

distribution facilities serving communities in which the average residential expenditure for home energy is at least 275 percent of the national average. Grants may also be used for programs that install on-grid and off-grid renewable energy systems and energy efficiency improvements in eligible communities.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 3.41 hours per response.

Respondents: For profit and non-profit entities, State and local governments, Indian Tribes, other Tribal entities, Alaskan Native Corporations and Individuals. See 7 CFR 1709.106.

Estimated Number of Respondents: 60.

Estimated Total Annual Responses: 344.

Estimated Number of Responses per Respondent: 5.73.

Estimated Total Annual Burden on Respondents: 1,172 hours.

Copies of this information collection can be obtained from Pamela Bennett, Rural Development Innovation Center—Regulations Management Division, USDA, 1400 Independence Avenue SW, South Building, Washington, DC 20250–1522. Telephone: (202) 720–9639. Email: pamela.bennett@usda.gov.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Andrew Berke,

Administrator, Rural Utilities Service.

BILLING CODE 3410–15–P

DEPARTMENT OF COMMERCE

Census Bureau

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; National Survey of Children's Health.

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize

the public's reporting burden. Public comments were previously requested via the **Federal Register** on November 14, 2023 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: U.S. Census Bureau, Department of Commerce.

Title: National Survey of Children's Health.

OMB Control Number: 0607–0990

Form Number(s): NSCH–S1 (English Screener), NSCH–T1 (English Topical for 0- to 5-year-old children), NSCH–T2 (English Topical for 6- to 11-year-old children), NSCH–T3 (English Topical for 12- to 17-year-old children), NSCH–S–S1 (Spanish Screener), NSCH–S–T1 (Spanish Topical for 0- to 5-year-old children), NSCH–S–T2 (Spanish Topical for 6- to 11-year-old children), and NSCH–S–T3 (Spanish Topical for 12- to 17-year-old children).

Type of Request: Regular submission, Request for a Revision of a Currently Approved Collection.

Number of Respondents: 73,641 for the screener only and 56,649 for the combined screener and topical, for a total of 130,290 respondents.

Average Hours per Response: 5 minutes per screener response and 35–36 minutes per topical response, which in total is approximately 40–41 minutes for households with eligible children.

Burden Hours: 44,270.

Needs and Uses: The National Survey of Children's Health (NSCH) enables the Maternal and Child Health Bureau (MCHB) of the Health Resources and Services Administration (HRSA) of the U.S. Department of Health and Human Services (HHS) along with supplemental sponsoring agencies, states, and other data users to produce national and state-based estimates on the health and well-being of children, their families, and their communities as well as estimates of the prevalence and impact of children with special health care needs.

Data will be collected using one of two modes. The first mode is a web instrument (Centurion) survey that contains the screener and topical instruments. The web instrument first will take the respondent through the screener questions. If the household screens into the study, the respondent will be taken directly into one of the three age-based topical sets of questions. The second mode is a mailout/mailback of a self-administered paper-and-pencil interviewing (PAPI) screener instrument followed by a separate mailout/mailback of a PAPI age-based topical instrument.

The National Survey of Children's Health (NSCH) is a large-scale (sample size is approximately 375,000 addresses) national survey with

approximately 292,500 addresses included in the base production survey and approximately 82,500 addresses included as part of fourteen separate state-based or region-based oversamples. As in prior cycles of the NSCH, there remain two key, non-experimental design elements. The first non-experimental design element is the use of an unconditional incentive (\$5) in the initial screener and topical invitations. For the initial screener invitation, 90% of sampled addresses receive the cash incentive; the remaining 10% (the control) do not receive an incentive. This approach is used to consistently monitor the effectiveness of the cash incentive each cycle. The second non-experimental design element is a data collection procedure based on the block group-level paper-only response probability used to identify households (30% of the sample) that would be more likely to respond by paper and send them a paper questionnaire in the initial mailing and every nonresponse follow-up mailing.

The 2024 NSCH will also include a targeted secondary unconditional incentive test to encourage response from a subset of the sample that started the web questionnaire but did not finish. Prior cycles of the survey have included a \$5 unconditional cash incentive with both the initial screener mailing as well as the initial paper topical mailing as outlined in the paragraph above. The incentive has proven to be a cost-effective intervention for increasing survey response and reducing nonresponse bias.

Affected Public: Individuals or households.

Frequency: The 2024 collection is the ninth administration of the NSCH. It is an annual survey, with a new sample drawn for each administration.

Respondent's Obligation: Voluntary.

Legal Authority: Census Authority: Title 13, United States Code (U.S.C.), section 8(b) (13 U.S.C. 8(b)).

HRSA MCHB Authority: Section 501(a)(2) of the Social Security Act (42 U.S.C. 701).

United States Department of Agriculture Authority: Agriculture Improvement Act of 2018, Public Law 115–334.

United States Department of Health and Human Services' Centers for Disease Control and Prevention, National Center on Birth Defects and Developmental Disabilities Authority: Public Health Service Act, Section 301, 42 U.S.C. 241.

United States Department of Health and Human Services' Centers for Disease Control and Prevention,

National Center for Chronic Disease Prevention and Health Promotion
Authority: Sections 301(a), 307, and 399G of the Public Health Service [42 U.S.C. 241(a), 242l, and 280e-11], as amended.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function and entering either the title of the collection or the OMB Control Number 0607-0990.

BILLING CODE 3510-07-P

DEPARTMENT OF COMMERCE

Census Bureau

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; State and Local Government Finance and Public Employment and Payroll Forms

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on November 21, 2023 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: U.S. Census Bureau, Department of Commerce.

Title: State and Local Government Finance and Public Employment and Payroll Forms.

OMB Control Number: 0607-0585.

Form Number(s): E-1,E-2,E-3,E-4,E-5,E-6,E-7,E-8,E-9,E-10,F-5,F-11,F-12,F-13,F-28,F-29,F-32.

Type of Request: Regular submission, request for an extension, without change, of a currently approved collection.

Number of Respondents: 29,609.

Average Hours per Response: 1 hour and 50 minutes.

Burden Hours: 54,306.

Needs and Uses: The Census Bureau is requesting extension of the clearance for the Annual Survey of Public Employment & Payroll and the Annual Survey of State and Local Government Finances. The Annual Survey of Public Employment & Payroll collects State and local government data by function for full-time and part-time employees and payroll. The Annual Survey of State and Local Government Finances collect State and local government finance data including government revenue, expenditure, debt, assets, and pension systems. Data are collected for all agencies, departments, and institutions of the fifty State governments and for a sample of all local governments (counties, municipalities, townships, and special districts). Data for school districts are collected under a separate survey and are not included here.

In years ending with 2 and 7 this collection is conducted as a part of the Census of Governments. There is no difference in content collected between a Census of Governments year and non-Census year. The only difference is that in non-Census years, we only collect from a sample of the universe of State and local governments, whereas during a Census of Governments year the entire universe is collected. The upcoming three years of this clearance extension will cover the collections for fiscal years of 2023, 2024, and 2025, all of which are non-Census years.

The data are released as part of the State and Local Government Finance and Public Employment & Payroll statistical series. The collections also produce individual data products that focus on State governments, local governments, and public pensions in greater detail than the combined financial and employment series as a by-product of their collections for the combined data series. The Census Bureau provides these data to the Bureau of Economic Analysis to develop the public sector components of the National Income and Product Accounts and for constructing the functional payrolls in the public sector of the Gross Domestic Product, payroll being the single largest component of current operations. The Census Bureau also provides these data to the Federal

Reserve Board for use in the Flow of Funds Accounts. Other Federal agencies that make use of the data include the Council of Economic Advisers, the Agency for Healthcare Research and Quality, the Government Accountability Office, and the Department of Justice. State and local governments and related organizations, public policy groups, public interest groups, private research organizations, and private sector businesses also use these data.

Frequency: Annually.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13 U.S.C., Sections 161 and 182.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function and entering either the title of the collection or the OMB Control Number 0607-0585.
