SUPPLEMENTARY INFORMATION: The preamble below is designed to assist readers in understanding these proposed amendments to the Commission Rules. This preamble provides background information, a regulatory analysis of the proposed amendments, a section-by-section explanation of the proposed amendments to parts 201, 206, 207, and 210, and a description of the proposed amendments to the rules. The Commission encourages members of the public to comment on whether the language of the proposed amendments is sufficiently clear for users to understand, in addition to any other comments they wish to make on the proposed amendments.

If the Commission decides to proceed with this rulemaking after reviewing the comments filed in response to this notice, the proposed rule revisions will be promulgated in accordance with the applicable requirements of the Administrative Procedure Act (“APA”) (5 U.S.C. 553) and will be codified in 19 CFR parts 201, 206, 207, and 210.

Background

Section 335 of the Tariff Act of 1930 (19 U.S.C. 1335) authorizes the Commission to adopt such reasonable procedures, rules, and regulations as it deems necessary to carry out its functions and duties. This rulemaking seeks to improve provisions of the Commission’s existing Rules of Practice and Procedure, including increasing the efficiency of its proceedings and reducing the burdens and costs on the parties and the agency. The Commission proposes amendments to its rules

governing proceedings conducted under section 337 of the Tariff Act of 1930 (19 U.S.C. 1337), as well as Title VII of the Tariff Act of 1930, which comprises 19 U.S.C. 1671–1677n, sections 201–202, 204, and 406 of the Trade Act of 1974 (19 U.S.C. 2251–2252, 2254, and 2436), and sections 301–302 of the United States-Mexico-Canada Implementation Act (19 U.S.C. 4551–4552).

This rulemaking was undertaken to make certain technical corrections, to clarify certain provisions, to harmonize different parts of the Commission’s rules, and to address concerns that have arisen in Commission practice. The intended effect of the proposed amendments is to facilitate compliance with the Commission’s Rules and improve the administration of agency proceedings. The Commission is concurrently considering additional amendments to its rules to be reflected in future Notices of Proposed Rulemaking.

The current notice of proposed rulemaking is consistent with the Commission’s plan to ensure that the Commission’s rules are effective, as detailed in the Commission’s Plan for Retrospective Analysis of Existing Rules, published February 14, 2012, and found at 77 FR 8114. This plan was issued in response to Executive Order 13579 of July 11, 2011, and established a process under which the Commission will periodically review its significant regulations to determine whether any such regulations should be modified, streamlined, expanded, or repealed so as to make the agency’s regulatory program more effective or less burdensome in achieving regulatory objectives. This process includes a general review of existing regulations in 19 CFR parts 201, 206, 207, and 210.

The Commission invites the public to comment on all of these proposed rule amendments. In any comments, please consider addressing whether the language of the proposed amendments is sufficiently clear for users to understand. Please also consider addressing how the proposed rules amendments could be improved and offering specific constructive alternatives where appropriate. Because some of the provisions in the proposed amendments are similar to certain provisions in the Federal Rules of Civil Procedure, the Commission is interested in comments concerning the relevance of any variances between the proposals and similar provisions in the Federal Rules of Civil Procedure.

Consistent with its ordinary practice, the Commission is issuing these proposed amendments in accordance with the applicable requirements of

section 553 of the APA. This procedure entails the following steps: (1) publication of a notice of proposed rulemaking; (2) solicitation of public comments on the proposed amendments; (3) Commission review of public comments on the proposed amendments; and (4) publication of final amendments at least thirty days prior to their effective date.

Regulatory Analysis of Proposed Amendments to the Commission's Rules

The Commission has determined that the proposed rules do not meet the criteria described in section 3(f) of Executive Order 12866 (58 FR 51735, Oct. 4, 1993) and thus do not constitute a significant regulatory action for purposes of the Executive Order.

The Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) is inapplicable to this rulemaking because it is not one for which a notice of final rulemaking is required under 5 U.S.C. 553(b) or any other statute. Although the Commission has chosen to publish a notice of proposed rulemaking, these proposed regulations are “agency rules of procedure and practice,” and thus are exempt from the notice requirement imposed by 5 U.S.C. 553(b).

These proposed rules do not contain federalism implications warranting the preparation of a federalism summary impact statement pursuant to Executive Order 13132 (64 FR 43255, Aug. 4, 1999).

No actions are necessary under the Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1501 *et seq.*) because the proposed rules will not result in expenditure in the aggregate by State, local, and tribal governments, or by the private sector, of \$100,000,000 or more in any one year, and will not significantly or uniquely affect small governments, as defined in 5 U.S.C. 601(5).

The proposed rules are not major rules as defined by section 804 of the Small Business Regulatory Enforcement Fairness Act of 1996 (5 U.S.C. 801 *et seq.*). Moreover, they are exempt from the reporting requirements of the Contract With America Advancement Act of 1996 (Pub. L. 104–121) because they concern rules of agency organization, procedure, or practice that do not substantially affect the rights or obligations of non-agency parties.

The amendments are not subject to section 3504(h) of the Paperwork Reduction Act (44 U.S.C. 3504(h)).

Part 201—Rules of General Application

Subpart A—Miscellaneous

Section 201.3a

Section 201.3a provides for the inclusion of missing children information in Commission mailings pursuant to 39 U.S.C. 3220. There are several sentences throughout part 201 of the Commission's Rules of Practice and Procedure that contain gender-specific language, including in paragraph 201.3a(c). Because this is inconsistent with the Commission's ongoing commitment to inclusiveness, the Commission proposes to replace this language with gender-neutral terminology. No substantive change is intended. Thus, in paragraph 201.3a(c) the Commission intends to revise “The Director of Administration shall make such changes in the procedure as he deems appropriate” to read “The Chief Administrative Officer shall make such changes in the procedure as the Officer deems appropriate.” The Commission also proposes to correct a typographical error, changing “childern” to “children.”

Subpart B—Initiation and Conduct of Investigations

Section 201.8

Section 201.8 provides for the filing of documents with the Commission. Due to the global COVID–19 pandemic, the Commission previously published temporary changes to its filing procedures. *See* 85 FR 15798 (Mar. 19, 2020). The temporary changes waived and amended certain of the Commission's rules that require the filing of paper copies, CD-ROMs, and other physical media in section 337 investigations. In particular, the Commission eliminated the requirement for paper-based filings, including paper copies, and allowed for electronic filing and service of confidential and public documents via the Commission's Electronic Document Information System (EDIS) in section 337 investigations, safeguard investigations, and antidumping and countervailing duty investigations and reviews.

Both the International Trade Commission Trial Lawyers Association (ITCTLA) and the Customs and International Trade Bar Association (CITBA) request that the Commission permanently adopt the temporary e-filing rules. The CITBA states that by adopting the existing temporary e-filing rules as final rules, the Commission can modernize its existing filing procedures, eliminate paper-based filings and paper copies in accordance with the Paperwork Reduction Act (44 U.S.C.

3501 *et seq.*), and save taxpayer money. EDIS Doc. ID No. 722134. The ITCTLA states that permanently adopting the existing temporary waivers of the paper-based filings and paper copy requirements and permitting electronic filing and service of confidential and public documents is in the public interest, promotes administrative efficiencies, and saves taxpayer money. EDIS Doc. ID No. 723747.

The Commission proposes to permanently adopt certain of the temporary changes to its filing procedures. In particular, the Commission proposes to add a requirement that all documents be filed electronically in paragraph (d)(1). The Commission also proposes to eliminate the requirement for submission of paper copies in most cases. For proceedings under section 337, as discussed below with respect to section 210.4, the Commission proposes to eliminate the requirement for submission of paper copies except for complaints and supplements and amendments thereto. For proceedings under other Commission authorities, the Commission proposes to revise section 201.8 (applicable to proceedings other than under section 337) to eliminate the requirement for submission of paper copies in paragraph (d)(1), except as required by the Secretary pursuant to existing paragraph (d)(6), renumbered herein as paragraph (d)(3).

The Commission also proposes to amend paragraphs (a), (c), (f), and (g) to reflect the requirement for electronic filing, while recognizing that there might be situations where paper filings are necessary. Paragraphs (d)(2), (d)(3), and (d)(5) have been removed and paragraphs (d)(4), (d)(6), and (d)(7) have been renumbered as paragraphs (d)(2), (d)(3), and (d)(4), respectively.

The Commission also proposes to replace “agent” in paragraph (e) of section 201.8 with “corporate representative.” The proposed change discourages misrepresentations that a person is an attorney or acting as counsel without appropriate qualifications as set forth in paragraph 201.15(a). The rule continues to permit inventors and small businesses to appear *pro se* but requires corporations to be represented by counsel or a corporate representative, similar to the practice in federal district court.

For the reasons noted above under paragraph 201.3a(c), the Commission proposes to change certain gender-specific language in section 201.8 from “his address” to “a current address,” “he had” to “the person has,” and “his” to “that person's.” No substantive change is intended.

Section 201.12

Section 201.12 provides authorization for any party to a nonadjudicative investigation to request the Commission to take particular action with respect to that investigation. For the reasons noted above under paragraph 201.3a(c), the Commission proposes to change certain gender-specific language in section 201.12 from “shall be placed by him in the record” to “shall be placed by the Secretary in the record.” No substantive change is intended. The Commission also proposes to eliminate the requirement for submission of paper copies of the request consistent with the proposed amendments to section 201.8. The removal of the requirement for electronic filing from this rule is in light of the requirement in 201.8 that all documents be filed electronically.

Section 201.13

Section 201.13 provides the general provisions for the conduct of nonadjudicative hearings. This includes hearings in antidumping and countervailing duty investigations and reviews under Title VII. For the reasons noted above under paragraph 201.3a(c), the Commission proposes to change certain gender-specific language in paragraph 201.13(d) from “a list of the witnesses he intends to call” to “a list of the witnesses that person intends to call.” No substantive change is intended. The Commission proposes to amend paragraph 201.13(f) to require that the supplementary materials be filed no later than the day of the hearing. The Commission also proposes to clarify that supplementary materials do not include witness testimony, which are addressed in sections 207.15 and 207.24.

Section 201.14

Section 201.14 provides for the computation of time, additional hearings, postponements, continuances, and extensions of time. The Commission proposes to eliminate the requirement for submission of paper copies of the request in paragraph (b)(3) consistent with the proposed amendments to section 201.8. The removal of the requirement for electronic filing from this rule is in light of the requirement in 201.8 that all documents be filed electronically.

Section 201.15

Section 201.15 provides general provisions for attorneys and others practicing and appearing before the Commission. The proposed rule would revise paragraph (a) to indicate that no separate application for admission to practice before the Commission is

required. It would also revise the paragraph to provide that attorneys practicing or desiring to practice before the Commission must maintain a bar membership in good standing in any State of the United States or the District of Columbia and must report any change in status including, but not limited to, disbarment or suspension by any bar association, court, or agency. The Commission welcomes comments on whether these requirements should be mandatory or permissive. If it is mandatory, please explain how the Commission should use this information. Non-attorneys desiring to appear before the Commission may be required to show that they are acceptable in the capacity in which they seek to appear.

The proposed rule would also revise paragraph (b) to clarify that the restrictions on a former officer or employee of the Commission from practicing or appearing before the Commission in connection with a matter which was pending in any manner or form in the Commission during that person’s employment applies to both former attorney and non-attorney employees of the Commission.

Additionally, for the reasons noted above under paragraph 201.3a(c), the Commission proposes to change certain gender-specific language in paragraphs (a) and (b) of section 201.15 to remove several references to “he,” “him,” and “his.” No substantive changes are intended.

Section 201.16

Section 201.16 provides the general provisions for service of process and other documents. The proposed rule would amend paragraphs (d) and (e) of section 201.16 by clarifying that the calculation of additional time after service by mail or express delivery in Commission proceedings conducted under section 337 is governed by the provisions of section 210.6. The Commission also proposes removing the parenthetical authority citation at the end of the section and incorporating it into the Authority statement at the beginning of part 201.

Subpart C—Availability of Information to the Public Pursuant to 5 U.S.C. 552

Section 201.20

Section 201.20 provides the general provisions for payment of fees to the Commission. For the reasons noted above under paragraph 201.3a(c), the Commission proposes to change certain gender-specific language in paragraphs 201.20(d)(2)(iii), 201.20(e), and 201.20(g)(2) to remove several

references to “he,” “him,” and “his.” No substantive change is intended. The Commission also proposes to change “30 days” to “thirty (30) days” in paragraph (g)(2) for clarity.

Subpart D—Safeguarding Individual Privacy Pursuant to 5 U.S.C. 552a

Section 201.32

Section 201.32 contains provisions regarding records that are exempted from paragraphs (c)(3), (d), (e)(1), (e)(4)(G) through (I) and (f) of the Privacy Act of 1974, 5 U.S.C. 552a. For the reasons noted above under paragraph 201.3a(c), the Commission proposes to change certain gender-specific language in paragraph 201.32(b) from “to which he is otherwise entitled” to “to which that individual is otherwise entitled.” No substantive change is intended.

Part 206—Investigations Relating to Global and Bilateral Safeguard Actions, Market Disruption, Trade Diversion, and Review of Relief Actions*Subpart A—General*

Section 206.2

Section 206.2 provides for investigations to commence on the basis of a petition, request, resolution, or motion as provided for in the statutory provisions listed in sections 206.1 and 206.31. The Commission proposes to amend this section to direct parties to section 201.8, which includes the general requirement for electronic filing, and to remove the paper-filing requirement.

Section 206.8

Section 206.8 provides for the service, filing, and certification of documents in certain proceedings including bilateral and global safeguard investigations. Consistent with the proposed amendments to section 201.8, the Commission proposes to eliminate the requirement for submission of paper copies of briefs in paragraph (d).

Part 207—Investigations of Whether Injury to Domestic Industries Results From Imports Sold at Less Than Fair Value or From Subsidized Exports to the United States*Subpart B—Preliminary Determinations*

Section 207.10

Section 207.10 provides filing requirements for petitions before the Commission. The Commission proposes removing paper filing requirements for petitions from paragraph (a) and deeming the filing date as the date when the petition is filed electronically. The Commission also proposes to remove

the requirement for facsimile notifications from paragraph (b)(1)(i).

Section 207.15

Section 207.15 provides for written briefs and a conference in preliminary phase antidumping and countervailing duty investigations. Consistent with the proposed amendments to section 201.8, the Commission proposes to eliminate the requirement for submission of paper copies of briefs. The Commission proposes to only require submission of paper copies of written witness testimony when it is provided on the day of the conference, but not when it is filed electronically prior to the date of the conference. For the reasons noted above under paragraph 201.3a(c), the Commission proposes to change certain gender-specific language to remove a reference to “he.” No substantive change is intended. The Commission also proposes to remove language related to electronic filing since that requirement is in section 201.8 and to replace the term “Director” with “presiding official” for consistency.

Subpart C—Final Determinations, Short Life Cycle Products

Section 207.23 and Section 207.25

Sections 207.23 and 207.25 provide for prehearing briefs and posthearing briefs, respectively, in final phase antidumping and countervailing duty investigations. Consistent with the proposed amendments to section 201.8, the Commission proposes to eliminate the requirement for submission of paper copies of prehearing briefs and posthearing briefs. The Commission proposes to remove language related to electronic filing since that requirement is in section 201.8.

Section 207.24

Section 207.24 provides procedures for hearings. The Commission proposes to only require submission of paper copies of written witness testimony when it is provided on the day of the hearing, but not when it is filed electronically prior to the date of the hearing. The Commission proposes to delete the reference to paragraph 201.13(f), consistent with the clarifications proposed for that section.

Section 207.28

Section 207.28 provides for statements filed by persons regarding anticircumvention matters under Title VII. Consistent with the proposed amendments to section 201.8, the Commission proposes to eliminate the requirement for submission of paper copies of such submissions. The Commission proposes to remove

language related to electronic filing since that requirement is in section 201.8. The Commission also proposes to refer to “submissions” throughout the section for consistency.

Section 207.30

Section 207.30 provides for final comments on information in final phase antidumping and countervailing duty investigations. Consistent with the proposed amendments to section 201.8, the Commission proposes to eliminate the requirement for submission of paper copies of such comments. The Commission proposes to remove language related to electronic filing since that requirement is in section 201.8.

Subpart E—Five-Year Reviews

Section 207.61

Section 207.61 provides for responses to notices of institution of five-year reviews. Consistent with the proposed amendments to section 201.8, the Commission proposes to eliminate paragraph (e), including the requirement for submission of paper copies of responses and the language related to electronic filing since that requirement is in section 201.8.

Section 207.62

Section 207.62 provides for rulings on adequacy and nature of Commission review in five-year reviews. Consistent with the proposed amendments to section 201.8, the Commission proposes to eliminate the requirement for submission of paper copies for comments filed under this section. The Commission proposes to remove language related to electronic filing since that requirement is in section 201.8.

Section 207.65 and Section 207.67

Sections 207.65 and 207.67 provide for prehearing briefs and posthearing briefs, respectively, in five-year reviews. Consistent with the proposed amendments to section 201.8, the Commission proposes to eliminate the requirement for submission of paper copies of prehearing briefs and posthearing briefs. The Commission proposes to remove language related to electronic filing since that requirement is in section 201.8.

Section 207.68

Section 207.68 provides for final comments on information in five-year reviews. Consistent with the proposed amendments to section 201.8, the Commission proposes to eliminate the requirement for submission of paper copies for comments filed under this

section. The Commission proposes to remove language related to electronic filing since that requirement is in section 201.8.

Subchapter C—Investigations of Unfair Practices in Import Trade (Section 337)

Part 210—Adjudication and Enforcement

Subpart A—Rules of General Applicability

Section 210.4

Section 210.4 provides for written submissions, representations, and sanctions in section 337 proceedings. The proposed rule makes several amendments to the existing rule. Specifically: For the reasons discussed in connection with section 201.8, the Commission proposes to replace “agent” in paragraph (b) with “corporate representative.”

The Commission also proposes to correct a typographical error in paragraph 210.4(d)(1)(i), which should refer to “paragraph (i) of this section” rather than to “paragraph (g) of this section.”

Consistent with the proposed amendments to sections 201.8, 206, 207, 201.12, and 201.14, the Commission proposes to require electronic filing of all documents filed under this part by adding new paragraph (f)(2) and to eliminate the requirements provided under existing paragraph (f)(2) (renumbered as paragraph (f)(3)) for submission of paper copies for all filings. The Commission proposes to remove existing paragraphs (f)(3) through (f)(6) and renumber the remaining paragraphs accordingly. Renumbered paragraphs (f)(4) and (f)(5) (current paragraphs (f)(7) and (f)(8)) remain unchanged. The Commission also proposes to revise existing paragraphs (f)(9) (renumbered paragraph (f)(6)), (g), and (h)(1) to remove a disallowed paragraph heading and to remove language related to paper filings, while also recognizing that paper copies might be necessary in certain situations. The Secretary retains discretion to make exceptions or modifications to the filing requirements per existing paragraph (f)(8) (renumbered paragraph (f)(5)), including requiring or authorizing paper copies.

There are several sentences throughout part 210 of the Commission’s Rules of Practice and Procedure that contain gender-specific language, including in paragraph 210.4(b) to change “his” to “a” and 210.4(h)(2) to change “he” to “the administrative law judge.” For the reasons noted above under paragraph

201.3a(c), the Commission proposes to replace gender-specific language with gender-neutral terminology. No substantive changes are intended.

Section 210.7

Section 210.7 provides for the service of process and other documents and for the publication of notices. In particular, paragraph (a)(2) identifies documents issued by or on behalf of the Commission or an administrative law judge that shall be served by express delivery on a private party. The Commission proposes to amend paragraph 210.7(a)(2) by revising the list of documents to add show cause orders issued under paragraph 210.16(b)(1)(i). Such orders direct a respondent that has failed to respond or appear in the manner described in paragraph (a)(1) of section 210.16 to show cause why it should not be found in default. The revision is a clarification of existing practice rather than a substantive change in Commission procedures.

Subpart B—Commencement of Preinstitution Proceedings and Investigations

Section 210.8

Section 210.8 generally provides for the filing of a complaint, enforcement complaint, supplement, or pre-institution amendment under paragraph 210.14(a) thereto, and for filings by complainants, respondents, and members of the public concerning public interest issues raised by the complaint. The Commission proposes to remove the requirement for paper filings in section 337 investigations and to require filing of the documents listed above in accordance with section 210.4. The proposed rule amends paragraph (a)(1) to allow the complainant until the close of the next business day to deliver to the Secretary paper service copies of the complaint, enforcement complaint, supplement, or pre-institution amendment under paragraph 210.14(a) thereto, and electronic copies of the exhibits on a CD ROM, DVD, or other portable electronic media approved by the Secretary. The amendment to paragraph (a)(1) also proposes adding the provision that failure to timely provide service copies may result in a delay or denial of institution of an investigation under section 210.10 for failure to properly file the complaint. The Commission also clarifies that the rule applies to original complaints, enforcement complaints, supplements, or amendments thereto and adds a new heading to paragraph (a).

For original complaints, enforcement complaints, supplements, or pre-

institution amendments thereto requesting temporary relief, the Commission proposes to remove paper filing requirements. The proposed rule amends paragraph (a)(2) to allow the complainant until the close of the next business day to deliver to the Secretary paper service copies of the motion and electronic copies of the exhibits on a CD ROM, DVD, or other portable electronic media approved by the Secretary. Nothing in the amendments waives the requirement that complainant serve a motion for temporary relief on respondents under section 210.54.

The proposed rule amends paragraph 210.8(c) to allow a member of the public, interested government agencies, or proposed respondents to file comments that address not only the public interest but other issues, for example whether the Commission should place a pending investigation into the 100-day program pursuant to paragraph 210.10(b)(3) for early disposition of a potentially dispositive issue, or provision of information regarding prior relationships between proposed respondents and/or the complainant. If a confidential version of such comments is filed, the proposed rule requires the filer to concurrently provide a public version of the submission to both the Secretary to the Commission and the complainant. This ensures that a complainant will be promptly notified of submissions even when the publication of the public version of such filings on EDIS is delayed.

The Commission notes that paragraph 210.8(c)(2) currently provides that a complainant's reply to any submissions received under paragraph (c)(1) of this section is due within three (3) calendar days following the filing of the submissions. The Commission proposes to clarify that, while these three (3) calendar days commence on the first business day following the day on which submissions under paragraph (c)(1) are due, they will include subsequent Saturdays, Sundays, and Federal legal holidays, notwithstanding the language of section 201.14. If the last day of the period so computed is a Saturday, Sunday, or Federal legal holiday, the period will run until the end of the next business day. This reflects the Commission's current practice, and the proposed amendment to paragraph 210.8(c)(2) is merely intended to eliminate any perceived ambiguity regarding this deadline. Paragraph (c)(2) is also amended to clarify that such public interest filings may be submitted by interested government agencies.

The proposed rule further amends paragraph 210.8(c) by adding an additional paragraph (3) to clarify that no additional submissions beyond those already contemplated by paragraph 210.8(c) will be accepted unless requested by the Commission.

Finally, the Commission proposes to specify numerically and in words the time periods and page limits in paragraph (c) for clarity. This change is seen throughout the proposed rules. No substantive change is intended.

Section 210.10

Section 210.10 provides the general provisions for institution of an investigation. The proposed rule amends paragraph (a)(1) of this section to add that the Commission will not institute an investigation within thirty (30) days after the complaint is filed if the Commission determines that the complaint or any exhibits or attachments thereto contain excessive designations of confidentiality that are not warranted under paragraph 201.6(a) and section 210.5 of this chapter. Proposed paragraph (a)(7) explains that, under such circumstances, the Commission may require the complainant to file new nonconfidential versions of the aforesaid submissions in accordance with section 210.8 and may determine that the thirty (30) day period for deciding whether to institute an investigation shall begin to run anew from the date that the new nonconfidential versions are filed with the Commission. This is consistent with existing paragraph 210.55(b) of this chapter, which contains similar provisions pertaining to complaints accompanied by a motion for temporary relief and is also proposed to be added to section 210.75.

Section 210.11

Section 210.11 provides the general provisions for the service of the complaint and notice of investigation. The proposed rule removes the phrase “[u]nless the Commission institutes temporary relief proceedings” from paragraph (a)(1) to require that the paper service copies be provided to the Secretary in every investigation that is instituted. The proposed rule also indicates that the requirements of paragraph (a)(2) are in addition to paragraph (a)(1) and removes paragraph (a)(2)(ii) as duplicative of paragraph (a)(1)(ii). The proposed rule also removes paragraph (a)(3) in light of proposed revisions to paragraph 210.14(b)(i), which memorialize the Commission's practice regarding amended complaints that name an additional respondent.

Subpart C—Pleadings

Section 210.12

Section 210.12 contains the provisions governing the content, sufficiency, and submission of a complaint alleging a violation of section 337. The proposed rule makes several amendments to the existing rule. Specifically:

For the reasons discussed in connection with section 201.8, the Commission proposes to replace “agent” in paragraph (a)(1) with “corporate representative” and to amend certain gender-specific language in paragraphs (a)(1) and (j). The proposed rule amends paragraph 210.12(a)(1) to require a complaint to include email addresses for the complainant and its duly authorized officer, attorney, or corporate representative who has signed the complaint. The proposed rule amends paragraph 210.12(a)(3) to remove reference to the Tariff Schedules of the United States that applied prior to January 1, 1989. The proposed rule amends paragraph 210.12(a)(5) to expand the required disclosure to include information about arbitrations concerning the alleged unfair methods of competition and unfair acts, or the subject matter thereof.

The proposed rule amends paragraph 210.12(a)(6)(i) by reorganizing the rule to more clearly distinguish between the information required to support a complaint based on an alleged domestic industry that exists and the information required to support a complaint based on an alleged domestic industry in the process of being established for complaints that allege a violation based on infringement of a U.S. patent, or a federally registered copyright, trademark, mask work, or vessel hull design. The proposed rule also corrects typographical errors in spacing and punctuation in paragraphs 210.12(a)(6)(ii) and 210.12(a)(6)(iii).

The proposed rule amends paragraph 210.12(a)(7) by removing an extraneous “and” at the end of paragraph (a)(7).

The proposed rule amends paragraphs 210.12(a)(8)(i) and (ii) to clarify that, for complaints based on an unfair act or method of competition under section 337(a)(1)(A), the complaint’s statement of facts should include factual allegations that would show the existence of each element of the cause of action underlying the unfair act or method of competition. The purpose of these amendments is to make clear that bare assertions of unfair acts or methods of competition without factual allegations supporting all elements of a cognizable legal theory do not meet the

requirements of paragraph 210.12(a)(2). For example, if a complaint is based on trade secret misappropriation, it must include factual allegations sufficient to establish every element of a trade secret misappropriation claim. The proposed rule also corrects the terminal punctuation for paragraph 210.12(a)(8)(ii) and requires that the complaint state the elements of the proposed theory.

The proposed rule amends paragraph 210.12(a)(9)(v) by adding a requirement to disclose known domestic patent applications that correspond to the patents asserted in the investigation in addition to the existing required disclosure of foreign patent applications. The Commission is interested in comments from the public regarding the burden this amendment would place on complainants.

The proposed rule corrects the terminal punctuation for paragraph 210.12(a)(9)(xi) and adds an “and” at the end of paragraph 210.12(a)(10)(i) for grammatical purposes.

The proposed rule amends paragraph 210.12(a)(11) by adding a requirement that a complaint seeking a general exclusion order must plead factual allegations sufficient to show that such an order is available under the requirements of paragraph 337(d)(2). The Commission notes that this information has been voluntarily included in various complaints filed under the current rules. This proposed amendment would formalize the requirement to include such information in complaints going forward. The Commission believes this amendment will lead to greater efficiency in investigations where general exclusion orders are requested. The proposed rule also adds an “and” at the end of paragraph 210.12(a)(11)(ii) for grammatical purposes.

The proposed rule amends paragraph 210.12(b) to change the word “all” to “exemplary.” It might not be feasible to submit all imports.

The proposed rule amends paragraphs 210.12(c) through (h) to remove the reference to the “original” complaint because the rules propose to remove paper filings. The proposed rule amends paragraph 210.12(c)(2) by eliminating the requirement that the complaint be accompanied by the applicable pages of each technical reference mentioned in the prosecution history of each involved U.S. patent. The Commission believes that this requirement is no longer necessary given the availability of such materials online. The proposed rule also amends paragraph 210.12(c) by removing the requirement in paragraph (2) for four (4) copies of the patent,

because it is duplicative of paragraph 210.12(a)(9)(i), and by adding new paragraph (2) requiring one copy of each prosecution history of any priority applications for the asserted patents to accompany a patent-based complaint.

Section 210.13

Section 210.13 provides the general provisions for filing a response to a complaint. For the reasons discussed in connection with section 201.8, the Commission proposes to replace “agent” in paragraph (b) with “corporate representative” and to amend certain gender-specific language in paragraph (b) to eliminate a reference to “his” duly authorized officer. The Commission also proposes requiring an email address for each respondent.

Section 210.14

Section 210.14 generally provides for amendments to the pleadings and notice of investigation. Paragraph (a) provides for preinstitution amendments to the complaint and notice of investigation, while paragraph (b) provides for post-institution amendments.

The Commission proposes amending the heading of this section to indicate the existing severance provision under paragraph (h). The Commission further proposes to add the requirement that amended complaints, exhibits, and supplements thereto, filed under this section shall be filed electronically with the Secretary pursuant to section 210.4.

The Commission further proposes to amend paragraphs (a) and (b)(1) to clarify that any proposed amendment to the complaint and notice of investigation that introduces an additional unfair act or an additional respondent must comply with the content requirements of paragraph 210.12(a). *See Certain Skin Rejuvenation Resurfacing Devices, Components Thereof, and Products Containing the Same*, Inv. No. 337-TA-1262, Notice of Commission Decision to Review, and on Review to Vacate and Remand, an Initial Determination Granting Complainants’ Motion to Amend the Complaint and Notice of Investigation (Sept. 22, 2021). For example, an amendment to add a cause of action under section 337(a)(1)(A) of the Tariff Act of 1930 to an investigation instituted under section 337(a)(1)(B) of that Act would be required to contain all of the information required in the relevant portions of paragraph 210.12(a) of the Commission’s Rules. The purpose of the amendment is to ensure that the public, all affected parties, and/or new respondents have adequate notice of the scope of any substantive amendment to

the complaint and notice of investigation.

For paragraph 210.14(b)(1), the requirement is also intended to provide the presiding administrative law judge and the Commission with the information needed to determine whether good cause exists to allow the proposed amendment after institution. This section is also amended to make clear that the complainant shall serve the motion to amend the complaint and notice of investigation on the new respondent and on all current respondents. It also is amended to require the Commission to serve the amended complaint and notice of investigation on any new respondent and the embassies of the relevant foreign countries after the Commission determines to affirm or not review an initial determination granting the motion. Further, this section is amended to require complainants to file service copies of the complaint and exhibits, including paper service copies of the amended complaint, for each new respondent and for the embassy of the country in which the respondent is located by the close of the next business day after the amended complaint is filed.

Paragraph 210.14(b)(1) currently lacks any indication of whether and when a response to an amended complaint and notice of investigations is required. The absence of such guidance has led to inconsistent practice across investigations. Accordingly, the Commission proposes to amend paragraph 210.14(b)(1) by clarifying that responses from respondents currently in the investigation are required and that they shall be due within ten (10) days of the service of the order, or of the Commission determination affirming or not reviewing an initial determination, as applicable, that grants a motion to amend the complaint and/or notice of investigation. The Commission intends that any response to an amended complaint and/or notice of investigation should conform to the same content requirements applicable to a response to an initial complaint and notice of investigation, as provided in paragraph 210.13(b).

The proposed rule also specifies that if any additional respondents are added to the investigation, they shall have twenty (20) days from the date of service of the amended complaint and notice of investigation to file a written response.

Paragraph 210.14(g) currently allows two or more investigations to be consolidated in two circumstances: (1) the Commission may consolidate the investigations; or (2) the presiding administrative law judge may

consolidate investigations before that judge. There is no mechanism under the current rule for investigations before different administrative law judges to be consolidated, absent Commission intervention. The proposed amendment to paragraph 210.14(g) would address this by providing that the Chief Administrative Law Judge may consolidate investigations that are before different presiding administrative law judges and assign an administrative law judge to preside over the consolidated investigations.

Subpart D—Motions

Section 210.15

Section 210.15 contains the general provisions regarding motion practice at the Commission. For the reasons noted above under section 210.4, the Commission proposes to amend certain gender-specific language in paragraph (a)(2) to replace “Chairman” with “Chair” and in paragraph (c) to replace “shall respond or he may be deemed to have consented” with “shall respond or may be deemed to have consented.” In paragraph (c), the Commission also proposes to change “10 days” to “ten (10) days” for clarity. No substantive change is intended.

Section 210.16

Sections 210.16 and 210.17 govern the procedures to be followed when a party defaults or otherwise fails to act during an investigation. Paragraph (b)(3) of section 210.16 governs a respondent’s ability to elect to default by notice when the respondent has failed to respond to the complaint and notice of investigation, while paragraph (h) of section 210.17 governs a respondent’s ability to elect to default by notice after having responded to the complaint and notice of investigation. The similarity in the language of the two sections, however, has caused confusion about whether and how to default at different stages of an investigation, with parties often citing to the wrong rule in their submissions. Accordingly, the Commission proposes to amend paragraph 210.16(b)(3) by moving certain language from paragraph 210.17(h) into a new paragraph 210.16(b)(3)(i) and adding language common to both current sections in new paragraph 210.16(b)(3)(ii). The undesignated language after paragraph (h) would be redesignated paragraph (h) under this proposal.

For the reasons noted above under section 210.4, the Commission also proposes to amend certain gender-specific language in paragraphs 210.16(b)(1)(i) and 210.16(b)(2) by

replacing “upon his own initiative” and “on his own initiative,” respectively, with “*sua sponte*.” No substantive change is intended. The Commission also proposes adding a reference to section 210.33 in paragraph 210.16(b)(2) relating to the failure to make or cooperate in discovery.

Section 210.17

As noted above, sections 210.16 and 210.17 govern the procedures to be followed when a party defaults or otherwise fails to act during an investigation. For the reasons described above, the Commission proposes to move certain language from paragraph 210.17(h) into paragraph 210.16(b), and to otherwise delete paragraph (h) from section 210.17.

Section 210.18

Section 210.18 governs the procedures to be followed with regard to motions for summary determination. For clarity, the Commission proposes to replace “10 days” with “ten (10) days” in the first sentence of paragraph 210.18(b). For the reasons noted above under section 210.4, the Commission also proposes to amend certain gender-specific language in paragraph (b) to remove a reference to “his” discretion. No substantive change is intended.

Section 210.20

Section 210.20 contains provisions regarding the declassification of confidential information. For the reasons noted above under section 210.4, the Commission proposes to amend certain gender-specific language in paragraph (a) by replacing “he” with “the chief administrative law judge.” No substantive change is intended.

Section 210.25

Section 210.25 contains general provisions for the imposition of sanctions. The Commission proposes to revise paragraph (d) of section 210.25 by eliminating the statement that the period for filing petitions of an administrative law judge’s initial determination concerning sanctions will be specified in a Commission notice. The purpose of this change is to eliminate confusion, as some parties have believed that they must wait for the Commission to set a briefing schedule before petitioning an initial determination on sanctions. The Commission proposes to amend the rule to clarify that the period for filing a request for an interlocutory appeal of a sanctions order is governed by paragraph 210.24(b)(1), and that, if an interlocutory appeal of a previously issued order is denied or if the sanctions

order is issued concurrently with the initial determination concerning violation of section 337, the period for filing a petition for review of a sanctions order is governed by the period in which a petition for review of the initial determination terminating the investigation may be filed in paragraph 210.43(a). If the administrative law judge defers adjudication of a motion for sanctions until after the issuance of a final initial determination concerning violation of section 337, the Commission also proposes to set deadlines of ten (10) days for comments and five (5) days for responses.

For the reasons noted above under section 210.4, the Commission proposes to amend certain gender-specific language in paragraph (f) of section 210.25 by replacing references to “he” and “his.” In the same paragraph, the Commission also proposes to change “30 days” to “thirty (30) days” for clarity. No substantive change is intended.

Subpart E—Discovery and Compulsory Process

Section 210.27

Paragraph 210.27(b) is similar to Federal Rule of Civil Procedure 26(b)(1) and provides that the scope of discovery in section 337 investigations includes any matter, not privileged, that is relevant to a claim or defense of any party. The rule currently provides that a person may not object to a discovery request as seeking inadmissible evidence if the request appears reasonably calculated to lead to the discovery of admissible evidence. In 2013, the Commission amended section 210.27 by adding paragraph (d), among others. Paragraph (d) introduced general discovery limits intended to curb the use of discovery that is disproportionate to the needs of the particular investigation in which it is requested. Paragraph (d) tracked similar proportionality requirements then effective under Federal Rule of Civil Procedure 26(b). At that time, the Commission left in place the language in paragraph 210.27(b) indicating that discovery is not objectionable if it appears reasonably calculated to lead to the discovery of admissible evidence. That language paralleled similar language then in Federal Rule of Civil Procedure 26(b). Thereafter, in 2015, Federal Rule of Civil Procedure 26 was amended to remove the “reasonably calculated to lead to the discovery of admissible evidence” language in favor of language that emphasizes the importance of conducting discovery in a way that is proportional to the needs of

each case. The Advisory Committee Notes to the amendment of Federal Rule of Civil Procedure 26 indicate that the change in language was not intended to change already existing requirements to consider proportionality in the conduct of discovery. *See* Fed. R. Civ. P. 26 Advisory Committee Notes—2015 Amendment. Rather, the change was intended to “restore[] the proportionality factors to their original place in defining the scope of discovery.” *Id.*

The Commission proposes to similarly amend section 210.27(b) by deleting the reference to information that “appears reasonably calculated to lead to the discovery of admissible evidence” and inserting language emphasizing that discovery must be proportional to the needs of the investigation. The Commission also proposes to incorporate the sentence “[a]ll discovery is subject to the limitations of paragraph (d) of this section” into the beginning of paragraph (b). Unenumerated paragraphs are no longer permitted. No substantive change is intended.

Paragraph 210.27(e) concerns the procedures for claiming privilege or work product protection over information, including information already produced in discovery. Paragraph (e)(2)(ii), specifically, provides the procedure for resolving a disagreement about the basis for a claim of privilege or protection as attorney work product. As currently written, however, that paragraph could be read to require the parties to meet and confer even if there is no dispute about the claim of privilege or work product protection. The Commission thus proposes to amend paragraph 210.27(e) to make clear that the requirement to meet and confer is applicable only when the parties have a disagreement about the basis for claim of privilege or work product protection.

The proposed rule also corrects a typographical error by renumbering the phrase “(iii) Identify assumptions that the party’s attorney provided” as “(C) Identify assumptions that the party’s attorney provided” in paragraph 210.27(e)(5)(ii).

Section 210.28

Section 210.28 concerns the procedures governing depositions taken during Commission investigations. Current paragraph 210.28(a) limits the number of fact depositions that each party, including the Commission investigative attorney, may take in an investigation. The Commission is aware that disputes have arisen over whether depositions of non-party witnesses

count towards the limits in paragraph 210.28(a). In response to those disputes, the Commission proposes to amend the rule by adding a sentence clarifying that party and third-party depositions, alike, count toward the limits recited in paragraph (a). A notice for a corporation to designate deponents, however, shall continue to count as only one deposition and shall include all corporate representatives so designated to respond.

The Commission further proposes to change the limit for complainants as a group from five (5) fact depositions per respondent to a total of twenty (20) fact depositions, regardless of the number of respondents. This amendment effects a simplification of the current rule, which permits a complainant group to take the greater of either twenty depositions or five per respondent. It also provides for the same number of fact depositions for complainants as a group and respondents as a group. The amendment does not abrogate the presiding administrative law judge’s authority to increase the number of fact depositions allowed on a showing of good cause by any party. Thus, the Commission does not anticipate that the proposed amendment will foreclose a complainant group from taking additional depositions if good cause to do so exists.

While current section 210.28 limits the number of depositions that may be taken, there is no provision specifying the maximum permissible length of a deposition. By contrast, Federal Rule of Civil Procedure 30 presumptively limits depositions to one (1) day of seven (7) hours. The Committee Notes to the 2000 Amendments to Federal Rule of Civil Procedure 30(d) explain that the one-day limitation was designed to restrain undue cost and delay that can result from overlong depositions. Fed. R. Civ. P. 30(d) (2000 Advisory Committee Note). The Committee Notes explain that the rule contemplates reasonable breaks throughout the day and that only time occupied by the actual deposition will be counted. They further explain that, for purposes of the durational limit, the deposition of each person designated in response to a deposition noticed under Federal Rule of Civil Procedure 30(b)(6) should be considered a separate deposition. *Id.*

The Commission proposes to amend section 210.28 by adding a new paragraph (b), which includes a presumptive durational limitation of one (1) day of seven (7) hours to depositions conducted under that section consistent with Federal Rule of Civil Procedure 30. The Commission intends for the limitation to control in

the absence of an agreement among the parties or an order of the presiding administrative law judge otherwise. The amended rule requires the presiding administrative law judge to grant additional time as needed, to the extent consistent with the provisions of paragraphs 210.27(b) through 210.27(d), which govern the scope of and limitations on discovery, respectively. The reference to those paragraphs is intended to ensure that additional time is only granted in proportion to the needs of the investigation. The Commission intends for the same computational rules to apply as are laid out in the Committee Notes to the 2000 Amendments to Federal Rule of Civil Procedure 30. Specifically, only time actually spent conducting the deposition will count towards the seven (7) hour limit, and for the purpose of the durational limit each individual designated in response to a deposition directed to a party will be considered a separate deponent. Nothing in this proposed rule should be construed to alter the provision in paragraph (a) that specifies that each notice of deposition to a party is counted as a single deposition for purposes of calculating the total number of depositions that may be taken by a party.

Due to the addition of new paragraph (b), the Commission proposes to redesignate current paragraphs (b) through (i) as paragraphs (c) through (j), respectively.

Current paragraph (f), which in the proposed rule would be redesignated as paragraph (g), requires the party taking a deposition to promptly serve a copy of the deposition transcript on the Commission investigative attorney. As written, current paragraph (f) could be read as not requiring service of exhibits marked during the deposition. In order to remove that ambiguity, the Commission proposes amending current paragraph (f), redesignated as paragraph (g), to make clear that copies of the deposition exhibits must be included when the transcript is served on the Commission investigative attorney.

For the reasons noted above under section 210.4, the Commission also proposes to amend certain gender-specific language in current paragraphs (c) and (h)(4), redesignated as paragraphs (d) and (i)(4), respectively, by replacing references to “he” and “him.” The Commission also proposes to add that testimony may be taken by “videoconference” to current paragraph (c) (renumbered as (d)).

Section 210.30

Section 210.30 is similar to Federal Rule of Civil Procedure 34 and provides

procedures governing requests for production or inspection of documents and things, as well as entry upon land, during discovery. Section 210.30, like Federal Rule of Civil Procedure 34, includes provisions permitting a party from whom information is requested to object to the request. Current section 210.30 differs from Federal Rule of Civil Procedure 34, however, in that it does not require an objecting party to state whether it is withholding any responsive materials on the basis of its objection. As explained in the Committee Notes to the 2015 amendments to Federal Rule of Civil Procedure 34, which added the requirement, the purpose of the amendment was to “end the confusion that frequently arises when a producing party states several objections and still produces information, leaving the requesting party uncertain whether any relevant and responsive information has been withheld on the basis of the objections.” Fed. R. Civ. P. 34 Advisory Committee Notes—2015 Amendment. For similar reasons, the Commission proposes to amend paragraph 210.30(b)(2) to include a requirement that any objection to a request to provide information must state whether any responsive materials are being withheld on the basis of that objection and that the party must permit inspection of any other materials not being withheld.

For the reasons noted above under section 210.4, the Commission proposes to amend certain gender-specific language in paragraph (a)(1) by replacing “his behalf” with “that party’s behalf.” In paragraph (b)(2) of section 210.30, the Commission also proposes to change “10 days” to “ten (10) days” for clarity. No substantive change is intended.

Section 210.31

Section 210.31 is similar to Federal Rule of Civil Procedure 36 and provides procedures governing requests for admission of the truth of matters relevant to an investigation. For the reasons noted above under section 210.4, the Commission proposes to amend certain gender-specific language in paragraphs (b), (c), and (d) to remove various references to “he” and “him.” No substantive changes are intended. In paragraph (b) of section 210.31, the Commission also proposes to change “10 days” to “ten (10) days” for clarity. No substantive change is intended.

Section 210.32

Section 210.32 governs the use of subpoenas in Commission investigations. Paragraph (a) deals

specifically with the application for subpoenas seeking testimony and things. Paragraph (3) of that paragraph currently provides that the administrative law judge shall rule on and issue subpoenas applied for under that paragraph when warranted. While not explicitly stated in the paragraph, it is generally understood that an administrative law judge’s authority to issue subpoenas does not extend to foreign discovery. Rather, a party seeking foreign discovery typically does so either through negotiated agreements with the discovery holder or through a request for judicial assistance from the appropriate foreign judicial authority. Concerning the latter approach, such requests are typically made by a United States district court at the request of the party seeking discovery and with the administrative law judge’s recommendation. In rare situations, however, the party seeking discovery asks the Commission to make the request for assistance on the Commission’s own authority. Because the current rule is silent on whether the administrative law judge can grant such a request, the Commission proposes to amend paragraph (a)(3) of this section to make clear that an administrative law judge may do so. The Commission believes the amendment will provide greater clarity and guidance concerning the disposition of such requests. The Commission anticipates the effect of these amendments to be minimal as they are only intended to address the infrequent instance where the Commission is asked to seek assistance directly from a foreign judicial authority on its own authority.

For the reasons noted above under section 210.4, the Commission also proposes to amend certain gender-specific language in paragraph (c)(2) by replacing “and he” with “who.”

Section 210.33

Section 210.33 relates to sanctions for failure to make or cooperate in discovery. Paragraph (b) of that section provides for the imposition of non-monetary sanctions when a party fails to comply with an order compelling discovery. The Commission proposes to amend that paragraph to make it coextensive with Federal Rule of Civil Procedure 37, which similarly governs sanctions for failure to make or cooperate in discovery. Among the proposed changes is the deletion of the phrase “as may be sufficient to compensate for the lack of withheld testimony, documents, or other evidence” in paragraph (b)(6). This language was in dispute in *Organik Kimya*, in which the U.S. Court of

Appeals for the Federal Circuit affirmed the Commission's imposition of sanctions and held that, under this section of the Commission's rules, an administrative law judge may order any non-monetary sanction available under Rule 37(b) of the Federal Rules of Civil Procedure as appropriate, without first considering the availability or efficacy of lesser sanctions. *See Organik Kimya, San. VE. Tic. A.S. v. Int'l Trade Comm'n*, 848 F.3d 994, 1002–03 (Fed. Cir. 2017). For the same reason, the Commission also proposes to remove the language “for the purpose of permitting resolution of relevant issues and disposition of the investigation without unnecessary delay despite the failure to comply” in paragraph (b). As the Federal Circuit noted, valid purposes for imposing sanctions also include “to penalize a party's sanctionable conduct and to deter future parties from repeating such conduct.” *Id.* at 1004 (citing *Nat'l Hockey League v. Metro. Hockey Club, Inc.*, 427 U.S. 639, 643 (1976)). The Commission also proposes to make clear that the administrative law judge may issue, based on a party's motion or *sua sponte*, non-monetary sanctions for failure to comply with an order compelling discovery, including failure of a party, or an officer or corporate representative of a party, to comply with an oral or written order. The Commission also proposes to move up from paragraph (b)(6) the statement that any such sanction may be ordered in the course of the investigation or concurrently with the administrative law judge's final initial determination on violation. The Commission also proposes to make the last sentence in paragraph (b)(6), which relates to certifying a request to the Commission for judicial enforcement, a separate paragraph to clarify that it applies generally, not just to paragraph (b)(6).

For the reasons discussed in connection with section 201.8, the Commission proposes to replace “agent” in paragraph (b)(3) with “corporate representative.” And for the reasons noted above under section 210.4, the Commission proposes to amend certain gender-specific language in paragraph (b)(3) by replacing “his” with “the party's.” No substantive change is intended.

Section 210.34

Section 210.34 provides for the issuance of protective orders to protect a party or person from annoyance, embarrassment, oppression, or undue burden or expense during discovery. For the reasons noted above under section 210.4, the Commission proposes to

amend certain gender-specific language in paragraphs (a), (c)(2), (d), and (d)(5) to remove various references to “he,” “his,” and “him.” No substantive change is intended.

Subpart F—Prehearing Conferences and Hearings

Section 210.35

Section 210.35 governs the conduct of prehearing conferences before an administrative law judge. For the reasons noted above under section 210.4, the Commission proposes to amend certain gender-specific language in paragraph (a) by replacing “him” with “the administrative law judge.” No substantive change is intended.

Section 210.37

Section 210.37 governs the admissibility and receipt of evidence in administrative hearings at the Commission. For the reasons noted above under section 210.4, the Commission proposes to amend certain gender-specific language in paragraph (g) by removing references to “he” and “his.” No substantive change is intended.

Section 210.38

Section 210.38 governs the definition and certification of the record in administrative hearings at the Commission. For the reasons noted above under section 210.4, the Commission proposes to amend certain gender-specific language in paragraph (d) by changing “upon his filing” to “at the time of filing” in that paragraph. No substantive change is intended.

Section 210.40

Section 210.40 provides for the submission of proposed findings of fact and conclusions of law, as well as briefs in support of those proposed findings and conclusions, to the administrative law judge. Parties may do so following a motion for summary determination under paragraph 210.18(a) or a motion for termination under section 210.21(a), when it is found that a party is in default under section 210.16, at the close of the reception of evidence in any hearing held pursuant to this part (except as provided in section 210.63), or within a reasonable time thereafter fixed by the administrative law judge.

In the past, there has been some confusion as to whether proposed findings of fact and conclusions of law must be in a separate document or whether they may be part of the substantive briefs filed with the administrative law judge. The Commission proposes to clarify that all proposed findings of fact and

conclusions of law, and submissions in support thereof, should be set forth in those briefs. Accordingly, the Commission proposes to amend section 210.40 by eliminating any requirement that proposed findings of fact and conclusions of law be set forth in a separate document.

The Commission proposes to further amend section 210.40 by adding a new paragraph (b) providing that a party may file a notice of supplemental authority with the administrative law judge. Such a notice may be filed if pertinent and significant authorities come to the party's attention after all briefs have been filed but before the administrative law judge issues a final initial determination. The notice must be served on all other parties and must describe the relevance of the supplemental citations, with reference to specific pages in either the party's briefs or the transcript of the evidentiary hearing. While parties have filed similar submissions in the past on an *ad hoc* basis, the amendment to section 210.40 expressly authorizes such submissions and provides that responses may be filed by other parties within five (5) business days after service of the notice of supplemental authority.

For the reasons noted above under section 210.4, the Commission's proposed amendment also eliminates certain gender-specific language by removing a reference to “his consideration.” No substantive change is intended.

Subpart G—Determinations and Actions Taken

Section 210.42

Section 210.42 governs initial determinations. Paragraph (c)(1) of that section identifies the types of motions that an administrative law judge must grant by initial determination and deny by order.

The Commission proposes to amend paragraph (c)(1) by deleting the word “formal” before “enforcement proceeding.” As the Commission no longer conducts informal enforcement proceedings, there is no need to distinguish between formal and informal enforcement proceedings.

The Commission also proposes to amend paragraph (h)(3) to clarify that an initial determination filed pursuant to paragraph (c)(1) shall become the determination of the Commission thirty (30) days after the date of service of the initial determination except as provided in newly designated paragraph (h)(5) (current paragraph (h)(6)). An initial determination filed pursuant to paragraph (c)(2) shall be governed by a

new paragraph (h)(6) as explained below.

The proposed rule also eliminates current paragraph (h)(5), redesignates current paragraph (h)(6) as paragraph (h)(5), and amends the newly designated paragraph (h)(5) to clarify that an initial determination granting a motion for summary determination under 210.18 that would terminate the investigation in its entirety shall become the final determination of the Commission forty-five (45) days after the date of service of the initial determination, unless the Commission has ordered review of the initial determination or certain issues therein, or the Commission has ordered a different deadline for determining whether to review the initial determination.

The Commission proposes to include the language eliminated from current paragraph (h)(5) in a new paragraph (h)(6). This new paragraph clarifies that an initial determination filed pursuant to paragraph (2) of paragraph 210.42(c), concerning either possible forfeiture or return of respondents' bonds as governed by paragraph 210.50(d) or possible forfeiture or return of a complainant's temporary relief bond as governed by paragraph 210.70(c), shall become the final determination of the Commission forty-five (45) days after the date of service of the initial determination, unless the Commission has ordered review of the initial determination or certain issues therein, or by order has changed the effective date of the initial determination.

Finally, the Commission proposes to specify numerically and in words the time periods in paragraphs (c) and (h) for clarity. No substantive change is intended.

Section 210.43

Section 210.43 governs petitions for review of initial determinations on matters other than temporary relief. The Commission proposes to clarify the relevant deadlines relating to a petition for review of an initial determination concerning declassification of information and an order concerning sanctions. Specifically, the Commission proposes to specify that a petition for review of an initial determination issued under paragraph 210.42(a)(2) concerning declassification of information must be filed within ten (10) days after service of the initial determination and that a petition for review of any sanctions order issued under paragraph 210.25(d) must be filed within twelve (12) days after service of the order.

The Commission also proposes to correct two typographical errors in

paragraph (a)(1), which should refer to "210.75(a)(3)" and to "210.42(a)," rather than to "210.75(b)(3)" or "210.42(a)(1)," respectively.

The Commission further proposes to specify numerically and in words the time periods in paragraph (a)(1) for clarity. No substantive change is intended.

Section 210.45

Section 210.45 governs review of initial determinations on matters other than temporary relief. The proposed rule replaces "set aside" with "vacate" in paragraph (c). The Commission's previous use of the terms "set aside" and "vacate" interchangeably in its determinations has led to unnecessary confusion. Courts routinely use the term "vacate" when nullifying the legal effect of an opinion or judgment. The Commission finds that the term "set aside" is used in areas of law that are not relevant to section 337 proceedings, and the term, as used in those areas, does not have the same legal meaning as "vacate." Therefore, the Commission believes that use of the term "vacate" with respect to initial determinations and orders will avoid confusion and is more appropriate in circumstances where the Commission determines to nullify the legal effect of all or part of an initial determination or order. The Commission's previous use of the term "set aside" in respect of initial determinations will be interpreted to mean "vacate," unless the context clearly indicates some other meaning.

Section 210.48

Section 210.48 governs disposition of petitions for reconsideration. For reasons similar to those noted above concerning section 210.45, the Commission proposes to replace "affirm, set aside, or modify" with "affirm, reverse, modify, or vacate." The proposed rule also clarifies that the Commission may remand the determination via an order to the administrative law judge, specifying any necessary additional findings, determinations, or recommendations.

Section 210.49

Section 210.49 governs the implementation of Commission actions. For the reasons noted above under section 210.4, the Commission proposes to amend certain gender-specific language in paragraph (d) by removing references to "he" and "his" when referring to the President. No substantive change is intended.

Section 210.51

Section 210.51 governs the period for concluding an investigation under section 337. The Commission proposes to amend the introduction to paragraph (a) and paragraph (a)(2) by deleting the instances of the word "formal" before "enforcement proceeding" therein. As the Commission no longer conducts informal enforcement proceedings, there is no need to distinguish between formal and informal enforcement proceedings. The Commission also proposes to specify numerically and in words the time periods in paragraph (a) for clarity. The Commission also proposes to remove the language "before the formal enforcement proceeding is certified to the Commission" from paragraph (a)(2) as unnecessary. No substantive change is intended.

Subpart H—Temporary Relief

Section 210.63

Section 210.63 provides that the administrative law judge shall determine whether and to what extent submissions described in section 210.40 shall be permitted in adjudication of a motion for temporary relief. The Commission proposes to conform section 210.63 to the language of the proposed amendment to section 210.40 by eliminating the reference to separate findings of fact and conclusions of law.

Section 210.65

Section 210.65 governs certification of the record upon which an initial determination concerning temporary relief pursuant to paragraph 210.66(a) is based. For the reasons noted above under section 210.4, the Commission proposes to amend certain gender-specific language in this section by replacing "he" with "the administrative law judge." No substantive change is intended.

Section 210.66

Section 210.66 governs initial determinations concerning temporary relief. For the reasons noted above under section 210.45, the Commission proposes to replace "set aside" with "vacate" in paragraphs (c) and (f). The Commission also proposes to specify numerically and in words the time periods and pages in paragraph (c) for clarity.

Section 210.67

Section 210.67 governs the procedure for arriving at the Commission's determination regarding the appropriate form of temporary relief, whether the statutory public interest factors preclude such relief, and the amount of the bond

under which respondents' merchandise will be permitted to enter the United States while a Commission temporary relief order is in effect. For the reasons noted above under section 210.4, the Commission proposes to amend certain gender-specific language in paragraph (a) by replacing "he" with "the administrative law judge." No substantive change is intended.

Subpart I—Enforcement Procedures and Advisory Opinions

Section 210.75

Section 210.75 governs the conduct of proceedings for enforcement of Commission exclusion orders, cease and desist orders, consent orders, and other Commission orders. The proposed rule amends paragraph (a)(1) to indicate that the filing of an enforcement complaint must also follow section 210.4 and paragraph 210.8(a), but that no paper copies of enforcement complaints or exhibits thereto are required for the government of the foreign country in which each alleged violator is located. The proposed rule also specifies that the Commission shall serve copies of the nonconfidential version of the enforcement complaint, the nonconfidential exhibits, and the notice of investigation upon each alleged violator. The proposed rule also amends paragraph (a)(1)(i) of this section to add that the Commission will not institute an investigation within thirty (30) days after the complaint is filed if the Commission determines that the complaint or any exhibits or attachments thereto contain excessive designations of confidentiality that are not warranted under sections 201.6(a) and 210.5 of this chapter. Proposed paragraph (1)(v) explains that, under such circumstances, the Commission may require the complainant to file new nonconfidential versions of the aforesaid submissions in accordance with section 210.8 and may determine that the thirty (30) day period for deciding whether to institute an investigation shall begin to run anew from the date that the new nonconfidential versions are filed with the Commission. This is consistent with existing paragraph 210.55(b) of this chapter and with the proposed changes to 210.10 of this chapter.

Section 210.76

Section 210.76 governs the conduct of proceedings for modification or rescission of Commission exclusion orders, cease and desist orders, consent orders, and seizure and forfeiture orders. Previous amendments to this section added the words "seizure and

forfeiture orders" to the section heading but neglected to add those words to the heading of paragraph (a). The Commission proposes amending the heading of paragraph (a) to correct that oversight and maintain consistency with the heading of the section.

For reasons similar to those noted above under section 210.45, the Commission proposes to replace "set aside" with "rescinded" in paragraph (a)(1).

The proposed rule also replaces "request" in paragraph (a)(1) with "petition" to conform with the language used in the heading of paragraph (a).

The proposed rule further replaces "an opposition" in paragraph (a)(1) with "a response." This change is meant to clarify that a response to a petition under this paragraph need not necessarily oppose the petition.

The proposed rule also amends paragraph (a)(3) by replacing the word "motion" with "petition" in the penultimate sentence. This amendment is appropriate to conform with the language used in the heading of paragraph (a) and because paragraph (a)(3) is directed to petitions for modification or rescission, not motions.

Appendix A to Part 210—Adjudication and Enforcement

Appendix A to part 210 summarizes the deadlines for petitions for review of initial determinations issued by administrative law judges, responses to such petitions, and deadlines for the Commission to determine whether to review the specified initial determinations. The Commission proposes to amend rows 2 and 3 to clarify that the initial determinations indicated in those rows are issued pursuant to paragraph 210.42(c)(1). The Commission proposes to add a new row 4 containing the relevant deadlines relating to an initial determination concerning declassification of information issued pursuant to paragraph 210.42(a)(2). The Commission further proposes to add a new row 5 containing the relevant deadlines relating to initial determinations on potentially dispositive issues issued pursuant to paragraph 210.42(a)(3). Current rows 4 through 6 would be redesignated as rows 6 through 8.

The Commission further proposes to amend current row 6 (redesignated as row 8) of Appendix A by deleting the word "formal" before "enforcement proceedings" therein. As the Commission no longer conducts informal enforcement proceedings, there is no need to distinguish between formal and informal enforcement proceedings. The Commission also

proposes to correct a typographical error in that row in the citation of the relevant section by replacing paragraph "210.75(b)" with paragraph "210.75(a)(3)."

List of Subjects in 19 CFR Parts 201, 206, 207, and 210

Administration practice and procedure, Business and industry, Customs duties and inspection, Imports, Investigations Reporting and recordkeeping requirements.

For the reasons stated in the preamble, the United States International Trade Commission proposes to amend 19 CFR parts 201, 206, 207, and 210 as follows:

PART 201—RULES OF GENERAL APPLICATION

■ 1. The authority citation for part 201 is revised to read as follows:

■ 2. Amend § 201.3a by revising paragraph (c) to read as follows:

§ 201.3a Missing children information.

* * * * *

(c) The procedure established in paragraph (b) of this section will result in missing children information being inserted in an estimated 25 percent of the Commission's penalty mail and will cost an estimated \$1,500 for the first year of implementation. The Chief Administrative Officer shall make such changes in the procedure as the Officer deems appropriate to maximize the use of missing children information in the Commission's mail.

Subpart B—Initiation and Conduct of Investigations

■ 3. Amend § 201.8 by revising paragraphs (a) and (c), revising and republishing paragraph (d), and revising paragraphs (e) through (g) to read as follows:

§ 201.8 Filing of documents.

(a) *Applicability; where to file; date of filing.* This section applies to all Commission proceedings except, notwithstanding any other section of this chapter, those conducted under 19 U.S.C. 1337, which are covered by requirements set out in part 210 of this chapter. Documents shall be filed with the office of the Secretary through the Commission's Electronic Document Information System (EDIS) website at <https://edis.usitc.gov>. If a paper filing is

required or authorized under paragraphs (d)(2) and (3) of this section, documents shall be filed at the office of the Secretary in Washington, DC. Such documents, if properly filed within the hours of operation specified in § 201.3(c), will be deemed to be filed on the date on which they are actually received by the Commission.

* * * * *

(c) *Specifications for documents.* Each document filed under this chapter shall be signed, double-spaced, clear and legible, except that a document of two pages or less in length need not be double-spaced. All submissions shall be in letter-sized format (8.5 x 11 inches), except copies of documents prepared for another agency or a court (e.g., pleadings papers). The name of the person signing the original shall be typewritten or otherwise reproduced on each copy.

(d) *Filing.* (1) All documents filed with the Commission shall be filed electronically. All filings shall comply with the procedures set forth in the Commission’s Electronic Document Information System website at <https://edis.usitc.gov>. See also https://www.usitc.gov/press_room/edissupport.htm. Failure to comply with the requirements of this chapter and the Handbook on Filing Procedures that apply to the filing of a document may result in the rejection of the document as improperly filed.

(2) Supplementary material and witness testimony provided for under § 201.13 or § 207.15 or § 207.24 of this chapter shall also be filed in accordance with the provisions of the applicable section.

(3) The Secretary may provide for exceptions and modifications to the filing requirements set out in this chapter. A person seeking an exception should consult the Handbook on Filing Procedures.

(4) During any period in which the Commission is closed, deadlines for filing documents electronically and by other means are extended so that documents are due on the first business day after the end of the closure.

(e) *Identification of party filing document.* Each document filed with the Commission for the purpose of initiating any investigation shall show on the first page thereof the name, address, and telephone number of the party or parties by whom or on whose behalf the document is filed and shall be signed by the party filing the document or by a duly authorized officer, attorney, or corporate representative of such party. Also, any attorney or corporate representative

filing the document shall give a current address, electronic mail address, and telephone number. The signature of the person signing such a document constitutes a certification that the person has read the document, that to the best of that person’s knowledge and belief the statements contained therein are true, and that the person signing the document was duly authorized to sign it.

(f) *Nonconfidential copies.* In the event that confidential treatment of a document is requested under § 201.6(b), a nonconfidential version of the document shall be filed, in which the confidential business information shall have been deleted and which shall have been conspicuously marked “nonconfidential” or “public inspection.” The nonconfidential version shall be filed electronically. In the event that confidential treatment is not requested for a document under § 201.6(b), the document shall be conspicuously marked “No confidential version filed,” and the document shall be filed in accordance with paragraph (d) of this section. The name of the person signing the original shall be typewritten or otherwise reproduced on each copy.

(g) *Cover sheet.* For documents that are filed electronically, parties must complete the cover sheet form for such filing on-line at <https://edis.usitc.gov> at the time of the electronic filing. When making a paper filing, parties must complete the cover sheet form on-line at <https://edis.usitc.gov> and print out the cover sheet for submission to the Office of the Secretary with the paper filing. The party submitting the cover sheet is responsible for the accuracy of all information contained in the cover sheet, including, but not limited to, the security status and the investigation number, and must comply with applicable limitations on disclosure of business proprietary information or confidential information under § 201.6 and §§ 206.8, 206.17, 207.3, and 207.7 of this chapter.

■ 4. Revise § 201.12 to read as follows:

§ 201.12 Requests.

Any party to a nonadjudicative investigation may request the Commission to take particular action with respect to that investigation. Such requests shall be filed by letter addressed to the Secretary, shall be placed by the Secretary in the record, and shall be served on all other parties. The Commission shall take such action or make such response as it deems appropriate.

■ 5. Amend § 201.13 by revising paragraphs (d) and (f) to read as follows:

§ 201.13 Conduct of nonadjudicative hearings.

* * * * *

(d) *Witness list.* Each person who files a notice of participation pursuant to paragraph (c) of this section shall simultaneously file with the Secretary a list of the witnesses that person intends to call at the hearing.

* * * * *

(f) *Supplementary material.* (1) A party to the investigation may file with the Secretary supplementary material for acceptance into the record. The party shall file any such material with the Secretary no later than the day of the hearing. Supplementary materials must be marked with the name of the organization submitting it. As used herein, the term *supplementary material* refers to:

(i) Additional graphic material such as charts and diagrams used to illuminate an argument or clarify a position; and

(ii) Information not available to a party at the time its prehearing brief was filed.

(2) Supplementary material does not include witness statements which are addressed in §§ 207.15 and 207.24 of this chapter.

* * * * *

■ 6. Amend § 201.14 by revising paragraph (b)(3) to read as follows:

§ 201.14 Computation of time, additional hearings, postponements, continuances, and extensions of time.

* * * * *

(b) * * *

(3) A request that the Commission take any of the actions described in this section shall be filed with the Secretary and served on all parties to the investigation.

■ 7. Revise § 201.15 to read as follows:

§ 201.15 Attorneys and others practicing or appearing before the Commission.

(a) *In general.* No register of attorneys who may practice before the Commission is maintained. No separate application for admission to practice before the Commission is required. Attorneys practicing before the Commission, or desiring to so practice, must maintain a bar membership in good standing in any State of the United States or the District of Columbia. Persons practicing before the Commission must report any discipline or suspension by any bar association, court, or agency. Non-attorneys desiring to appear before the Commission may be required to show to the satisfaction of the Commission that they are acceptable in the capacity in which they seek to appear. Any person practicing or

appearing before the Commission, or desiring to do so, may for good cause shown be suspended or barred from practicing or appearing before the Commission, or may be subject to such lesser sanctions as the Commission deems appropriate, but only after having been afforded an opportunity to present that person's views in the matter.

(b) *Former officers or employees.* No former officer or employee of the Commission who personally and substantially participated in a matter which was pending in any manner or form in the Commission during that person's employment shall be eligible to practice or appear before the Commission in connection with such matter. No former officer or employee of the Commission shall be eligible to practice or appear before the Commission in connection with any matter which was pending in any manner or form in the Commission during that person's employment without first obtaining written consent from the Commission.

■ 8. Amend § 201.16 by:

- a. Revising paragraphs (d) and (e); and
- b. Removing the parenthetical authority citation at the end of the section.

The revisions read as follows:

§ 201.16 Service of process and other documents.

* * * * *

(d) *Additional time after service by mail.* Whenever a party or Federal agency or department has the right or is required to perform some act or take some action within a prescribed period after the service of a document upon it and the document is served upon it by mail, three (3) calendar days shall be added to the prescribed period, except that when mailing is to a person located in a foreign country, ten (10) calendar days shall be added to the prescribed period. Computation of additional time for Commission proceedings conducted under section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) is set out in § 210.6 of this chapter.

(e) *Additional time after service by express delivery.* Whenever a party or Federal agency or department has the right or is required to perform some act or take some action within a prescribed period after the service of a document upon it and the document is served by express delivery, one (1) calendar day shall be added to the prescribed period if the service is to a destination in the United States, and five (5) calendar days shall be added to the prescribed period if the service is to a destination outside the United States. "Service by express delivery" refers to a method that would

provide delivery by the next business day within the United States and refers to the equivalent express delivery service when the delivery is to a foreign location. Computation of additional time for Commission proceedings conducted under section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) is set out in § 210.6 of this chapter.

Subpart C—Availability of Information to the Public Pursuant to 5 U.S.C. 552

■ 9. Amend § 201.20 by revising paragraphs (d)(2)(iii), (e), and (g)(2) to read as follows:

§ 201.20 Fees.

* * * * *

(d) * * *

(2) * * *

(iii) *The contribution of an understanding of the subject by the public likely to result from disclosure: Whether disclosure of the requested information will contribute to "public understanding."* The disclosure must contribute to the understanding of the public at large, as opposed to the individual understanding of the requester or a narrow segment of interested persons. A requester's identity and qualifications—e.g., expertise in the subject area and ability and intention to effectively convey information to the general public—shall be considered. It will be presumed that a representative of the news media (as defined in paragraph (j)(8) of this section) who has access to the means of public dissemination readily will be able to satisfy this consideration. Requests from libraries or other record repositories (or requesters who intend merely to disseminate information to such institutions) shall be analyzed, like those of other requesters, to identify a particular person who represents that that person actually will use the requested information in scholarly or other analytic work and then disseminate it to the general public.

* * * * *

(e) *Notice of anticipated fees in excess of \$25.00.* Where the Secretary determines or estimates that the fees to be assessed under this section may amount to more than \$25.00, the Secretary shall notify the requester as soon as practicable of the actual or estimated amount of the fees, unless the requester has indicated in advance a willingness to pay fees as high as those anticipated. (If only a portion of the fee can be estimated readily, the Secretary shall advise the requester that the estimated fee may be only a portion of the total fee.) In cases where a requester

has been notified that actual or estimated fees may amount to more than \$25.00, the request will be deemed not to have been received until the requester has agreed to pay the anticipated total fee. A notice of the requester pursuant to this paragraph (e) shall offer the opportunity to confer with agency personnel in order to reformulate the request to meet the requester's needs at a lower cost.

* * * * *

(g) * * *

(2) Where a requester has previously failed to pay a records access fee within thirty (30) days of the date of billing, the Secretary may require the requester to pay the full amount owed, plus any applicable interest (as provided for in paragraph (h) of this section), and to make an advance payment of the full amount of any estimated fee before beginning to process a new request or continuing to process a pending request from that requester.

* * * * *

Subpart D—Safeguarding Individual Privacy Pursuant to 5 U.S.C. 552a

■ 10. Amend § 201.32 by revising paragraph (b) to read as follows:

§ 201.32 Specific exemptions.

* * * * *

(b) Pursuant to 5 U.S.C. 552a(k)(1) and (k)(2), records contained in the system entitled "Freedom of Information Act and Privacy Act Records" have been exempted from paragraphs (c)(3), (d), (e)(1), (e)(4)(G) through (I) and (f) of the Privacy Act. Pursuant to section 552a(k)(1) of the Privacy Act, the Commission exempts records that contain properly classified information pertaining to national defense or foreign policy. Application of exemption (k)(1) may be necessary to preclude individuals' access to or amendment of such classified information under the Privacy Act. Pursuant to section 552a(k)(2) of the Privacy Act, and in order to protect the effectiveness of Inspector General investigations by preventing individuals who may be the subject of an investigation from obtaining access to the records and thus obtaining the opportunity to conceal or destroy evidence or to intimidate witnesses, the Commission exempts records insofar as they include investigatory material compiled for law enforcement purposes. However, if any individual is denied any right, privilege, or benefit to which that individual is otherwise entitled under Federal law due to the maintenance of this material, such material shall be provided to such individual except to the extent that the

disclosure of such material would reveal the identity of a source who furnished information to the Government under an express promise that the identity of the source would be held in confidence.

PART 206—INVESTIGATIONS RELATING TO GLOBAL AND BILATERAL SAFEGUARD ACTIONS, MARKET DISRUPTION, TRADE DIVERSION, AND REVIEW OF RELIEF ACTIONS

■ 11. The authority citation for part 206 continues to read as follows:

Authority: 19 U.S.C. 1335, 2112 note, 2251–2254, 2436, 3805 note, 4051–4065, 4101, and 4551–4552.

Subpart A—General

■ 12. Revise § 206.2 to read as follows:

§ 206.2 Identification of type of petition or request.

An investigation under this part may be commenced on the basis of a petition, request, resolution, or motion as provided for in the statutory provisions listed in §§ 206.1 and 206.31. Each petition or request, as the case may be, filed by an entity representative of a domestic industry under this part shall state clearly on the first page thereof “This is a [petition or request] under section [citing the statutory provision] and Subpart [B, C, D, E, F, or G] of part 206 of the rules of practice and procedure of the United States International Trade Commission.” The petition or request, along with all exhibits, appendices, and attachments, must be filed in accordance with § 201.8.

■ 13. Amend § 206.8 by revising paragraph (d) to read as follows:

§ 206.8 Service, filing, and certification of documents.

* * * * *

(d) *Briefs.* All briefs filed in proceedings subject to this part shall be filed in accordance with § 201.8.

PART 207—INVESTIGATIONS OF WHETHER INJURY TO DOMESTIC INDUSTRIES RESULTS FROM IMPORTS SOLD AT LESS THAN FAIR VALUE OR FROM SUBSIDIZED EXPORTS TO THE UNITED STATES

■ 14. The authority citation for part 207 continues to read as follows:

Authority: 19 U.S.C. 1335, 1671–1677n, 2482, 3513, 4582.

Subpart B—Preliminary Determinations

■ 15. Amend § 207.10 by revising paragraphs (a) and (b)(1)(i) to read as follows:

§ 207.10 Filing of petition with the Commission.

(a) *Filing of the petition.* Any interested party who files a petition with the administering authority pursuant to section 702(b) or section 732(b) of the Act in a case in which a Commission determination under title VII of the Act is required, shall file copies of the petition and all exhibits, appendices, and attachments thereto, pursuant to § 201.8 of this chapter, with the Secretary on the same day the petition is filed with the administering authority. If the petition complies with the provisions of § 207.11, it shall be deemed to be properly filed on the date on which the electronic filing of the petition is received by the Secretary, provided that, if the petition is filed with the Secretary after 12 noon, eastern time, the petition shall be deemed filed on the next business day. Notwithstanding § 207.11, a petitioner need not file an entry of appearance in the investigation instituted upon the filing of its petition, which shall be deemed an entry of appearance.

(b) * * *

(1)(i) The Secretary shall promptly notify a petitioner when, before the establishment of a service list under § 207.7(a)(4), he or she approves an application under § 207.7(a). A copy of the petition including all business proprietary information shall then be served by petitioner on those approved applicants in accord with § 207.3(b) within two (2) calendar days of the time notification is made by the Secretary.

* * * * *

■ 16. Revise § 207.15 to read as follows:

§ 207.15 Written briefs and conference.

Each party may submit to the Commission on or before a date specified in the notice of investigation issued pursuant to § 207.12 a written brief containing information and arguments pertinent to the subject matter of the investigation. Briefs shall be signed, shall include a table of contents, and shall contain no more than fifty (50) pages of textual material. Any person not a party may submit a brief written statement of information pertinent to the investigation within the time specified and the same manner specified for the filing of briefs. In addition, the presiding official may permit persons to file within a specified time answers to questions or requests made by the Commission’s staff. If the presiding official deems it appropriate, the presiding official shall hold a conference. The conference, if any, shall be held in accordance with the procedures in § 201.13 of this chapter, except that in connection with its

presentation a party may provide written witness testimony at the conference. The party shall file the written testimony in accordance with § 201.8(d) of this chapter no later than the date of the conference. If the written testimony is filed on the day of the conference, the party shall also file with the Secretary on that day nine (9) true paper copies of any such written testimony. The presiding official may request the appearance of witnesses, take testimony, and administer oaths.

Subpart C—Final Determinations, Short Life Cycle Products

■ 17. Amend § 207.23 by revising the first and second sentences to read as follows:

§ 207.23 Prehearing brief.

Each party who is an interested party shall submit to the Commission, no later than five (5) business days prior to the date of the hearing specified in the notice of scheduling, a prehearing brief. Prehearing briefs shall be signed and shall include a table of contents. * * *

■ 18. Amend § 207.24 by revising paragraph (b) to read as follows:

§ 207.24 Hearing.

* * * * *

(b) *Procedures.* Any hearing shall be conducted after notice published in the **Federal Register**. The hearing shall not be subject to the provisions of 5 U.S.C. subchapter II, chapter 5, or to 5 U.S.C. 702. Each party shall limit its presentation at the hearing to a summary of the information and arguments contained in its prehearing brief, an analysis of the information and arguments contained in the prehearing briefs described in § 207.23, and information not available at the time its prehearing brief was filed. Unless a portion of the hearing is closed, presentations at the hearing shall not include business proprietary information. In connection with its presentation, a party may provide written witness testimony at the hearing. The party shall file the written testimony in accordance with § 201.8(d) of this chapter no later than the date of the hearing. If the written testimony is filed on the day of the hearing, the party shall also file with the Secretary on that day nine (9) true paper copies of any such written testimony. In the case of testimony to be presented at a closed session held in response to a request under paragraph (d) of this section, confidential and non-confidential versions shall be filed in accordance with § 207.3. certified copy of the Federal registration and three additional copies.

(g) *Additional material to accompany each registered mask work-based complaint.* There shall accompany the submission of each complaint based upon the alleged unauthorized importation or sale of a semiconductor chip in a manner that constitutes infringement of a federally registered mask work, one certified copy of the Federal registration and three additional copies.

(h) *Additional material to accompany each vessel hull design-based complaint.* There shall accompany the submission of each complaint based upon the alleged unauthorized importation or sale of an article covered by a vessel hull design, one certified copy of the Federal registration (including all deposited drawings, photographs, or other pictorial representations of the design), and three additional copies.

(i) *Initial disclosures.* Complainant shall serve on each respondent represented by counsel who has agreed to be bound by the terms of the protective order one copy of each document submitted with the complaint pursuant to paragraphs (c) through (h) of this section within five days of service of a notice of appearance and agreement to be bound by the terms of the protective order.

(j) *Duty to supplement complaint.* Complainant shall supplement the complaint prior to institution of an investigation if complainant obtains information upon the basis of which complainant knows or reasonably should know that a material legal or factual assertion in the complaint is false or misleading.

■ 34. Amend § 210.13 by revising the first sentence of paragraph (b) introductory text to read as follows:

§ 210.13 The response.

* * * * *

(b) * * * In addition to conforming to the requirements of §§ 210.4 and 210.5, each response shall be under oath and signed by respondent or by respondent's duly authorized officer, attorney, or corporate representative with the name, address, email address, and telephone number of the respondent and any such officer, attorney, or corporate representative given on the first page of the response. * * *

* * * * *

■ 35. Amend § 210.14 by:

- a. Revising the section heading;
- b. Adding introductory text; and
- c. Revising paragraphs (a), (b)(1), and (g).

The revisions and addition read as follows:

§ 210.14 Amendments to pleadings and notice; supplemental submissions; counterclaims; severance and consolidation of investigations.

Amended complaints, exhibits, and supplements thereto, filed under this section shall be filed with the Secretary pursuant to § 210.4.

(a) *Preinstitution amendments.* The complaint may be amended at any time prior to the institution of the investigation. Any amendment that introduces an additional unfair act or additional respondent shall be in the form of an amended complaint that complies with the requirements of § 210.12(a). If, prior to institution, the complainant seeks to amend a complaint to add a respondent or to assert an additional unfair act not in the original complaint, including asserting a new patent or patent claim, then the complaint shall be treated as if it had been filed on the date the amendment is filed for purposes of §§ 210.8(b) and (c), 210.9, and 210.10(a).

(b) * * *

(1) After an investigation has been instituted, the complaint or notice of investigation may be amended only by leave of the Commission for good cause shown and upon such conditions as are necessary to avoid prejudicing the public interest and the rights of the parties to the investigation. A motion for amendment must be made to the presiding administrative law judge.

Complainant shall serve one (1) copy of any motion to amend the complaint and notice of investigation to name an additional respondent after institution on the proposed respondent and on all other respondents. If the proposed amendment of the complaint would introduce an additional unfair act or an additional respondent, the motion shall be accompanied by a proposed amended complaint that complies with the requirements of § 210.12(a). If the proposed amendment of the complaint would require amending the notice of investigation, the presiding administrative law judge may grant the motion only by filing with the Commission an initial determination. All other dispositions of such motions shall be by order. Respondents shall have ten (10) calendar days from the date of service of an order granting the motion or, in cases where the amendment requires amending the notice of investigation, a Commission determination affirming or not reviewing an initial determination granting the motion, to file a written response to the amended complaint

and/or notice of investigation. The contents of such response shall be governed by § 210.13(b).

(i) If the amended complaint and notice of investigation name an additional respondent, the Commission shall serve one (1) copy of the amended complaint and notice of investigation on the additional respondent and the embassies of the relevant foreign countries, in the manner specified in § 201.16(b) of this chapter, after a Commission determination affirming or not reviewing an initial determination granting the motion.

(ii) By close of business the next business day following official receipt of the amended complaint, Complainant must deliver copies to the Secretary for service by the Secretary as follows:

(A) For each proposed additional respondent, one (1) true paper copy of the nonconfidential version of the amended complaint and one (1) true paper copy of the confidential version of the amended complaint, if any, along with one (1) true copy of the nonconfidential exhibits and one (1) true copy of the confidential exhibits in electronic form on a CD ROM, DVD, or other portable electronic media approved by the Secretary; and

(B) For the government of the foreign country in which each proposed respondent is located as indicated in the amended complaint, one (1) true paper copy of the nonconfidential version of the complaint shall be filed.

(iii) Unless otherwise ordered in the notice of investigation or by the presiding administrative law judge, an additional respondent named in the amended complaint and notice of investigation shall have twenty (20) days from the date of service of the amended complaint and notice of investigation to file a written response in the manner specified in § 210.13.

* * * * *

(g) *Consolidation of investigations.* The Commission may consolidate two or more investigations. If the investigations are currently before the same presiding administrative law judge, he or she may consolidate the investigations. If the investigations are not currently before the same presiding administrative law judge, the chief administrative law judge may consolidate the investigations and assign an administrative law judge to preside over the consolidated investigations. The investigation number in the caption of the consolidated investigation will include the investigation numbers of the investigations being consolidated. The investigation number in which the

matter will be proceeding (the lead investigation) will be the first investigation number named in the consolidated caption.

Subpart D—Motions

■ 36. Amend § 210.15 by revising paragraphs (a)(2) and (c) to read as follows:

§ 210.15 Motions.

(a) * * *

(2) When an investigation or related proceeding is before the Commission, all motions shall be addressed to the Chair of the Commission. All such motions shall be filed with the Secretary and shall be served upon each party. Motions may not be filed with the Commission during preinstitution proceedings except for motions for temporary relief pursuant to § 210.53.

* * * * *

(c) *Responses to motions.* Within ten (10) days after service of any written motions, or within such longer or shorter time as may be designated by the administrative law judge or the Commission, a nonmoving party, or in the instance of a motion to amend the complaint or notice of investigation to name an additional respondent after institution, the proposed respondent, shall respond or may be deemed to have consented to the granting of the relief asked for in the motion. The moving party shall have no right to reply, except as permitted by the administrative law judge or the Commission.

* * * * *

■ 37. Amend § 210.16 by revising paragraphs (b)(1)(i) and (b)(2) and (3) to read as follows:

§ 210.16 Default.

* * * * *

(b) * * *

(1)(i) If a respondent has failed to respond or appear in the manner described in paragraph (a)(1) of this section, a party may file a motion for, or the administrative law judge may issue *sua sponte*, an order directing the respondent to show cause why it should not be found in default.

* * * * *

(2) Any party may file a motion for issuance of, or the administrative law judge may issue *sua sponte*, an initial determination finding a party in default for abuse of process under § 210.4(c) or failure to make or cooperate in discovery under § 210.33. A motion for a finding of default as a sanction for abuse of process or failure to make or cooperate in discovery shall be granted

by initial determination or denied by order.

(3)(i) A proposed respondent may file a notice of intent to default under this section with the administrative law judge at any time before the issuance of the final initial determination.

(ii) Upon the filing of a notice of intent to default under paragraph (b)(3)(i) of this section, the administrative law judge shall issue an initial determination finding the respondent in default without first issuing the show-cause order of paragraph (b)(1)(i) of this section. Such default will be treated in the same manner as any other default under this section.

* * * * *

■ 38. Amend § 210.17 by:

- a. Revising paragraph (h); and
- b. Removing the undesignated text at the end of the section.

The revision reads as follows:

§ 210.17 Other failure to act and default.

* * * * *

(h) The presiding administrative law judge or the Commission may take action under this rule *sua sponte* or in response to the motion of a party.

■ 39. Amend § 210.18 by revising paragraph (b) to read as follows:

§ 210.18 Summary determinations.

* * * * *

(b) *Opposing affidavits; oral argument; time and basis for determination.* Any nonmoving party may file opposing affidavits within ten (10) days after service of the motion for summary determination. At the discretion of the administrative law judge or at the request of any party, the administrative law judge may set the matter for oral argument and call for the submission of briefs or memoranda. The determination sought by the moving party shall be rendered if pleadings and any depositions, answers to interrogatories, and admissions on file, together with the affidavits, if any, show that there is no genuine issue as to any material fact and that the moving party is entitled to a summary determination as a matter of law.

* * * * *

■ 40. Amend § 210.20 by revising paragraph (a) to read as follows:

§ 210.20 Declassification of confidential information.

(a) Any party may move to declassify documents (or portions thereof) that have been designated confidential by the submitter but that do not satisfy the confidentiality criteria set forth in § 201.6(a) of this chapter. All such motions, whether brought at any time

during the investigation or after conclusion of the investigation shall be addressed to and ruled upon by the presiding administrative law judge, or if the investigation is not before a presiding administrative law judge, by the chief administrative law judge or such administrative law judge as the chief administrative law judge may designate.

* * * * *

■ 41. Amend § 210.25 by revising paragraphs (d) and (f) to read as follows:

§ 210.25 Sanctions.

* * * * *

(d) If an administrative law judge's order concerning sanctions is issued before the initial determination concerning violation of section 337 of the Tariff Act of 1930 or termination of the investigation, it may be appealed under § 210.24(b)(1) with leave from the administrative law judge, if the requirements of that section are satisfied. If the order is issued concurrently with the initial determination, or if the administrative law judge denies leave to appeal a previously issued order under § 210.24(b)(1), the order may be appealed by filing a petition meeting the requirements of § 210.43(b) within the same time period specified in § 210.43(a) in which a petition for review of the initial determination terminating the investigation may be filed. The Commission will determine whether to adopt the order after disposition of the initial determination concerning violation of section 337 or termination of the investigation.

* * * * *

(f) If a motion for sanctions is filed with the administrative law judge during an investigation, the administrative law judge may defer adjudication of the motion until after the administrative law judge has issued a final initial determination concerning violation of section 337 of the Tariff Act of 1930 or termination of investigation. If the administrative law judge defers adjudication in such a manner, the administrative law judge's ruling on the motion for sanctions must be in the form of a recommended determination and shall be issued no later than thirty (30) days after issuance of the Commission's final determination on violation of section 337 or termination of the investigation. Parties may submit comments on the recommended determination within ten (10) days from the service of the recommended determination. Parties may submit responses thereto within five (5)

business days from service of any comments.

Subpart E—Discovery and Compulsory Process

- 42. Amend § 210.27 by:
 - a. Revising and republishing paragraph (b);
 - b. Revising paragraph (e)(2)(ii); and
 - c. Redesignating paragraph (e)(5)(iii) as (e)(5)(ii)(C).

The revisions read as follows:

§ 210.27 General provisions governing discovery.

* * * * *

(b) *Scope of discovery.* Regarding the scope of discovery for the temporary relief phase of an investigation, see § 210.61 and the limitations of paragraph (d) of this section. For the permanent relief phase of an investigation, unless otherwise ordered by the administrative law judge, a party may obtain discovery, subject to the limitations of paragraph (d) of this section, regarding any matter, not privileged, that is proportional to the needs of the investigation and relevant to the following:

(1) The claim or defense of the party seeking discovery or to the claim or defense of any other party, including the existence, description, nature, custody, condition, and location of any books, documents, or other tangible things;

(2) The identity and location of persons having knowledge of any discoverable matter;

(3) The appropriate remedy for a violation of section 337 of the Tariff Act of 1930 (see § 210.42(a)(1)(ii)(A)); or

(4) The appropriate bond for the respondents, under section 337(j)(3) of the Tariff Act of 1930, during Presidential review of the remedial order (if any) issued by the Commission (see § 210.42(a)(1)(ii)(B)).

* * * * *

(e) * * *

(2) * * *

(ii) If there exists a disagreement about the basis for the claim of privilege or protection as attorney work product, within seven (7) days of service of the notice, the claimant and the parties shall meet and confer in good faith to resolve the claim of privilege or protection. If, after meeting and conferring there continues to be a disagreement, within five (5) days after the conference, a party may file a motion to compel the production of the document and may, in the motion to compel, use a description of the document from the notice produced under this paragraph (e)(2). In connection with the motion to compel,

the party may submit the document *in camera* for consideration by the administrative law judge. The person that produced the document must preserve the document until the claim of privilege or protection is resolved.

* * * * *

- 43. Amend § 210.28 by:

- a. Revising paragraph (a);
- b. Redesignating paragraphs (b) through (i) as paragraphs (c) through (j);
- c. Adding new paragraph (b); and
- d. Revising newly redesignated paragraph (d), the last sentence of newly redesignated paragraph (e), and newly redesignated paragraphs (g) and (i)(4).

The revisions and addition read as follows:

§ 210.28 Depositions.

(a) *When depositions may be taken.* Following publication in the **Federal Register** of a Commission notice instituting the investigation, any party may take the testimony of any person, including a party, by deposition upon oral examination or written questions. The presiding administrative law judge will determine the permissible dates or deadlines for taking such depositions. Unless stipulated otherwise by the parties, the complainants as a group and the respondents as a group may each take a maximum of twenty (20) fact depositions. If the Office of Unfair Import Investigations is a party, the Commission investigative attorney may take a maximum of ten (10) fact depositions and is permitted to participate in all depositions taken by any parties in the investigation. The presiding administrative law judge may set the maximum number of depositions permitted to be taken by an intervenor. Depositions of party witnesses and non-party witnesses alike shall count towards the limits on fact depositions. A notice for a corporation to designate deponents shall count as only one deposition and shall include all corporate representatives so designated to respond. The presiding administrative law judge may increase or limit the number of depositions on written motion for good cause shown.

(b) *Duration.* Unless otherwise ordered by the presiding administrative law judge or stipulated by the parties, including, when participating in the investigation, the Commission investigative attorney, a deposition is limited to one (1) day of seven (7) hours. The presiding administrative law judge must allow additional time, in a manner consistent with § 210.27(b) through (d), if needed to fairly examine the deponent or if the deponent, another person, or

any other circumstance impedes or delays the examination.

* * * * *

(d) *Notice of examination.* A party desiring to take the deposition of a person shall give notice in writing to every other party to the investigation. The administrative law judge shall determine the appropriate period for providing such notice. A party upon whom a notice of deposition is served may make objections to a notice of deposition and state the reasons therefor within ten (10) days of service of the notice of deposition. The notice shall state the time and place for taking the deposition and the name and address of each person to be examined, if known, and, if the name is not known, a general description sufficient to identify the person or the particular class or group to which the person belongs. A notice may provide for the taking of testimony by telephone or videoconference, but the administrative law judge may, on motion of any party, require that the deposition be taken in the presence of the deponent. The parties may stipulate in writing, or the administrative law judge may upon motion order, that the testimony at a deposition be recorded by other than stenographic means. If a subpoena duces tecum is to be served on the person to be examined, the designation of the materials to be produced as set forth in the subpoena shall be attached to or included in the notice.

(e) * * * See paragraph (j) of this section concerning the effect of errors and irregularities in depositions.

* * * * *

(g) *Service of deposition transcripts on the Commission staff.* The party taking the deposition shall promptly serve one copy of the deposition transcript and exhibits on the Commission investigative attorney.

* * * * *

(i) * * *

(4) If only part of a deposition is offered in evidence by a party, an adverse party may require the offering party to introduce any other part that ought in fairness to be considered with the part introduced, and any party may introduce any other parts.

* * * * *

- 44. Amend § 210.30 by revising paragraphs (a)(1) and (b)(2) to read as follows:

§ 210.30 Requests for production of documents and things and entry upon land.

(a) * * *

(1) To produce and permit the party making the request, or someone acting on that party's behalf, to inspect and

copy any designated documents (including writings, drawings, graphs, charts, photographs, and other data compilations from which information can be obtained), or to inspect and copy, test, or sample any tangible things that are in the possession, custody, or control of the party upon whom the request is served; or

* * * * *

(b) * * *

(2) The party upon whom the request is served shall serve a written response within ten (10) days or the time specified by the administrative law judge. The response shall state, with respect to each item or category, that inspection and related activities will be permitted as requested, unless the request is objected to, in which event the reasons for objection shall be stated. An objection must state whether any responsive materials are being withheld on the basis of that objection. An objection to part of a request must specify the part and permit inspection of the rest. The party submitting the request may move for an order under § 210.33(a) with respect to any objection to or other failure to respond to the request or any part thereof, or any failure to permit inspection as requested. A party who produces documents for inspection shall produce them as they are kept in the usual course of business or shall organize and label them to correspond to the categories in the request.

* * * * *

■ 45. Amend § 210.31 by revising paragraphs (b) through (d) to read as follows:

§ 210.31 Requests for admission.

* * * * *

(b) *Answers and objections to requests for admissions.* A party answering a request for admission shall repeat the request for admission immediately preceding the answer to the request. The matter may be deemed admitted unless, within ten (10) days or the period specified by the administrative law judge, the party to whom the request is directed serves upon the party requesting the admission a sworn written answer or objection addressed to the matter. If objection is made, the reason therefor shall be stated. The answer shall specifically deny the matter or set forth in detail the reasons why the answering party cannot truthfully admit or deny the matter. A denial shall fairly meet the substance of the requested admission, and when good faith requires that a party qualify an answer or deny only a part of the matter as to which an admission is

requested, the party shall specify so much of it as is true and qualify or deny the remainder. An answering party may not give lack of information or knowledge as a reason for failure to admit or deny unless the party has made reasonable inquiry and states that the information known to or readily obtainable by that party is insufficient to enable the party to admit or deny. A party who considers that a matter as to which an admission has been requested presents a genuine issue for a hearing may not object to the request on that ground alone; the party may deny the matter or set forth reasons why it cannot be admitted or denied.

(c) *Sufficiency of answers.* The party who has requested the admissions may move to determine the sufficiency of the answers or objections. Unless the objecting party sustains the burden of showing that the objection is justified, the administrative law judge shall order that an answer be served. If the administrative law judge determines that an answer does not comply with the requirements of this section, the administrative law judge may order either that the matter is admitted or that an amended answer be served. The administrative law judge may, in lieu of these orders, determine that final disposition of the request be made at a prehearing conference or at a designated time prior to a hearing under this part.

(d) *Effect of admissions; withdrawal or amendment of admission.* Any matter admitted under this section may be conclusively established unless the administrative law judge on motion permits withdrawal or amendment of the admission. The administrative law judge may permit withdrawal or amendment when the presentation of the issues of the investigation will be subserved thereby and the party who obtained the admission fails to satisfy the administrative law judge that withdrawal or amendment will prejudice that party in maintaining its position on the issue of the investigation. Any admission made by a party under this section is for the purpose of the pending investigation and any related proceeding as defined in § 210.3.

■ 46. Amend § 210.32 by revising paragraphs (a)(3) and (c)(2) to read as follows:

§ 210.32 Subpoenas.

(a) * * *

(3) The administrative law judge shall rule on all applications filed under paragraph (a)(1) or (2) of this section and may issue subpoenas when warranted. The administrative law judge shall also rule on any motion seeking

foreign judicial assistance to obtain testimony or documents outside the United States.

* * * * *

(c) * * *

(2) *Ruling.* Such applications shall be ruled upon by the administrative law judge, who may issue such subpoenas when warranted. To the extent that the motion is granted, the administrative law judge shall provide such terms and conditions for the production of the material, the disclosure of the information, or the appearance of the official or employee as may appear necessary and appropriate for the protection of the public interest.

* * * * *

■ 47. Amend § 210.33 by revising paragraphs (b) introductory text and (b)(3) and (6) to read as follows:

§ 210.33 Failure to make or cooperate in discovery; sanctions.

* * * * *

(b) *Non-monetary sanctions for failure to comply with an order compelling discovery.* The administrative law judge may issue, based on a party's motion or *sua sponte*, non-monetary sanctions for failure to comply with an order compelling discovery. Such failure to comply may include failure of a party, or an officer or corporate representative of a party, to comply with an oral or written order including, but not limited to, an order for the taking of a deposition or the production of documents, an order to answer interrogatories, an order issued pursuant to a request for admissions, or an order to comply with a subpoena. Any such sanction may be ordered in the course of the investigation or concurrently with the administrative law judge's final initial determination on violation. The administrative law judge may take such action in regard to a failure to comply with an order compelling discovery as is just, including, but not limited to the following:

* * * * *

(3) Rule that the party may not introduce into evidence or otherwise rely upon testimony by the party, officer, or corporate representative, or documents, or other material in support of the party's position in the investigation;

* * * * *

(6) Order any other non-monetary sanction available under Rule 37(b) of the Federal Rules of Civil Procedure.

* * * * *

■ 48. Amend § 210.34 by revising paragraphs (a) introductory text, (c)(2), (d) introductory text, and (d)(5) to read as follows:

§ 210.34 Protective orders; reporting requirement; sanctions and other actions.

(a) *Issuance of protective order.* Upon motion by a party or by the person from whom discovery is sought or by the administrative law judge *sua sponte*, and for good cause shown, the administrative law judge may make any order that may appear necessary and appropriate for the protection of the public interest or that justice requires to protect a party or person from annoyance, embarrassment, oppression, or undue burden or expense, including one or more of the following:

* * * * *

(c) * * *

(2) If the breach occurs while the investigation is before an administrative law judge, any determination on sanctions of the type enumerated in paragraphs (c)(3)(i) through (iv) of this section shall be in the form of a recommended determination. The Commission may then consider both the recommended determination and any related orders in making a determination on sanctions. When the motion is addressed to the administrative law judge for sanctions of the type enumerated in paragraph (c)(3)(v) of this section, the administrative law judge shall grant or deny a motion by issuing an order.

* * * * *

(d) *Reporting requirement.* Each person who is subject to a protective order issued pursuant to paragraph (a) of this section shall report in writing to the Commission immediately upon learning that confidential business information disclosed to that person pursuant to the protective order is the subject of:

* * * * *

(5) Any other written request, if the request or order seeks disclosure, by that person or any other person, of the subject confidential business information to a person who is not, or may not be, permitted access to that information pursuant to either a Commission protective order or § 210.5(b).

* * * * *

Subpart F—Prehearing Conferences and Hearings

■ 49. Amend § 210.35 by revising paragraph (a) introductory text to read as follows:

§ 210.35 Prehearing conferences.

(a) *When appropriate.* The administrative law judge in any investigation may direct counsel or other representatives for all parties to meet with the administrative law judge

for one or more conferences to consider any or all of the following:

* * * * *

■ 50. Amend § 210.37 by revising paragraph (g) to read as follows:

§ 210.37 Evidence.

* * * * *

(g) *Excluded evidence.* When an objection to a question propounded to a witness is sustained, the examining party may make a specific offer of what that party expects to prove by the answer of the witness, or the administrative law judge may as a matter of discretion receive and report the evidence in full. Rejected exhibits, adequately marked for identification, shall be retained with the record so as to be available for consideration by any reviewing authority.

■ 51. Amend § 210.38 by revising paragraph (d) to read as follows:

§ 210.38 Record.

* * * * *

(d) *Certification of record.* Any record created, including all physical exhibits entered into evidence or such photographic reproductions thereof as the administrative law judge approves, shall be certified to the Commission by the administrative law judge at the time the administrative law judge files an initial determination, or a recommended determination, or at such earlier time as the Commission may order.

■ 52. Revise § 210.40 to read as follows:

§ 210.40 Briefs and notices of supplemental authority.

(a) At the time a motion for summary determination under § 210.18(a) or a motion for termination under § 210.21(a) is made, or when it is found that a party is in default under § 210.16, or at the close of the reception of evidence in any hearing held pursuant to this part (except as provided in § 210.63), or within a reasonable time thereafter fixed by the administrative law judge, any party may file briefs in support of that party's positions, in the form specified by the administrative law judge, for the administrative law judge's consideration. Such briefs shall be in writing, shall be served upon all parties in accordance with § 210.4(g), and shall contain adequate references to the record and the authorities on which the submitter is relying.

(b) If pertinent and significant authorities come to a party's attention after the party's brief has been filed but before the final initial determination has issued, the party may promptly advise the administrative law judge by filing a written notice of supplemental authority, no more than two (2) double-

spaced pages in length. The notice must be served on all other parties and must describe the relevance of the supplemental authority, with reference to specific pages in either the party's briefs or the transcript of the evidentiary hearing. Any other party may file a response of no more than two (2) double-spaced pages within five (5) business days after the date of service of the notice of supplemental authority.

Subpart G—Determinations and Actions Taken

■ 53. Amend § 210.42 by:

- a. Revising paragraph (c)(1) and (h)(3);
- b. Removing paragraph (h)(5);
- c. Redesignating paragraph (h)(6) as paragraph (h)(5);
- d. Revising newly redesignated paragraph (h)(5); and
- e. Adding new paragraph (h)(6).

The revisions and addition read as follows:

§ 210.42 Initial determinations.

* * * * *

(c) * * *

(1) The administrative law judge shall grant the following types of motions by issuing an initial determination or shall deny them by issuing an order: a motion to amend the complaint or notice of investigation pursuant to § 210.14(b); a motion for a finding of default pursuant to §§ 210.16 and 210.17; a motion for summary determination pursuant to § 210.18; a motion for intervention pursuant to § 210.19; a motion for termination pursuant to § 210.21; a motion to suspend an investigation pursuant to § 210.23; or a motion to set a target date for an original investigation exceeding 16 months pursuant to § 210.51(a)(1); or a motion to set a target date for an enforcement proceeding exceeding twelve (12) months pursuant to § 210.51(a)(2).

* * * * *

(h) * * *

(3) An initial determination filed pursuant to paragraph (c)(1) of this section shall become the determination of the Commission thirty (30) days after the date of service of the initial determination, except as provided for in paragraph (h)(5) of this section, unless the Commission, within thirty (30) days after the date of such service shall have ordered review of the initial determination or certain issues therein or by order has changed the effective date of the initial determination.

* * * * *

(5) The disposition of an initial determination filed pursuant to paragraph (c)(1) of this section which grants a motion for summary

determination pursuant to § 210.18 that would terminate the investigation in its entirety if it were to become the Commission's final determination, shall become the final determination of the Commission forty-five (45) days after the date of service of the initial determination, unless the Commission has ordered review of the initial determination or certain issues therein, or by order has changed the effective date of the initial determination.

(6) The disposition of an initial determination filed pursuant to paragraph (c)(2) of this section, concerning possible forfeiture or return of a respondent's bonds as governed by § 210.50(d) or possible forfeiture or return of a complainant's temporary relief bond as governed § 210.70(c), shall become the final determination of the Commission forty-five (45) days after the date of service of the initial determination, unless the Commission has ordered review of the initial determination or certain issues therein, or by order has changed the effective date of the initial determination.

* * * * *

■ 54. Amend § 210.43 by revising paragraph (a)(1) to read as follows:

§ 210.43 Petitions for review of initial determinations on matters other than temporary relief.

(a) * * *

(1) Except as provided in paragraph (a)(2) of this section, any party to an investigation may request Commission review of an initial determination issued under § 210.42(a) or (c), § 210.50(d)(3), § 210.70(c), or § 210.75(a)(3) by filing a petition with the Secretary. A petition for review of an initial determination issued under § 210.42(a)(1) and a petition for review of any sanctions order issued under § 210.25(d) must be filed within twelve (12) days after service of the initial determination or order. A petition for review of an initial determination issued under § 210.42(a)(3) must be filed within five (5) business days after service of the initial determination. A petition for review of an initial determination issued under § 210.42(c) that terminates the investigation in its entirety on summary determination, or an initial determination issued under § 210.42(a)(2), § 210.50(d)(3), § 210.70(c), or § 210.75(a)(3), must be filed within ten (10) days after service of the initial determination. Petitions for review of all other initial determinations under § 210.42(c) must be filed within five (5) business days after service of the initial determination. A petition for review of an initial determination issued under § 210.50(d)(3) or

§ 210.70(c) must be filed within ten (10) days after service of the initial determination.

* * * * *

■ 55. Amend § 210.45 by revising paragraph (c) to read as follows:

§ 210.45 Review of initial determinations on matters other than temporary relief.

* * * * *

(c) *Determination on review.* On review, the Commission may affirm, reverse, modify, vacate, or remand for further proceedings, in whole or in part, the initial determination of the administrative law judge. In addition, the Commission may take no position on specific issues or portions of the initial determination of the administrative law judge. The Commission also may make any findings or conclusions that in its judgment are proper based on the record in the proceeding. If the Commission's determination on review terminates the investigation in its entirety, a notice will be published in the **Federal Register**.

■ 56. Revise § 210.48 to read as follows:

§ 210.48 Disposition of petitions for reconsideration.

The Commission may affirm, reverse, modify, or vacate its determination, in whole or part, including any action ordered by it to be taken thereunder. When appropriate, the Commission may remand to the administrative law judge via an order, specifying any necessary additional findings, determinations, or recommendations.

■ 57. Amend § 210.49 by revising paragraph (d) to read as follows:

§ 210.49 Implementation of Commission action.

* * * * *

(d) *Finality of affirmative Commission action.* If the President does not disapprove the Commission's action within a 60-day period beginning the day after a copy of the Commission's action is delivered to the President, or if the President notifies the Commission before the close of the 60-day period that the President approves the Commission's action, such action shall become final the day after the close of the 60-day period or the day the President notifies the Commission of the President's approval, as the case may be.

* * * * *

■ 58. Amend § 210.51 by revising paragraph (a) introductory text and (a)(2) to read as follows:

§ 210.51 Period for concluding investigation.

(a) *Permanent relief.* Within forty-five (45) days after institution of an original

investigation as to whether there is a violation of section 337 or an enforcement proceeding, the administrative law judge shall issue an order setting a target date for completion of the investigation. After the target date has been set, it can be modified by the administrative law judge for good cause shown before the investigation is certified to the Commission or by the Commission after the investigation is certified to the Commission.

* * * * *

(2) *Enforcement proceedings.* If the target date does not exceed twelve (12) months from the date of institution of the enforcement proceeding, the order of the administrative law judge shall be final and not subject to interlocutory review. If the target date exceeds twelve (12) months, the order of the administrative law judge shall constitute an initial determination. Any extension of the target date beyond twelve (12) months shall be by initial determination.

Subpart H—Temporary Relief

■ 59. Revise § 210.63 to read as follows:

§ 210.63 Briefs.

The administrative law judge shall determine whether and, if so, to what extent the parties shall be permitted to file briefs under § 210.40 concerning the issues involved in adjudication of the motion for temporary relief.

■ 60. Revise § 210.65 to read as follows:

§ 210.65 Certification of the record.

When the administrative law judge issues an initial determination concerning temporary relief pursuant to § 210.66(a), the administrative law judge shall also certify to the Commission the record upon which the initial determination is based.

■ 61. Amend § 210.66 by revising paragraphs (c) and (f) to read as follows:

§ 210.66 Initial determination concerning temporary relief; Commission action thereon.

* * * * *

(c) The Commission will not modify, reverse, or vacate an initial determination concerning temporary relief unless the Commission finds that a finding of material fact is clearly erroneous, that the initial determination contains an error of law, or that there is a policy matter warranting discussion by the Commission. All parties may file written comments concerning any clear error of material fact, error of law, or policy matter warranting such action by the Commission. Such comments must

be limited to thirty-five (35) pages in an ordinary investigation and forty-five (45) pages in a “more complicated” investigation. The comments must be filed no later than seven (7) calendar days after issuance of the initial determination in an ordinary case and ten (10) calendar days after issuance of the initial determination in a “more complicated” investigation. In computing the aforesaid 7-day and 10-day deadlines, intermediary Saturdays, Sundays, and Federal holidays shall be included. If the initial determination is issued on a Friday, however, the filing deadline for comments shall be measured from the first business day after issuance. If the last day of the filing period is a Saturday, Sunday, or Federal holiday as defined in § 201.14(a) of this chapter, the filing deadline shall be extended to the next business day. The parties shall serve their comments on other parties by messenger, overnight delivery, or equivalent means.

* * * * *

(f) If the Commission determines to modify, reverse, or vacate the initial determination, the Commission will issue a notice and, if appropriate, a Commission opinion. If the Commission does not modify, reverse, or vacate the administrative law judge’s initial determination within the time provided under paragraph (b) of this section, the initial determination will automatically become the determination of the Commission. Notice of the Commission’s determination concerning the initial determination will be issued on the statutory deadline for determining whether to grant temporary relief, or as soon as possible thereafter, and will be served on the parties. Notice of the determination will be published in the **Federal Register** if the Commission’s disposition of the initial determination has resulted in a determination that there is reason to believe that section 337 has been violated and a temporary remedial order is to be issued. If the Commission determines (either by reversing or modifying the administrative law judge’s initial determination, or by adopting the initial determination) that the complainant must post a bond as a prerequisite to the issuance of temporary relief, the Commission may issue a supplemental notice setting forth conditions for the bond if any (in addition to those outlined in the initial determination) and the deadline for filing the bond with the Commission.

■ 62. Amend § 210.67 by revising paragraph (a) to read as follows:

§ 210.67 Remedy, the public interest, and bonding.

* * * * *

(a) While the motion for temporary relief is before the administrative law judge, the administrative law judge may compel discovery on matters relating to remedy, the public interest and bonding (as provided in § 210.61). The administrative law judge also is authorized to make findings pertaining to the public interest, as provided in § 210.66(a). Such findings may be superseded, however, by Commission findings on that issue as provided in paragraph (c) of this section.

* * * * *

Subpart I—Enforcement Procedures and Advisory Opinions

■ 63. Amend § 210.75 by revising paragraphs (a)(1) introductory text and (a)(1)(i)(B) and (C) and adding paragraphs (a)(1)(i)(D) and (a)(1)(v) to read as follows:

§ 210.75 Proceedings to enforce exclusion orders, cease and desist orders, consent orders, and other Commission orders.

(a) * * *

(1) The Commission may institute an enforcement proceeding upon the filing of an enforcement complaint pursuant to §§ 210.4 and 210.8(a) by the complainant in the original investigation or the complainant’s successor in interest, by the Office of Unfair Import Investigations, or by the Commission. Notwithstanding § 210.8(a)(1)(ii), no paper copies of enforcement complaints or exhibits thereto are required for the government of the foreign country in which each alleged violator is located. If a proceeding is instituted, the Commission shall publish in the **Federal Register** a notice of institution and shall serve copies of the nonconfidential version the enforcement complaint, the nonconfidential exhibits, and the notice of investigation upon each alleged violator. Within fifteen (15) days after the date of service of such a complaint, the named respondent shall file a response to it.

(i) * * *

(B) The filing party requests that the Commission postpone the determination on whether to institute an investigation;

(C) The filing party withdraws the complaint; or

(D) The complaint or any exhibits or attachments thereto contain excessive designations of confidentiality that are not warranted under § 201.6(a) of this chapter and § 210.5.

* * * * *

(v) If the Commission determines that the complaint or any exhibits or attachments thereto contain excessive designations of confidentiality that are not warranted under § 201.6(a) of this chapter and § 210.5, the Commission may require the complainant to file new nonconfidential versions of the aforesaid submissions in accordance with § 210.4(f)(7)(i) and may determine that the thirty (30) day period for deciding whether to institute an investigation shall begin to run anew from the date the new nonconfidential versions are filed with the Commission in accordance with § 210.4(f)(7)(i).

* * * * *

■ 64. Amend § 210.76 by revising the heading of paragraph (a) and paragraphs (a)(1) and (3) to read as follows:

§ 210.76 Modification or rescission of exclusion orders, cease and desist orders, consent orders, and seizure and forfeiture orders.

(a) *Petitions for modification or rescission of exclusion orders, cease and desist orders, consent orders, and seizure and forfeiture orders.* (1) Whenever any person believes that changed conditions of fact or law, or the public interest, require that an exclusion order, cease and desist order, consent order, or seizure and forfeiture order be modified or rescinded, in whole or in part, such person may file a petition, pursuant to section 337(k)(1) of the Tariff Act of 1930, requesting that the Commission make a determination that the conditions which led to the issuance of an exclusion order, cease and desist order, consent order, or seizure and forfeiture order no longer exist. The Commission may also on its own initiative consider such action. The petition shall state the changes desired and the changed circumstances or public interest warranting such action, shall include materials and argument in support thereof, and shall be served on all parties to the investigation in which the exclusion order, cease and desist order, consent order, or seizure and forfeiture order was issued. Any person may file a response to the petition within ten (10) days of service of the petition. If the Commission makes such a determination, it shall notify the Secretary of the Treasury and U.S. Customs and Border Protection.

* * * * *

(3) If the petition requests modification or rescission of an order issued pursuant to section 337(d), (e), (f), (g), or (i) of the Tariff Act of 1930 on the basis of a licensing or other settlement agreement, the petition shall contain copies of the licensing or other settlement agreements, any

supplemental agreements, any documents referenced in the petition or attached agreements, and a statement that there are no other agreements, written or oral, express or implied between the parties concerning the subject matter of the investigation. If the licensing or other settlement agreement

contains confidential business information within the meaning of § 201.6(a) of this chapter, a copy of the agreement with such information deleted shall accompany the petition. On motion for good cause shown, the administrative law judge or the Commission may limit the service of the

agreements to the settling parties and the Commission investigative attorney.
