c. Completion time: 15 minutes.

d. Annual burden hours: 242 hours.

General Description of Collection:

Information will be collected from a sample of Returned Peace Corps Volunteers (RPCVs) through an online survey that will be administered by the Peace Corps. L. 115–256, section 1(a), Oct. 9, 2018, 132 Stat. 3650), the Peace Corps will conduct the survey to assess the impact of the Peace Corps on the RPCV, including the RPCV's well-being, career, civic engagement, and commitment to public service. By measuring and documenting such impact, the agency will have data that allows it to assess the continuing impact of the Peace Corps on American society, through the lives and careers that Peace Corps

Request for Comment: The Peace Corps invites comments on whether the proposed collections of information are necessary for proper performance of the functions of the Peace Corps, including whether the information will have practical use; the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of automated collection techniques, when appropriate, and other forms of information technology.
