SUPPLEMENTARY INFORMATION:

I. Abstract

The Economic Development
Administration (EDA) leads the Federal
economic development agenda by
promoting innovation and
competitiveness, preparing American
regions for growth and success in the
worldwide economy. Guided by the
basic principle that sustainable
economic development should be
driven locally, EDA works directly with
communities and regions to help them
build the capacity for economic
development based on local business
conditions and needs. The Public Works
and Economic Development Act of 1965
(PWEDA) (42 U.S.C. 3121 *et seq.*) is
EDA's organic authority and is the
primary legal authority under which
EDA awards financial assistance. Under
PWEDA, EDA provides financial
assistance to both rural and urban
distressed communities by fostering
entrepreneurship, innovation, and
productivity through investments in
infrastructure development, workforce
development, capacity building, and
business development to attract private
capital investments and new and better
jobs to regions experiencing economic
distress. Further information on EDA
programs and financial assistance
opportunities can be found at
www.eda.gov.

To effectively administer and monitor
its economic development assistance
programs, EDA collects certain
information from applications for, and
recipients of, EDA investment
assistance. The purpose of this notice is
to seek comments from the public and
other Federal agencies on a request for
a new information collection by an EDA
grantee. This grantee will collect
information about the economic
development needs, planning, and
priorities of Indigenous communities.
Findings from the survey will inform
EDA's work with Indigenous
communities and will support other
agencies, organizations, and
communities in better planning,
funding, and implementing economic
development activities.

To that end, the grantee will conduct
an electronic data collection survey. A
subset of the recipients (20) will also be
engaged in phone interviews to better
understand the experiences and
decision-making processes when
evaluating opportunities for economic
development funding. EDA is
particularly interested in public
comment on how the proposed data
collection will support the assessment
of program effectiveness, or if
alternative information should be
considered.

II. Method of Collection

Data will be collected electronically
and via phone interviews.

III. Data

OMB Control Number: None: new
information collection.

Form Number(s): None: new

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we

cannot guarantee that we will be able to do so.

Stainless Steel Flanges From the People's Republic of China and India: Initiation and Preliminary Results of Changed Circumstances Reviews and Intent To Revoke the Antidumping and Countervailing Duty Orders, in Part

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: Based on a request from Anchor Fluid Power (Anchor), the U.S. Department of Commerce (Commerce) is initiating and issuing preliminary results of changed circumstances reviews (CCRs) of the antidumping duty and countervailing duty orders on stainless steel flanges from the People's Republic of China (China) and India to revoke the orders, in part, with respect to certain products. Interested parties are invited to comment on these preliminary results.

DATES: Applicable March 29, 2024.

FOR FURTHER INFORMATION CONTACT: Sun Cho, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3004.

SUPPLEMENTARY INFORMATION:

Background

In 2018, Commerce published the antidumping and countervailing duty orders on stainless steel flanges from China and India.¹ On February 2, 2024, Anchor, an importer of stainless steel flanges, requested, through CCRs, that Commerce retroactively revoke the *Orders*, in part, pursuant to section 751(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.216(b) with respect to certain products.² Anchor stated that it qualifies as an importer of stainless steel flanges currently subject to duties and, as such, is an interested party pursuant to section 771(9)(A) of the Act and 19 CFR 351.102(b)(29)(ii).³

On March 1, 2024, Commerce requested that Anchor provide supplemental information related to its CCR Request. Anchor timely responded to this supplemental questionnaire on March 11, 2024.⁴ Within Anchor's CCR Request and CCR Supplement, Anchor provided statements from members of the petitioning coalition or their representatives, including Core Pipe Products, Inc.; Kerkau Manufacturing; and Ameriforge LLC, indicating that they either were not interested in participating in the CCRs or were not contesting Anchor's proposal.⁵
