

Washington, DC 20460; email address: iyer.aarti@epa.gov; telephone number: 202-564-0214.

SUPPLEMENTARY INFORMATION: This is a request for approval of a new collection. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

This document allows 60 days for public comments. Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at <https://www.regulations.gov> or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <https://www.epa.gov/dockets>.

Pursuant to section 3506(c)(2)(A) of the PRA, EPA is soliciting comments and information to enable it to: (i) evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (ii) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (iii) enhance the quality, utility, and clarity of the information to be collected; and (iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate forms of information technology. EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval. At that time, EPA will issue another **Federal Register** document to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

Abstract: The U.S. Environmental Protection Agency (EPA) awards billions in funding for grants and other financial assistance agreements, with recipients ranging from small non-profit organizations to large state governments. With this Information Collection Request (ICR), EPA seeks authorization to collect information to track progress made by the Agency's financial assistance programs. Collection of this information enables EPA to assess and manage its financial assistance programs, which in turn ensures

responsible stewardship of public funds; rigorous evidence-based learning and improvement; and transparent accountability to the American public. The information requested under this ICR will be collected via performance report forms submitted by recipients of financial assistance awards, which document their planned and actual milestones, resources, activities, partners, timelines, locations, audiences, outputs, and outcomes. These forms include work plans, quality assurance documents, interim progress reports, and final progress reports.

Form numbers: None.

Respondents/affected entities: Recipients of financial assistance awards from EPA.

Respondent's obligation to respond: Mandatory for grant recipients as per reporting requirements included in EPA regulations 2 CFR parts 200 and 1500.

Estimated number of respondents: Approximately 5,000.

Frequency of response: One work plan, one set of quality assurance documents, variable numbers of interim progress reports, one final progress report.

Total estimated burden: 74,500 hours per year.

Total estimated cost: \$4,864,105 per year.

Katherine Dawes,

EPA Evaluation Officer, Office of the Chief Financial Officer.

Pesticide Registration Review; Proposed Decisions for Several Pesticides; Notice of Availability

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces the availability of EPA's proposed interim decisions for the following pesticides: acrolein and oxyfluorfen. The notice also announces the availability of EPA's proposed registration review decision for demiditraz. EPA is opening a 60-day public comment period for these proposed interim and proposed registration review decisions.

DATES: Comments must be received on or before May 6, 2024.

ADDRESSES: Submit your comments, identified by docket identification (ID)

number EPA-HQ-OPP-2017-0750, through the *Federal eRulemaking Portal* at <https://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Additional instructions on commenting and visiting the docket, along with more information about dockets generally, is available at <https://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT: For pesticide specific information, contact: The Chemical Review Manager for the pesticide of interest identified in table 1 of unit IV.

For general information on the registration review program, contact: Melanie Biscoe, Pesticide Re-Evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; telephone number: (202) 566-0701; email address: biscoe.melanie@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

This action is directed to the public in general and may be of interest to a wide range of stakeholders including environmental, human health, farm worker, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the Chemical Review Manager for the pesticide of interest identified in table 1 in unit IV.

B. What should I consider as I prepare my comments for EPA?

1. **Submitting CBI.** Do not submit this information to EPA through [regulations.gov](https://www.regulations.gov) or email. Clearly mark the part or all the information that you claim to be CBI. For CBI information on a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be

disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at: <https://www.epa.gov/dockets/commenting-epa-dockets>.

3. *Environmental justice.* EPA seeks to achieve environmental justice, the fair treatment and meaningful involvement of any group, including minority and/or low-income populations, in the development, implementation, and enforcement of environmental laws, regulations, and policies. To help address potential environmental justice issues, the Agency seeks information on any groups or segments of the population who, as a result of their location, cultural practices, or other factors, may have atypical or disproportionately high and adverse human health impacts or environmental effects from exposure to the pesticides discussed in this document, compared to the general population.

II. Background

Registration review is EPA’s periodic review of pesticide registrations to ensure that each pesticide continues to satisfy the statutory standard for registration, that is, the pesticide can perform its intended function without unreasonable adverse effects on human health or the environment. As part of the registration review process, the Agency has completed proposed interim or proposed final decisions for all pesticides listed in table 1 in unit IV. Through this program, EPA is ensuring that each pesticide’s registration is based on current scientific and other knowledge, including its effects on human health and the environment.

III. Authority

EPA is conducting its registration review of the chemicals listed in the table 1 of unit IV pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) section 3(g) (7 U.S.C. 136a(g)) and the Procedural

Regulations for Registration Review at 40 CFR part 155, subpart C. FIFRA Section 3(g) provides, among other things, that pesticide registrations are to be reviewed every 15 years. Consistent with 40 CFR 155.57, in its final registration review decision, EPA will ultimately determine whether a pesticide continues to meet the registration standard in FIFRA section 3(c)(5) (7 U.S.C. 136a(c)(5)). As part of the registration review process, the Agency has completed a proposed interim or proposed decision for each of the pesticides listed in table 1 of unit IV.

IV. What action is the Agency taking?

Pursuant to 40 CFR 155.58(a), this notice announces the availability of EPA’s proposed interim and proposed registration review decisions for the pesticides shown in table 1 and opens a 60-day public comment period on the proposed interim and proposed registration review decisions.

TABLE 1—PROPOSED INTERIM AND PROPOSED REGISTRATION REVIEW DECISIONS

Registration review case name and No.	Docket ID No.	Chemical review manager and contact information
Acrolein Case Number 2005	EPA–HQ–OPP–2015–0571.	Katherine Atha, atha.katherine@epa.gov , (202) 566–1933. Peter Bergquist, bergquist.peter@epa.gov , (202) 566–0648.
Demiditraz Case Number 7482	EPA–HQ–OPP–2021–0407.	Anitha Koyra, koyra.anitha@epa.gov , (202) 566–2214.
Oxyfluorfen Case Number 2490	EPA–HQ–OPP–2014–0778.	R. David Jones, jones.rdavid@epa.gov , (202) 566–1945.

The registration review docket for a pesticide includes documents related to the registration review case. Among other things, these documents describe EPA’s rationales for conducting additional risk assessments for the registration review of the pesticides included in table 1 of unit IV, as well as the Agency’s subsequent risk findings and consideration of possible risk mitigation measures. The proposed interim and proposed registration review decisions are supported by the rationales included in those documents.

Consistent with 40 CFR 155.58(a), EPA provides for at least a 60-day public comment period on proposed interim and proposed registration review decisions. This comment period is intended to provide an opportunity for public input and a mechanism for initiating any necessary amendments to the proposed decision. All comments should be submitted using the methods in **ADDRESSES** and must be received by EPA on or before the closing date. These comments will become part of the

docket for the pesticides included in table 1 in unit IV. The Agency will consider all comments received by the closing date and may respond to comments in a “Response to Comments Memorandum” in the docket and/or in any subsequent interim or final registration review decision, as appropriate.

For additional background on the registration review program, see: <https://www.epa.gov/pesticide-reevaluation>.

Authority: 7 U.S.C. 136 *et seq.*

Dated: February 29, 2024.

Timothy Kiely,

Acting Director, Pesticide Re-Evaluation Division, Office of Pesticide Programs.

Availability of the Draft IRIS Toxicological Review of Perfluorononanoic Acid [PFNA, CASRN 375–95–1] and Related Salts

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of public comment period.

SUMMARY: The Environmental Protection Agency (EPA) is announcing a 60-day public comment period associated with release of the draft IRIS Toxicological Review of Perfluorononanoic Acid [PFNA, CASRN 375–95–1] and Related Salts. The draft document was prepared by the Center for Public Health and Environmental Assessment (CPHEA) within EPA’s Office of Research and Development (ORD). EPA is releasing this draft IRIS assessment for public comment in advance of a contract-led
