that, in his opinion, exemptions set forth in the Government in the Sunshine Act, in particular 5 U.S.C. 552b(c)(2), (6) and (9)(B), permit closure of this meeting.

The Board approved the closing of this meeting by recorded vote. The Board also determined by recorded vote that shorter than usual notice for a meeting was required by official agency business and delayed availability of required information.

The purpose for closing the meeting is so that the IBAB may decide on hiring certain entity heads (personnel) [relates to (2), (6), and (9)]. Publicizing the deliberation would frustrate the implementation of the very item they will be proposing [relates to (9)].

In the event that the time, date, or location of this meeting changes, USAGM will post an announcement of the change, along with the new time, date, and/or place of the meeting on its website at <https://www.usagm.gov>.

Although a separate federal entity, USAGM prepared this notice and will continue to support the Board in accordance with 22 U.S.C. 6205(g).

On February 26, 2024, the Department of Commerce received clearance from the Office of Management and Budget (OMB) in accordance with the Paperwork Reduction Act of 1995 to conduct the fourth, fifth, and sixth Census Household Panel topical operations (OMB No. 0607-1025, Exp. 6/30/26). The Census Household Panel is designed to ensure availability of frequent data collection for nationwide estimates on a variety of topics for a variety of subgroups of the population. This notice serves to inform of the Department’s intent to request clearance

from OMB to conduct topical operations 7, 8, and 9.

The Topical 7 (May) questionnaire will ask respondents about their opinions on government data collection and data use. The June survey (Topical 8) will test changes to the Current Population Survey's Annual Social and Economic Supplement (ASEC) interviewer administered questions for suitability in internet self-response mode. Specifically, the items tested include questions on health insurance, out-of-pocket medical costs, migration, and child care. Similarly, for the July topical questionnaire (Topical 9), interviewer administered ASEC questions will be tested for suitability in internet self-response mode. These items include pensions, retirement (withdrawals, interest, and contributions), and SNAP and school meal receipt, which are key income sources used to measure the level of poverty in the U.S. The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on February 6, 2023, during a 60-day comment period. This notice allows for an additional 30 days for public comments.
