BILLING CODE 9110-04-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID: FEMA-2024-0015; OMB No. 1660-0137]

Agency Information Collection Activities: Proposed Collection; Comment Request; Emergency Notification System (ENS)

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: 60-Day notice of extension and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public to take this opportunity to comment on a revision of a currently approved information collection. In accordance with the Paperwork Reduction Act of 1995, this notice seeks comments concerning the Emergency Notification System (ENS).

DATES: Comments must be submitted on or before June 10, 2024.

ADDRESSES: To avoid duplicate submissions to the docket, please submit comments at <http://www.regulations.gov> under Docket ID FEMA-2024-0015. Follow the instructions for submitting comments.

All submissions received must include the agency name and Docket ID and will be posted, without change, to the Federal eRulemaking Portal at <http://www.regulations.gov>, and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to read the Privacy and Security Notice that is available via a link on the homepage of <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT:

Anthony Allen, ENS System Security Officer/IT Technician, FEMA/ORR, by email at Anthony.Allen@fema.dhs.gov or telephone at 540-326-2645. You may contact the Records Management Division for copies of the proposed collection of information at email address: FEMA-Information-Collections-Management@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: FEMA's Office of Response & Recovery (ORR) owns and operates the Emergency Notification System (ENS). FEMA Directive 262-3 designates ENS as the Agency's solution for all notification and alerts activities. The ENS sends electronic notifications and relays messages, whether critical in nature, routine, or for testing purposes with appropriate authorization, to Department of Homeland Security (DHS) employees and contractors, as well as emergency response personnel. In accordance with Executive Order 12656, Presidential Policy Directive 40, and Federal Continuity Directive-1, all DHS organizational components must have in place a viable Continuity of Operations Planning capability and plan that ensures the performance of their essential functions during any emergency or situation that could disrupt normal operations. An effective ENS solution is a critical part of this plan.

Collection of Information

Title: Emergency Notification System (ENS).

Type of Information Collection: Extension of a currently approved information collection.

OMB Number: 1660-0137.

FEMA Forms: FF-104-FY-24-100, Emergency Notification System (ENS).

Abstract: The Emergency Notification System (ENS) has been deemed the standard notification tool for FEMA. The purpose of this notification tool is to activate teams and disseminate information. The respondents to this information are Mobile Operation Centers and Regions that use this information to make decisions on how to meet operational missions. This revision includes a new form for data gathering, which includes the Privacy Act Statement, Paperwork Reduction Act, and Retention Period information for members of the public that receive ENS Notifications.

Affected Public: State, Local or Tribal Governments; Federal Government.

Estimated Number of Respondents: 700.

Estimated Number of Responses: 2,200.

Estimated Total Annual Burden Hours: 184.

Estimated Total Annual Respondent Cost: \$7,670.

Estimated Respondents' Operation and Maintenance Costs: \$0.

Estimated Respondents' Capital and Start-Up Costs: \$0.

Estimated Total Annual Cost to the Federal Government: \$214,836.

Comments

Comments may be submitted as indicated in the **ADDRESSES** caption above. Comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the Agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Millicent Brown Wilson,

Records Management Branch Chief, Office of the Chief Administrative Officer, Mission Support, Federal Emergency Management Agency, Department of Homeland Security.

30-Day Notice of Proposed Information Collection: Evaluation of the Green and Resilient Retrofit Program, OMB Control No.: 2528-New

AGENCY: Office of Policy Development and Research, Chief Data Officer, HUD.

ACTION: Notice.

SUMMARY: HUD is seeking approval from the Office of Management and Budget (OMB) for the information collection described below. In accordance with the Paperwork Reduction Act, HUD is requesting comment from all interested parties on the proposed collection of information. The purpose of this notice is to allow for an additional 30 days of public comment.

DATES: Comments Due Date: May 9, 2024.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. Interested persons are also invited to submit comments regarding this proposal and comments should refer to the proposal by name and/or OMB Control Number and should be sent to: Anna Guido, Clearance Officer, REE, Department of Housing and Urban Development, 451 7th Street SW, Room 8210, Washington, DC 20410–5000; email PaperworkReductionActOffice@hud.gov.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on November 20, 2023 at 88 FR 80740.

A. Overview of Information Collection

Title of Information Collection: Evaluation of the Green and Resilient Retrofit Program.
OMB Approval Number: 2528–New.
Type of Request: New collection.
Form Number: N/A.
Description of the need for the information and proposed use: The Office of Policy Development and Research (PD&R), at the U.S. Department of Housing and Urban Development (HUD), is proposing the collection of information to support an evaluation of the Green and Resilient Retrofit Program (GRRP). GRRP is a newly funded program through Section 30002 of the Inflation Reduction Act of 2022 (H.R. 5376) titled “Improving Energy Efficiency or Water Efficiency or Climate Resilience of Affordable Housing.” HUD is offering GRRP funding in the form of grants or loans through three award cohorts designed to meet the needs of properties in different situations, implemented through three parallel Notices of Funding Opportunities (NOFOs). These award cohorts are the Elements Award cohort, the Leading Edge Award cohort, and the Comprehensive Award cohort. Under all three award cohorts, owners of eligible HUD-assisted multifamily properties will receive funding in the form of grants or loans to undertake retrofits, enhancements, and upgrades to improve energy and water efficiency, indoor air quality, and climate hazard resilience; to reduce emissions; to use renewable energy; and/or to use low Embodied Carbon materials.

The “Elements” NOFO provides modest funding to owners to add proven and meaningful climate resilience, energy efficiency, electrification, and renewable energy measures to the construction scopes of in-progress recapitalization transactions. The “Leading Edge” NOFO provides funding for retrofit activities to achieve ambitious outcomes, including net zero, renewable energy generation, use of building materials with lower Embodied Carbon, and climate resilience investments. The “Comprehensive” NOFO will provide funding to initiate

recapitalization investments designed from inception around both proven and innovative measures, including ambitious green building standards or measures, renewable energy generation, use of building materials with lower Embodied Carbon, and climate resilience investments.

The Evaluation of Green and Resilient Retrofit Program (GRRP Evaluation) will be implemented in phases. Under Phase 1, HUD plans to collect survey and interview data related to the application process, the scoping and design phase of GRRP, and the post-construction period. Energy efficiency data will also be collected using a survey.

(1) *GRRP Application Survey:* The application survey and interview will provide data necessary to assess the success of the application process, which is influenced by property owners’ perceptions of the design of the application and the program.

(2) *GRRP Scoping and Design Survey:* The survey and interview related to the scoping and design phase of GRRP will provide data necessary to evaluate the process of implementing the program, including what went well and what barriers were encountered. It will cover issues related to activities such as developing the transaction plan and closing package and designing the retrofit.

(3) *GRRP Post-Construction Survey:* The post-construction survey and interview will provide data necessary to evaluate how well the program worked in terms of the perceived costs and benefits to property owners, including questions related to construction, such as whether property owners encountered barriers with construction.

(4) *Energy Efficiency Survey (Benchmarking):* The benchmarking energy efficiency survey will capture data from HUD-assisted property owners on factors affecting energy and water usage, which will support the GRRP evaluation.

This **Federal Register** Notice provides an opportunity to comment on the information collection for the Evaluation of the Green and Resilient Retrofit Program (GRRP Evaluation).

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

(5) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

HUD encourages interested parties to submit comments in response to these questions.

Proposed Safe Harbor Agreement and Candidate Conservation Agreement With Assurances for the Greene County Pennsylvania, Wharton Run Bat Hibernaculum; Draft Categorical Exclusion

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), have received an application from CNX Gas Company LLC for an enhancement of survival permit under the Endangered Species Act. The applicant also submitted a proposed safe harbor agreement and candidate conservation agreement with assurances (SHA/CCAA) in support of the application. We request public comment on the application, which includes the applicant's proposed SHA/CCAA, and the Service's preliminary determination that the proposed permitting action may be eligible for a categorical exclusion pursuant to the Council on Environmental Quality's National Environmental Policy Act (NEPA) regulations, the Department of the Interior's (DOI) NEPA regulations, and the DOI Departmental Manual. To make this preliminary determination, we prepared a draft environmental action statement and low-effect screening form, both of which are also available for public review. We invite comment from the public and local, State, Tribal, and Federal agencies.

DATES: We will accept comments received or postmarked on or before May 9, 2024. Comments submitted online at <https://www.regulations.gov> (see **ADDRESSES**) must be received by 11:59 p.m. Eastern Time on May 9, 2024.

ADDRESSES:

Obtaining documents: The documents this notice announces, as well as any comments and other materials that we

receive, will be available for public inspection online in Docket No. FWS-R5-ES-2024-0021 at <https://www.regulations.gov>.

Submitting Comments: If you wish to submit comments on any of the documents, you may do so in writing by one of the following methods:

- *Online:* <https://www.regulations.gov>

Follow the instructions for submitting comments on Docket No. FWS-R5-ES-2024-0021.

- *U.S. mail:* Public Comments

Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: We, the U.S. Fish and Wildlife Service (Service), have received an application from CNX Gas Company LLC (applicant, CNX) for an enhancement of survival permit under the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*). The applicant also submitted a proposed safe harbor agreement and candidate conservation agreement with assurances (SHA/CCAA) in support of the application. The applicant intends to implement the agreement within the boundaries of the State of Pennsylvania, to actively manage the covered species to benefit the recovery of federally listed species and to prevent the need to list candidate or otherwise sensitive species. The Service has made a preliminary determination that the proposed agreement qualifies as low effect, categorically excluded, under the National Environmental Policy Act of 1969 (NEPA; 42 U.S.C. 4321 *et seq.*). To make this determination, we used our
