On May 30, 2023, the Commission granted Sabine Pass' request to utilize the National Environmental Policy Act (NEPA) Pre-Filing Process and assigned Docket No. PF23-2-000 to staff activities involved in the Project. Now,

as of the filing of the February 29, 2024, application, the Pre-Filing Process for SPLNG's Sabine Pass Stage 5 Expansion Project has ended. From this time forward, this proceeding will be conducted in Docket No. CP24-75-000 as noted in the caption of this Notice. The Pre-Filing Process will continue for the Sabine Crossing Pipeline Project under Docket No. PF23-2-000.

In its withdrawal letter, Sabine Crossing states that it will resubmit an NGA section 7(c) application for the Sabine Crossing Pipeline Project following further development and modification of the project. Until the details of the revised Sabine Crossing Pipeline Project are filed and more fully understood, the Commission cannot begin preparation of a NEPA document. Pursuant to section 157.9 of the Commission's Rules of Practice and Procedure,² within 90 days after the Commission issues a Notice of Application for the revised Sabine Crossing Pipeline Project, Commission staff will issue a Notice of Schedule for Environmental Review that will indicate the anticipated date for Commission staff's issuance of the NEPA document analyzing both the Sabine Pass Stage 5 Expansion Project and the Sabine Crossing Pipeline Project. The issuance of a Notice of Schedule for Environmental Review will also serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of Commission staff's NEPA document.

The Commission is not soliciting comments, protests, or motions to intervene at this time. When Sabine Crossing files a revised application for the Sabine Crossing Pipeline Project, a notice will be issued establishing a deadline to file comments, protests, and motions to intervene for both the Sabine Crossing Pipeline Project and the Sabine Pass Stage 5 Expansion Project.
