

Type of Review: Extension and revision of a currently approved information collection.

Affected Public: Private sector.

Respondent's Obligation: Required to obtain or retain benefits.

Frequency: On occasion.

Estimated Number of Annual Respondents: 588,255 respondents.

Estimated Number of Annual Responses: 588,255 responses.

Estimated Time per Response: The USPTO estimates that the responses in this information collection will take the public approximately between 45 minutes (0.75 hours) and 40 hours to complete. This includes the time to gather the necessary information, create the document, and submit the completed request to the USPTO.

Estimated Total Annual Respondent Burden Hours: 12,543,215 hours.

Estimated Total Annual Respondent Non-Hourly Cost Burden: \$1,156,505,487.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view Department of Commerce, USPTO information collections currently under review by OMB.

Written comments and recommendations for this information collection should be submitted within 30 days of the publication of this notice on the following website, www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering either the title of the information collection or the OMB Control Number, 0651–0032.

Further information can be obtained by:

- *Email:* InformationCollection@uspto.gov. Include "0651–0032 information request" in the subject line of the message.

- *Mail:* Justin Isaac, Office of the Chief Administrative Officer, United States Patent and Trademark Office, P.O. Box 1450, Alexandria, VA 22313–1450.

Justin Isaac,

Information Collections Officer, Office of the Chief Administrative Officer, United States Patent and Trademark Office.

BILLING CODE 3510–16–P

CONSUMER PRODUCT SAFETY COMMISSION

[Docket No. CPSC–2013–0025]

Notice of Availability and Request for Comment: Revision to the Voluntary Standard for Infant and Cradle Swings

AGENCY: Consumer Product Safety Commission.

ACTION: Notice of availability and request for comment.

SUMMARY: The U.S. Consumer Product Safety Commission's (Commission or CPSC) mandatory rule, Safety Standard for Infant Swings, incorporates by reference ASTM F2088–20, Standard Consumer Safety Specification for Infant and Cradle Swings. ASTM notified the Commission that it has revised this incorporated voluntary standard. CPSC seeks comment on whether the revision improves the safety of infant and cradle swings.

DATES: Comments must be received by April 11, 2024.

ADDRESSES: Submit comments, identified by Docket No. CPSC–2013–0025, by any of the following methods:

Electronic Submissions: Submit electronic comments to the Federal eRulemaking Portal at: <https://www.regulations.gov>. Follow the instructions for submitting comments. Do not submit through this website: confidential business information, trade secret information, or other sensitive or protected information that you do not want to be available to the public. CPSC typically does not accept comments submitted by email, except as described below.

Mail/Hand Delivery/Courier/Confidential Written Submissions: CPSC encourages you to submit electronic comments by using the Federal eRulemaking Portal. You may, however, submit comments by mail, hand delivery, or courier to: Office of the Secretary, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814; telephone: (301) 504–7479. If you wish to submit confidential business information, trade secret information, or other sensitive or protected information that you do not want available to the public, you may submit such comments by mail, hand delivery, courier, or you may email them to cpsc-os@cpsc.gov.

Instructions: All submissions must include the agency name and docket number. CPSC may post all comments without change, including any personal identifiers, contact information, or other personal information provided, to <https://www.regulations.gov>. Do not

submit to this website: confidential business information, trade secret information, or other sensitive or protected information that you do not want to be available to the public. If you wish to submit such information, please submit it according to the instructions for mail/hand delivery/courier/confidential written submissions.

Docket: For access to the docket to read background documents or comments received, go to: <https://www.regulations.gov>, and insert the docket number, CPSC–2013–0025, into the "Search" box, and follow the prompts.

FOR FURTHER INFORMATION CONTACT:

Carlos Torres, Directorate for Engineering Sciences, U.S. Consumer Product Safety Commission, 5 Research Place, Rockville, MD 20850; telephone: (301) 987–2504; email: Ctorres@cpsc.gov.

SUPPLEMENTARY INFORMATION: Section 104(b) of the Consumer Product Safety Improvement Act of 2008 (CPSIA) requires the Commission to adopt mandatory standards for durable infant or toddler products. 15 U.S.C. 2056a(b)(1). Mandatory standards must be "substantially the same as" voluntary standards, or they may be "more stringent" than the applicable voluntary standards, if the Commission determines that more stringent requirements would further reduce the risk of injury associated with the products. *Id.* Mandatory standards may be based, in whole or in part, on a voluntary standard.

Section 104(b)(4)(B) of the CPSIA specifies the process for when a voluntary standards organization revises a standard that the Commission incorporated by reference under section 104(b)(1). First, the voluntary standards organization must notify the Commission of the revision. Once the Commission receives this notification, the Commission may reject or accept the revised standard. To reject a revised standard, the Commission must notify the voluntary standards organization within 90 days of receiving the notice that it has determined that the revised standard does not improve the safety of the consumer product and that it is retaining the existing standard. If the Commission does not take this action, the revised voluntary standard will be considered a consumer product safety standard issued under section 9 of the Consumer Product Safety Act (15 U.S.C. 2058), effective 180 days after the Commission received notification of the revision (or a later date specified by the Commission in the **Federal Register**). 15 U.S.C. 2056a(b)(4)(B).

In 2012, the Commission adopted a mandatory rule for infant swings under section 104(b)(1) of the CPSIA, which was codified in 16 CFR part 1223. The rule incorporated by reference ASTM F2088–12a, *Standard Consumer Safety Specification for Infant Swings*, with modifications to the labeling and test method requirements.¹ 77 FR 66703 (Nov. 7, 2012). At the time the Commission published the final rule, ASTM F2088–12a was the current version of the voluntary standard. ASTM subsequently revised the voluntary standard six times. ASTM F2088–22 is the current mandatory standard incorporated by reference in 16 CFR part 1223. ASTM F2088 applies to infant and cradle swings, which it describes as products with powered mechanisms that provide swinging or gliding seats for children who cannot climb out of the products. The ASTM standard includes performance requirements, test methods, and requirements for warning labels and instructional literature to address hazards to infants associated with infant and cradle swings.

In April 2013, ASTM notified CPSC that it had issued a revised standard for infant swings, ASTM F2088–13. In accordance with the procedures set out in section 104(b)(4)(B) of the CPSIA, the revised standard became the new mandatory standard for infant swings. The Commission published a direct final rule to update 16 CFR part 1223, incorporating by reference ASTM F2088–13, without modification. 78 FR 37706 (June 24, 2013).

After the Commission issued the revised mandatory standard in 2013, ASTM approved two more revisions: ASTM F2088–15 and ASTM F2088–19. However, ASTM did not notify CPSC of these revisions under CPSIA section 104(b)(4)(B). Consequently, these revised standards did not become the mandatory standards by operation of law, and the Commission did not update the mandatory standard to incorporate by reference these revised ASTM standards. On October 5, 2020, ASTM notified CPSC that it had revised the voluntary standard for infant swings, issuing ASTM F2088–20. In accordance with the procedures set out in section 104(b)(4)(B) of the CPSIA, the revised standard became the new mandatory standard for infant swings. The Commission published a direct final rule to update 16 CFR part 1223, incorporating by reference ASTM

F2088–20, without modification. 86 FR 4961 (Jan. 19, 2021).

On October 2, 2021, ASTM notified CPSC that it had revised the voluntary standard for infant swings, issuing ASTM F2088–21. In accordance with the procedures set out in section 104(b)(4)(B) of the CPSIA, the revised standard became the new mandatory standard for infant swings. The Commission published a direct final rule to update 16 CFR part 1223, incorporating by reference ASTM F2088–21, without modification. 86 FR 59609 (Oct. 28, 2021).

On July 5, 2022, ASTM notified CPSC that it had revised the voluntary standard for infant swings, issuing ASTM F2088–22. In accordance with the procedures set out in section 104(b)(4)(B) of the CPSIA, the revised standard became the new mandatory standard for infant swings. The Commission published a direct final rule to update 16 CFR part 1223, incorporating by reference ASTM F2088–22, without modification. 87 FR 57390 (Sep. 20, 2022).

On March 18, 2024, ASTM notified CPSC that it had approved and published ASTM F2088–24. CPSC staff is assessing the revised voluntary standard to determine, consistent with section 104(b)(4)(B) of the CPSIA, its effect on the safety of consumer products covered by the standard. The Commission invites public comment on that question, to inform staff's assessment and any subsequent Commission consideration of the revisions in ASTM F2088–24.²

The currently incorporated voluntary standard (ASTM F2088–22) and the revised voluntary standard (ASTM F2088–24) are available for review in several ways. A read-only copy of the existing, incorporated standard (ASTM F2088–22) is available for viewing, at no cost, on the ASTM website at: <https://www.astm.org/READINGLIBRARY/>. A read-only copy of the revised standard (ASTM F2088–2024), including red-lined versions that identify the changes from the 2022 version to the 2024 version, are available, at no cost, on ASTM's website at: <https://www.astm.org/CPSC.htm>. Interested parties can also download copies of the standards by purchasing them from ASTM International, 100 Barr Harbor Drive, P.O. Box C700, West Conshohocken, PA 19428–2959; phone: 610–832–9585; <https://www.astm.org>. Alternatively, interested parties can schedule an appointment to inspect copies of the standards at CPSC's Office

of the Secretary, U.S. Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814, telephone: 301–504–7479.

Comments must be received by April 11, 2024. Because of the short statutory time frame Congress established for the Commission to consider revised voluntary standards under section 104(b)(4) of the CPSIA, CPSC will not consider comments received after this date.

Alberta E. Mills,

Secretary, Consumer Product Safety Commission.

BILLING CODE 6355–01–P

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Privacy Act of 1974; System of Records

AGENCY: Corporation for National and Community Service.

ACTION: Notice of new systems of records.

SUMMARY: In accordance with the Privacy Act of 1974, as amended, the Corporation for National and Community Service (operating as AmeriCorps) proposes to establish a new system of records entitled “CNCS–20–COO–ERC Emergency Response Communication System of Records.” This system of records allows AmeriCorps to maintain information to administer operational response to critical events.

DATES: You may submit comments on or before April 29, 2024. Unless timely comments are received that would require a revision, this new system of records will become effective on April 29, 2024.

ADDRESSES: You may submit comments identified by system name and number by any of the following methods:

1. Electronically through [regulations.gov](https://www.regulations.gov). Once you access [regulations.gov](https://www.regulations.gov), find the web page for this SORN by searching for CNCS–20–COO–ERC.

2. By email at privacy@americorps.gov.

3. By mail: AmeriCorps, Attn: Bilal Razzaq, Chief Privacy Officer, OIT, 250 E Street SW, Washington, DC 20525.

4. By hand delivery or courier to AmeriCorps at the address for mail between 9:00 a.m. and 4:00 p.m. Eastern Standard Time, Monday through Friday, except for Federal holidays.

Please note that all submissions received may be posted without change

¹ The modifications included changes to the required warning label content and a revised test method to address an omission in the voluntary standard for toy mobiles attached to swings.

² The Commission voted 4–0 to approve this notice.
