AGENCY FOR INTERNATIONAL DEVELOPMENT

Information Collection Request; 60-Day Notice and Request for Comments, Data Collection Form for the USAID Science Champion Award for International Science and Engineering Fair-Affiliated Fairs

AGENCY: Agency for International Development (USAID).

ACTION: Notice of information collection; request for comment.

SUMMARY: The Research Division within the Innovation, Technology, and Research Hub (ITR), under the Bureau for Inclusive Growth, Partnerships, and Innovation (IPI), manages U.S. Agency for International Development (USAID) involvement in the annual Regeneron International Science and Engineering Fair (ISEF). Serving as a Special Award Organization at ISEF since 2014 has allowed the Agency to recognize and award students with the USAID Science for Development Award. In the lead up to ISEF, students compete in high school science fairs that are members of the global network of the Society for Science. USAID also awards the Science Champion Award at these fairs. Winners of the Science Champion Award are selected by the high school science fairs' judges and awards committees for projects that could potentially impact a global development challenge. In order to provide accurate accounting for these awards, we need to collect information from the public, specifically from Judging Committees of science fairs participating in the program.

DATES: All comments should be submitted within 60 calendar days from the date of this publication.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments are requested regarding; whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by April 18, 2024 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function. An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid

OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Food and Nutrition Service

Title: Employment and Training Opportunities in the Supplemental Nutrition Assistance Program (SNAP).

OMB Control Number: 0584-0653.

Summary of Collection: In accordance with section 6(d)(4)(B)(i) of the Food and Nutrition Act of 2008 (FNA), as amended, and Supplemental Nutrition Assistance Program (SNAP) regulations at 7 CFR 273.7(e)(1) requires State agencies to provide case management services, such as comprehensive intake assessments, individualized service plans, progress monitoring or coordination with service providers to all SNAP Employment and Training (E&T) participants. *SNAP Employment and Training Opportunities:* The State E&T program must provide case management services such as comprehensive intake assessments, individualized service plans, progress monitoring, or coordination with service providers which are provided to all E&T participants. Case management services and activities must directly support an individual's participation in the E&T program and may include referrals to activities and supports outside of the E&T program, but State agencies can only use E&T funds for allowable components, activities, and participant reimbursements. The provision of case management services must not be an impediment to the participant's successful participation in E&T. If it's determined by case manager a mandatory E&T participant may meet an exemption from the requirement to participate in an E&T program, may have good cause for non-compliance with a work requirement, or both, the case manager must inform the appropriate State agency staff. Also, if the case manager is unable to identify an appropriate and available opening in an E&T component for a mandatory E&T participant, the case manager must inform the appropriate State agency staff.

To be considered acceptable by FNS, any component offered by a State agency must entail a certain level of effort by the participants. FNS may
