1 in Unit IV.

B. What should I consider as I prepare my comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through [regulations.gov](https://www.regulations.gov) or email. Clearly mark the part or all the information that you claim to be CBI. For CBI information on a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI, and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at: <https://www.epa.gov/dockets/commenting-epa-dockets>.

3. *Environmental justice.* EPA seeks to achieve environmental justice, the fair treatment and meaningful involvement of any group, including minority and/or low-income populations, in the development, implementation, and enforcement of environmental laws, regulations, and policies. To help address potential environmental justice issues, the Agency seeks information on any groups or segments of the population who, as a result of their location, cultural practices, or other factors, may have atypical or disproportionately high and adverse human health impacts or environmental effects from exposure to the pesticides discussed in this document, compared to the general population.

II. Background

Registration review is EPA's periodic review of pesticide registrations to ensure that each pesticide continues to satisfy the statutory standard for registration, that is, the pesticide can

perform its intended function without unreasonable adverse effects on human health or the environment. As part of the registration review process, the Agency has completed proposed interim or proposed final decisions for all pesticides listed in Table 1 in Unit IV. Through this program, EPA is ensuring that each pesticide's registration is based on current scientific and other knowledge, including its effects on human health and the environment.

III. Authority

EPA is conducting its registration review of the chemicals listed in Table 1 of Unit I pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) section 3(g) (7 U.S.C. 136a(g)) and the Procedural Regulations

for Registration Review at 40 CFR part 155, subpart C. FIFRA section 3(g) provides, among other things, that pesticide registrations are to be reviewed every 15 years. Consistent with 40 CFR 155.57, in its final registration review decision, EPA will ultimately determine whether a pesticide continues to meet the registration standard in FIFRA section 3(c)(5) (7 U.S.C. 136a(c)(5)). As part of the registration review process, the Agency has completed interim or final registration review decisions for the pesticides in Table 1 of Unit IV.

IV. What action is this Agency taking?

Prior to completing the interim or final registration review decisions in Table 1 of Unit IV, EPA posted proposed

interim decisions or proposed registration review decisions for these chemicals and invited the public to submit any comments or new information, consistent with 40 CFR 155.58(a). EPA considered and responded to any comments or information received during these public comment periods in the respective interim decision or final registration review decisions.

Pursuant to 40 CFR 155.58(c), this notice announces the availability of EPA's interim or final registration review decisions for the pesticides shown in Table 1. The interim and final registration review decisions are supported by rationales included in the docket established for each chemical.

TABLE 1—INTERIM AND FINAL REGISTRATION REVIEW DECISIONS BEING ISSUED

Registration review case name and No.	Docket ID No.	Chemical review manager and contact information
Acetaminophen, Case Number 7610	EPA-HQ-OPP-2022-0816.	Lauren Weissenborn, <i>weissenborn.lauren@epa.gov</i> , (202) 566-2374.
Etofenprox, Case Number 7407	EPA-HQ-OPP-2007-0804.	DeMariah Koger, <i>koger.demariah@epa.gov</i> , (202) 566-2288.

The registration review docket for a pesticide includes earlier documents related to the registration review case. For example, the review opened with a Preliminary Work Plan, for public comment. A Final Work Plan was placed in the docket following public comment on the Preliminary Work Plan.

The documents in the dockets describe EPA's rationales for conducting additional risk assessments for the registration review of the pesticides included in Table 1 in Unit IV, as well as the Agency's subsequent risk findings and consideration of possible risk mitigation measures. These proposed interim and proposed final registration review decisions are supported by the rationales included in those documents. Following public comment, the Agency will issue interim or final registration review decisions for the pesticides listed in Table 1 in Unit IV.

The registration review final rule at 40 CFR 155.58(a) provides for a minimum 60-day public comment period on all proposed registration review decisions. This comment period is intended to provide an opportunity for public input and a mechanism for initiating any necessary amendments to the proposed decision. All comments should be submitted using the methods in **ADDRESSES** and must be received by EPA on or before the closing date. These comments will become part of the docket for the pesticides included in Table 1 in Unit IV. Comments received

after the close of the comment period will be marked "late." EPA is not required to consider these late comments.

The Agency will carefully consider all comments received by the closing date and may provide a "Response to Comments Memorandum" in the docket. The interim or final registration review decision will explain the effect that any comments had on the interim or final decision and provide the Agency's response to significant comments.

For additional background on the registration review program, see: <https://www.epa.gov/pesticide-reevaluation>.

Authority: 7 U.S.C. 136 *et seq.*

BILLING CODE 6560-50-P

EXPORT-IMPORT BANK

Information Request on Financing Support for Critical Minerals Projects

AGENCY: Export-Import Bank of the United States.

ACTION: Notice.

SUMMARY: To assist the Export-Import Bank of the United States (EXIM) in supporting critical minerals

transactions, which are crucial to the supply chains of several of the Congressionally mandated Transformational Export Areas in EXIM's Charter, EXIM seeks information on the financing gaps faced by project sponsors, users of critical minerals, and suppliers to critical minerals projects.

DATES: Comments are due on May 6, 2024.

ADDRESSES: Interested parties may submit comments on this transaction electronically on www.regulations.gov. To submit a comment, enter "Information Request on Financing Support for Critical Minerals" under the heading "Enter Keyword or ID" and select Search. Follow the instructions provided at the Submit a Comment screen. Please include your name, company name (if any) and "Information Request on Financing Support for Critical Minerals Projects" on any attached document. Comments can also be sent by email or mail to Scott Condren, *Scott.Condren@exim.gov*, Export-Import Bank of the United States, 811 Vermont Ave. NW, Washington, DC 20571.

FOR FURTHER INFORMATION CONTACT: To request additional information, please contact Scott Condren, *Scott.Condren@exim.gov*, 202-509-4227.

SUPPLEMENTARY INFORMATION: In EXIM's 2019 reauthorization, Congress directed the agency to create the China and Transformational Exports Program
