SUPPLEMENTARY INFORMATION:

Title: Regional Agricultural Promotion Program.

OMB Number: 0551-0049.

Expiration Date of Approval: August 31, 2025.

Type of Request: Revision of a currently approved information collection.

Abstract: Under the Regional Agricultural Promotion Program (RAPP), information will be gathered from applicants to the program and from existing program participants that have been approved to conduct market promotion activities that promote U.S. agricultural commodities in foreign markets, including activities that address existing or potential non-tariff barriers to trade. The information collected will be used primarily by FAS to manage, plan, evaluate, and account for government resources. This revision is necessary to update the burden estimate to account for new applications being received under RAPP.

Estimate of Burden: The public reporting burden for each respondent resulting from information collected under the RAPP varies in direct relation to the number and type of agreements entered into by such respondents. The estimated average reporting burden for the RAPP is 16 hours per response.

Type of Respondents: Nonprofit U.S. agricultural trade organizations, nonprofit state regional trade groups, U.S. agricultural cooperatives, and state agencies.

Estimated Number of Respondents: 70 per annum.

Estimated Number of Responses per Respondent: 55 per annum.

Estimated Total Annual Burden of Respondents: 55,029 hours.
