SUPPLEMENTARY INFORMATION:

Background

On January 18, 2024, the U.S. Department of Commerce (Commerce) initiated a countervailing duty (CVD) investigation on imports of certain glass wine bottles (wine bottles) from the People's Republic of China.¹ Currently, the preliminary determination is due no later than March 25, 2024.²

Postponement of Preliminary Determination

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a CVD investigation within 65 days after the date on which Commerce initiated the investigation. However, section 703(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 130 days after the date on which Commerce initiated an investigation if: (A) the petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On February 29, 2024, the U.S. Glass Producers Coalition (the petitioner) timely filed a request for Commerce to postpone the preliminary CVD determination.³ The petitioner requested postponement of the preliminary determination because Commerce needs additional time to collect and analyze questionnaire

responses from the Government of China and the mandatory respondents in this investigation, given the complexity of the issues presented and the number of subsidy programs under investigation, and to issue supplemental questionnaires.⁴

In accordance with 19 CFR 351.205(e), the petitioner has stated the reasons for requesting a postponement of the preliminary determination, and Commerce finds there are no compelling reasons to deny the request. Therefore, in accordance with section 703(c)(1)(A) of the Act, Commerce is postponing the deadline for the preliminary determination to no later than 130 days after the date on which this investigation was initiated, *i.e.*, May 28, 2024.⁵ Pursuant to section 705(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determination of this investigation will continue to be 75 days after the date of the preliminary determination.

Notification to Interested Parties

This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: March 4, 2024.

SUPPLEMENTARY INFORMATION:

Background

On September 6, 2023, Commerce published in the **Federal Register** the *Preliminary Results*¹ of the 2021–2022 administrative review of the antidumping duty order on HFC blends from China² and invited interested parties to comment.³ Subsequent to the *Preliminary Results*, we received case briefs and rebuttal briefs from Sanmei and the American HFC Coalition (the petitioner).⁴ On December 6, 2023, in accordance with section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), Commerce extended the deadline for issuing these final results until March 1, 2024.⁵ For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.⁶

Scope of the Order

The products subject to the *Order* are HFC blends from China. A full description of the scope of the *Order* is contained in the Issues and Decision Memorandum.⁷

Separate Rate

Commerce preliminarily determines that one respondent, Sanmei, the only company individually examined in this review, is eligible to receive a separate rate in this review.⁸

China-Wide Entity

Under Commerce's policy regarding the conditional review of the China-wide entity,⁹ the China-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the entity. Because no party requested a review of the China-wide entity in this review, the entity is not under review, and the entity's rate (*i.e.*, 216.37 percent) is not subject to change.¹⁰ Commerce considers the 16 companies for which a review was requested (which did not file a separate rate application or did not demonstrate separate rate eligibility) listed in Appendix II to this notice, to be part of the China-wide entity.¹¹

Changes Since the Preliminary Results

Based on our review of the record and comments received from interested parties regarding our *Preliminary Results*, and for the reasons explained in the Issues and Decision Memorandum, we made certain changes to the margin calculations for Sanmei.¹²

Final Results of Review

For the company subject to this review that established its eligibility for a separate rate, Commerce determines that the following estimated weighted-average dumping margin exists for the period August 31, 2021, through July 31, 2022:

Exporter	Weighted-average dumping margin (percent)
Zhejiang Sanmei Chemical Industry Co., Ltd	101.14

Disclosure

Commerce intends to disclose the calculations performed in connection with these final results of review to interested parties within five days after public announcement of the final results or, if there is no public announcement, within five days of the date of publication of the notice of final results in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act, and 19 CFR 351.212(b)(1), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

For Sanmei, Commerce will calculate importer-specific assessment rates for antidumping duties, in accordance with 19 CFR 351.212(b)(1). Where the respondent reported reliable entered values, Commerce intends to calculate importer-specific *ad valorem* assessment rates by aggregating the amount of dumping calculated for all U.S. sales to the importer and dividing this amount by the total entered value of the merchandise sold to the importer. Where the respondent did not report entered values, Commerce will calculate importer-specific assessment rates by dividing the amount of dumping for reviewed sales to the importer by the total quantity of those sales. Commerce will calculate an estimated *ad valorem* importer-specific assessment rate to determine whether the per-unit assessment rate is *de minimis*; however, Commerce will use the per-unit assessment rate where entered values were not reported. Where an importer-specific *ad valorem* assessment rate is not zero or *de minimis*, Commerce will instruct CBP to collect the appropriate duties at the time of liquidation. Where either the respondent's weighted

average dumping margin is zero or *de minimis*, or an importer-specific *ad valorem* assessment rate is zero or *de minimis*, Commerce will instruct CBP to liquidate appropriate entries without regard to antidumping duties.¹³

For entries that were not reported in the U.S. sales database submitted by the exporter individually examined during this review, Commerce will instruct CBP to liquidate such entries at the China-wide rate.¹⁴

Commerce determined that the companies listed in Appendix II did not qualify for a separate rate. Therefore, we will instruct CBP to assess antidumping duties on entries of subject merchandise from these entities at 216.37 percent, the established weighted-average dumping margin for the China-wide entity.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) for the exporter listed above, the cash deposit rate will be equal to the weighted-average dumping margin established in the final results of this review; (2) for previously investigated or reviewed Chinese and non-Chinese exporters not listed above that currently have a separate rate, the cash deposit rate will continue to be the exporter-specific rate published for the most recently completed segment of this proceeding where the exporter received that separate rate; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the China-wide entity (*i.e.*, 216.37 percent); and (4) for all non-Chinese exporters of subject merchandise that have not received their own separate rate, the cash deposit

rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice also serves as a final reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

We are issuing and publishing these final results of administrative review in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(5) and 19 CFR 351.213(h)(2).

Wood Mouldings and Millwork Products From the People's Republic of China: Preliminary Results Intent To Rescind, in Part, and Rescission in Part, of Antidumping Duty Administrative Review; 2022-2023

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that Fujian Jinquan Trade Co., Ltd./Baiyuan Wood Machining Co., Ltd. (Jinquan/Baiyuan) and 22 non-individually examined and separate-rate eligible exporters of wood mouldings and millwork products (millwork products) from the People's Republic of China (China) sold subject merchandise to the United States at prices below normal value (NV) during the period of review (POR), February 1, 2022, through January 31, 2023. Commerce also preliminarily determines that Fujian Yinfeng Imp & Exp Trading Co., Ltd./Fujian Province Youxi City Mangrove Wood Machining Co., Ltd. (Yinfeng/Mangrove) did not sell subject merchandise to the United States at prices below NV during the POR. We intend to rescind this review with respect to 12 companies for which the U.S. Customs and Border Protection (CBP) data show no entries of the subject merchandise from these

companies during the POR.

Additionally, we are rescinding this administrative review with respect to seven companies because the requests for review for these companies were timely withdrawn. Finally, we preliminarily find that four companies are part of the China-wide entity. We invited interested parties to comment on these preliminary results.

DATES: Applicable March 8, 2024.

SUPPLEMENTARY INFORMATION:

Background

This administrative review is being conducted in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act). The review covers 47 companies, including mandatory respondents, Jinquan/Baiyuan and Yinfeng/Mangrove.¹ For a complete description of the events that followed the initiation of this administrative review, *see* the Preliminary Decision Memorandum. A list of topics discussed in the Preliminary Decision Memorandum is included as Appendix I to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Order²

The merchandise covered by the Order is wood mouldings and millwork

¹ We have determined that it is appropriate to continue to treat affiliates Yinfeng and Mangrove as a single entity, and affiliates Jinquan and Baiyuan, as a single entity for purposes of this administrative review, consistent with past segments of this proceeding. For further discussion, *see* Memorandum, "Decision Memorandum for the Preliminary Results of Antidumping Duty Administrative Review; 2022-2023: Wood Mouldings and Millwork Products from the People's Republic of China," dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).
