

- Absence of financial conflicts of interest;
- Impartiality (including avoiding the appearance of a loss of impartiality); and
- Background and experiences that would help contribute to the diversity of perspectives on the Board, e.g., geographic, economic, social, cultural, educational backgrounds, professional affiliations, and other considerations.

Nominations must include a resume, which provides the nominee’s background, experience, and educational qualifications, as well as a brief statement (one page or less) describing the nominee’s interest in serving on the Board and addressing the other criteria previously described. Nominees are encouraged to provide any additional information that they feel would be useful for consideration, such as: availability to participate as a member of the Board; how the nominee’s background, skills, and experience would contribute to the diversity of the Board; and any concerns the nominee has regarding membership. Nominees should be identified by name, occupation, position, current business address, email, and telephone number.

Interested candidates may self-nominate. The agency will acknowledge receipt of nominations. Persons selected for membership will receive compensation for travel and a nominal daily compensation (if appropriate) while attending meetings in person. Additionally, candidates selected to serve as IT “Expert” Members will be designated as Special Government Employees (SGEs) or consultants. Candidates designated as SGEs will be required to fill out the “Confidential Financial Disclosure Form for Environmental Protection Agency Special Government Employees” (EPA

Form 3310–48). This confidential form provides information to the EPA ethics officials to determine whether there is a conflict between the SGE’s public duties and their private interests, including an appearance of a loss of impartiality as defined by federal laws and regulations. One example of a potential conflict of interest may be for IT professional(s) serving in an organization which is awarded any related e-Manifest system development contract(s).

SUPPLEMENTARY INFORMATION:

Proposal To Renew the Following Currently Approved Collection of Information

1. Title: Interagency Notice of Change in Director or Executive Officer.

OMB Number: 3064–0097.

Forms: 6822/02.

Affected Public: Insured state nonmember banks and state savings associations.

Burden Estimate:

SUMMARY OF ESTIMATED ANNUAL BURDEN

[OMB No. 3064–0097]

Information collection (IC) (obligation to respond)	Type of burden (frequency of response)	Number of respondents	Number of responses per respondent	Time per response (HH:MM)	Annual burden (hours)
1. Interagency Notice of Change in Director or Executive Officer, 12 USC 1831i (Mandatory).	Reporting (On Occasion)	23	2.7	02:00	124
Total Annual Burden (Hours)	124

Source: FDIC.

General Description of Collection: Section 32 of the FDIA (12 U.S.C. 1831i) requires an insured depository institution or depository institution holding company under certain circumstances to notify the appropriate

federal banking agency of the proposed addition of any individual to the board of directors or the employment of any individual as a senior executive officer of such institution at least 30 days before such addition or employment

becomes effective. Section 32 of the FDIA also provides that the FDIC may disapprove an individual’s service as a director or senior executive officer of certain state nonmember banks or state savings associations if, upon assessing

the individual’s competence, experience, character, and integrity, it is determined that the individual’s service would not be in the best interest of the depositors of the institution or the public. The Interagency Notice of Change in Director or Senior Executive Officer, with the information contained in the Interagency Biographical and

Financial Report (described above) as an attachment, is used by the FDIC to collect information relevant to assess the individual’s competence, experience, character, and integrity. There is no change in the methodology or substance of this information collection. The reduction in estimated annual burden (from 214 hours in 2021

to 124 hours currently) is due to the decrease in the estimated number of annual responses.

2. *Title:* Prompt Corrective Action.
OMB Number: 3064–0115.

Affected Public: Insured state nonmember banks and state savings associations.

Burden Estimate:

SUMMARY OF ESTIMATED ANNUAL BURDEN
[OMB No. 3064–0115]

Information collection (obligation to respond)	Type of burden (frequency of response)	Number of respondents	Number of responses per respondent	Time per response (HH:MM)	Annual burden (hours)
Prompt Corrective Action, 12 USC 1831o (Voluntary).	Reporting (Annual)	4	4	04:00	64
Total Annual Burden (Hours)	64

Source: FDIC.

General Description of Collection: The Prompt Corrective Action (PCA) provisions of section 38 of the Federal Deposit Insurance Act requires or permits the FDIC and other federal banking agencies to take certain supervisory actions when FDIC-insured institutions fall within certain capital categories. They also restrict or prohibit certain activities and require the submission of a capital restoration plan when an insured institution becomes undercapitalized. Various provisions of the statute and the FDIC’s implementing regulations require the prior approval of the FDIC before an FDIC-supervised institution, or certain insured depository institutions, can engage in certain activities, or allow the FDIC to make exceptions to restrictions that would otherwise be imposed. This collection of information consists of the applications that are required to obtain the FDIC’s prior approval to engage in these activities. There is no change in the methodology or substance of this information collection. The estimated burden remains unchanged from 2021.

Request for Comment

Comments are invited on: (a) Whether the collections of information are necessary for the proper performance of the FDIC’s functions, including whether the information has practical utility; (b) the accuracy of the estimates of the burden of the information collections, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collections of information on respondents, including through the use of automated collection techniques

or other forms of information technology. All comments will become a matter of public record.
