

693–3153 (this is not a toll-free number) or by email at pena.stephanie.l@dol.gov.

SUPPLEMENTARY INFORMATION: DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the Office of Management and Budget (OMB) for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

The YouthBuild Work Site Description and Housing Census (ETA–9143) form collects information about the proposed work sites for low-income or homeless individuals or families where YouthBuild participants receive training and participate in construction skills activities. This form also collects information annually on the number of housing units that grantees build or renovate each year, which allows ETA to demonstrate the annual increase in affordable housing supported by YouthBuild. ETA is proposing changes to the Annual Housing Census portion of ETA–9143 form that reduces the burden collection.

The accuracy, reliability, and comparability of program reports submitted by grantees using Federal funds are fundamental elements of good public administration and are necessary tools for maintaining and demonstrating system integrity. The Workforce Innovation and Opportunity Act (29 U.S.C. 3101) authorizes this information collection.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6.

Interested parties are encouraged to provide comments to the contact shown in the **ADDRESSES** section. Comments must be written to receive consideration, and they will be summarized and included in the request for OMB approval of the final ICR. In

order to help ensure appropriate consideration, comments should mention OMB 1205–0464.

Submitted comments will also be a matter of public record for this ICR and posted on the internet, without redaction. DOL encourages commenters not to include personally identifiable information, confidential business data, or other sensitive statements/information in any comments.

DOL is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, (e.g., permitting electronic submission of responses).

Agency: DOL–ETA.

Type of Review: Revision.

Title of Collection: YouthBuild Work Site Description and Housing Census.

Form: ETA–9143.

OMB Control Number: 1205–0464.

Affected Public: Private sector.

Estimated Number of Respondents: 650.

Frequency: Varies.

Total Estimated Annual Responses: 650.

Estimated Average Time per Response: 92 hours.

Estimated Total Annual Burden Hours: 196.6 hours.

Total Estimated Annual Other Cost Burden: \$3,912.34.

Authority: 44 U.S.C. 3506(c)(2)(A).

Laura P. Watson,

Deputy Assistant Secretary for Employment and Training, Labor.

DEPARTMENT OF LABOR

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Cadmium in General Industry Standard

ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting this Occupational Safety & Health Administration (OSHA)-sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that the agency receives on or before April 19, 2024.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Nicole Bouchet by telephone at 202–693–0213, or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: The standard requires employers to monitor worker exposure to cadmium, to provide medical surveillance, to train workers about the hazards of cadmium in the workplace, and to establish and maintain accurate records of worker exposure to cadmium. These records will be used by employers, workers, physicians and the Government to ensure that workers are not being harmed by exposure to cadmium. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on January 9, 2024 (89 FR 1127).

Comments are invited on: (1) whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) the accuracy of the agency’s estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of

automated collection techniques or other forms of information technology.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOL notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.

Agency: DOL–OSHA.

Title of Collection: Cadmium in General Industry Standard.

OMB Control Number: 1218–0185.

Affected Public: Private Sector—Businesses or other for-profits.

Total Estimated Number of Respondents: 50,679.

Total Estimated Number of Responses: 234,036.

Total Estimated Annual Time Burden: 115,626 hours.

Total Estimated Annual Other Costs Burden: \$5,493,656.

(Authority: 44 U.S.C. 3507(a)(1)(D))

Nicole Bouchet,

Certifying Official.

OFFICE OF MANAGEMENT AND BUDGET

Methods and Leading Practices for Advancing Public Participation and Community Engagement With the Federal Government

AGENCY: Office of Management and Budget (OMB), Executive Office of the President.

ACTION: Request for Information (RFI).

SUMMARY: The Federal Government is committed to making it easier for the American people to engage with their Government, and to harnessing their knowledge, needs, and lived experiences to improve how Government works for them and with them. Federal laws and Executive directives require agencies to frequently

consult with the public to inform regulations, policies, program and service design, and other actions. However, these consultation efforts may be perceived as inaccessible, convoluted, or disconnected from the interests and priorities of impacted stakeholders. According to the 2023 Partnership for Public Service (PPS) survey on trust in government, only about 1 in 5 Americans believe that the Federal Government “listens to the public” or “is transparent.”

The Office of Management and Budget (OMB), in partnership with Federal agencies and the public, is working to develop a government-wide framework, common guidelines, and leading practices for public participation and community engagement (PPCE or “participation and engagement”). This framework will enable agencies to more frequently, effectively, broadly, and meaningfully involve the public, including underserved communities, in government decision-making.

Through this Request for Information (RFI), OMB seeks input on the experiences of individuals and organizations, including from underserved communities, with informing Federal Government decision-making and participating in engagement activities with government agencies; examples of leading practices in this space; and other recommendations on available methods, approaches, and tools that could assist in the effort to develop and implement a Federal framework for participation and engagement. OMB welcomes input from a wide and diverse array of stakeholders in the public, private, advocacy, not-for-profit, and philanthropic sectors, including State, local, Tribal, and territorial governments. OMB will review and consider the usability and applicability of responses to this RFI as OMB develops a Federal framework for PPCE and supports agencies in their work to ensure that their policies and actions are responsive to all Americans.

DATES: Responses to this RFI should be received by May 17, 2024. To the extent practicable, OMB will also consider comments received after that date.

ADDRESSES: In an effort to improve accessibility, OMB is offering multiple options to provide feedback.

Responses can be submitted via the Federal eRulemaking Portal at <https://www.regulations.gov/>. Follow the instructions for submitting comments.

Alternatively, responses may be submitted through a simple form at <https://www.performance.gov/participation/>. Instructions for

submitting responses through that form can be found on the site, as well as options to register for events that OMB will host to gather live input and feedback from the public. Participation in these events is not required in order to respond to this RFI.

Instructions for Submission: Written comments should not exceed 10 pages. Attachments or linked resources or documents are not included in the 10-page limit. Please use concise, plain language in narrative or bullet format. OMB has provided some key questions on which public insights would be most valuable (see Supplementary Information, Part III). You may respond to some or all of these questions, and additional feedback beyond these questions is also welcome. Any links you provide to online materials or presentations must be publicly accessible. Each response should include:

- The name of the individual(s) and/or organization(s) responding;
- RFI question(s), topic(s), and/or policy suggestions that your submission and materials address;
- A brief description of the responding individual(s) and/or organization(s)'s mission and/or areas of experience or expertise; and
- A contact for questions or other follow-up on your response.

Please feel free to share this RFI with colleagues or others for feedback, including those who may be familiar with effective outreach to underserved communities.

Privacy Act Statement: Response to this RFI is voluntary. The information will be used to inform sound decision-making regarding the PPCE framework and other related matters. Please note that all submissions received in response to this notice may be posted on <https://www.regulations.gov/> or otherwise released in their entirety, including any personal and business confidential information provided. Do not include in your submissions any copyrighted material; information of a confidential nature, such as personal or proprietary information; or any information you would not like to be made publicly available. The OMB System of Records Notice, OMB Public Input System of Records, OMB/INPUT/01, 88 FR 20913 (<https://www.federalregister.gov/documents/2023/04/07/2023-07452/privacy-act-of-1974-system-of-records>), includes a list of routine uses associated with the collection of this information.

By responding to the RFI, each participant (individual, team, or legal entity) warrants that they are the sole author or owner of, or has the right to
