Additionally, the DoD established security audit and accountability policies and procedures which support the safeguarding of PII and detection of potential PII incidents. The DoD routinely employs safeguards such as the following to information systems and paper recordkeeping systems: Multifactor log-in authentication including Common Access Card (CAC) authentication and password; physical token as required; physical and technological access controls governing access to data; network encryption to protect data transmitted over the network; disk encryption securing disks storing data; key management services to safeguard encryption keys; masking of sensitive data as practicable; mandatory information assurance and privacy training for individuals who will have access; identification, marking, and safeguarding of PII; physical access safeguards including multifactor identification physical access controls, detection and electronic alert systems for access to servers and other network infrastructure; and electronic intrusion detection systems in DoD facilities.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The SFIG Program is authorized under Title IV, Part C of the Elementary and Secondary Education Act of 1965, as amended by Every Student Succeeds Act (ESEA) (20 U.S.C. 7221k). Through the SFIG Program, the Department provides grants to eligible *States* to help them establish or enhance, and administer, a *per-pupil facilities aid program* for *charter schools* in the *State*, that is specified in *State* law, and provides annual financing, on a *per-pupil* basis, for *charter school* facilities.

Background:

Lack of access to adequate facilities is one of the biggest obstacles to creating and expanding *charter schools* as cited by *charter school* leaders.¹ In 2021, the Government Accountability Office (GAO) issued a report identifying the challenges *charter schools* encounter with locating and securing *charter*

school facilities and government assistance that can address these challenges, such as *per-pupil* allowances, which provide extra funds to help cover facility expenses. In this report, the GAO identified the following four challenges unique to *charter schools* when trying to secure *charter school* facilities and funding: (1) affordability and limited access to *State* and local funding, and affordable private loans as well as rising real estate costs and renovation expenses; (2) availability of safe and secure building space and lack of amenities (*e.g.*, a cafeteria or playground) and limited access to buildings; (3) inconsistent assistance for *charter school* facilities’ needs and, (4) limited staff expertise in facilities management.²

The Secretary has encouraged all stakeholders to “Raise the Bar: Lead the World” in education to provide opportunities for students to reach new heights in the classroom, in their careers, and in their lives and communities, making a positive difference in the world for generations to come. Ensuring students have access to safe, healthy, sustainable, and equitable physical learning environments is a critical component of the “Raise the Bar: Lead the World” initiative. The SFIG Program can support *charter schools* that serve students from low-income backgrounds and students of color located in low-resourced, underfunded areas in providing access to high-quality facilities.^{3,4} The Secretary also seeks to address challenges novice applicants may face, including supporting *States* in their efforts to establish and enhance or administer a *per-pupil facilities aid program* for *charter schools*.

Priority: This notice includes a competitive preference priority. In accordance with 34 CFR 75.105(b)(2)(ii), this priority is from 34 CFR 226.14(b).

Competitive Preference Priority: For FY 2024 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is a competitive preference priority.

Under 34 CFR 75.105(c)(2)(i) we award an additional 10 points to those applicants that meet this priority.

Note: Pursuant to the definition of *authorized public chartering agency* in section 4310(1) of the ESEA, for a school to qualify as a charter school under section 4310(2) and receive Federal CSP funds, the grantee must assure that each charter school served was authorized by an “authorized public charter agency” as defined in section 4310(1) of the ESEA. II. Award Information

Type of Award: Discretionary grants.

Estimated Available Funds: For FY 2024, the Administration received \$440,000,000 for the CSP, of which we would use an estimated \$30,000,000 for awards under this competition.

Contingent upon the availability of funds and the quality of applications, we may make additional awards in

subsequent years from the list of unfunded applications from this competition.

Estimated Range of Awards:

\$1,000,000 to \$10,000,000.

Estimated Average Size of Awards: \$10,000,000.

Estimated Number of Awards: 1–3.

Note: The Department is not bound by any estimates in this notice.

Project Period: Up to 60 months.

III. Eligibility Information

1. *Eligible Applicants: States.* In order to be eligible to receive a grant, a *State* shall establish or enhance, and administer, a per-pupil facilities aid program for *charter schools* in the *State*, that—

(a) Is specified in *State* law; and
(b) Provides annual financing, on a per-pupil basis, for *charter school* facilities.

Note: A *State* that is required under *State* law to provide *charter schools* with access to adequate facility space, but that does not have a *per-pupil facilities aid program* for *charter schools* specified in *State* law, is eligible to receive a grant if the *State* agrees to use the funds to develop a *per-pupil facilities aid program* consistent with the requirements in this notice inviting applications.

2. a. *Cost Sharing or Matching:* Under section 4304(k)(2)(C) of the ESEA, a *State* must provide a *State* share of the total cost of the project. The minimum *State* share of the total cost of the project increases each year of the grant, from:

- 10 percent in the first year
- 20 percent in the second year
- 40 percent in the third year
- 60 percent in the fourth year
- 80 percent in the fifth year.

Note: A *State* may partner with one or more organizations, and such organizations may provide up to 50 percent of the *State* share of the cost of establishing or enhancing, and administering, the *per-pupil facilities aid program*.

Applicants that are provisionally selected to receive grants will not receive grant funds unless they demonstrate, by September 1, 2024, that they are, or will be able to, provide the *State* share required under this program.

b. *Supplement-Not-Supplant:* This program involves supplement-not-supplant funding requirements. Under section 4110 of the ESEA (20 U.S.C. 7120), program funds must be used to supplement, and not supplant, *State* and local public funds expended to provide *per-pupil facilities aid programs*, operations financing programs, or other programs, for *charter*

schools. Therefore, the Federal funds provided under this program, as well as the matching funds provided by the grantee, must be in addition to the *State* and local funds that would otherwise be used for this purpose in the absence of this Federal program. The Department generally considers that *State* and local funds would be available for this purpose at least in the amount of the funds that was available in the preceding year and that the Federal funds and matching funds under this program would supplement that amount.

c. *Indirect Cost Rate Information*: This program uses a restricted indirect cost rate. For more information regarding indirect costs, or to obtain a negotiated indirect cost rate, please see www2.ed.gov/about/offices/list/ocfo/intro.html.

d. *Administrative Cost Limitation*: State grantees may use up to five percent of their grant award for administrative expenses that include: indirect costs, evaluation, technical assistance, dissemination, personnel costs, and any other costs involved in administering the State's per-pupil facilities aid program. (34 CFR 226.22)

Charter school subgrantees may use grant funds for administrative costs that are necessary and reasonable for the proper and efficient performance and administration of this Federal grant. This use of funds, as well as indirect costs and rates, must comply with EDGAR and the Office of Management and Budget Circular A-87 (Cost Principles for State, Local, and Indian Tribal Governments).

Consistent with the requirements in 34 CFR 75.564(c)(2), any *charter school* subgrantees that use grant funds for construction activities may not be reimbursed for indirect costs for those activities. (34 CFR 226.23)

3. *Build America, Buy America Act*: This program is subject to the Build America, Buy America Act (Pub. L. 117-58) domestic sourcing requirements. Accordingly, under this program, grantees and contractors may not use their grant funds for infrastructure projects or activities (e.g., construction, remodeling, and broadband infrastructure) unless—

(a) All iron and steel used in the infrastructure project or activity are produced in the United States;

(b) All manufactured products used in the infrastructure project or activity are produced in the United States; and

(c) All construction materials are manufactured in the United States.

Grantees may request waivers to these requirements by submitting a Build America, Buy America Act Waiver

Request Form. For more information, including a link to the Waiver Request Form, see the Department's Build America Buy America Waiver website at: <https://www2.ed.gov/policy/fund/guid/buy-america/index.html>.

4. *Other*: The *charter schools* that a grantee selects to benefit from this program must meet the definition of *charter school* in section 4310(2) of the ESEA (20 U.S.C. 7221i(2)). The definitions of *charter school*, *per-pupil facilities aid programs*, and *authorized public chartering agency* are in sections 4310(2), 4304(k)(1), and 4310(1) of the ESEA (20 U.S.C. 7221) and included in this notice. Additionally, with respect to component (B) of the definition of "charter school," which requires that a school be a public school operated under public supervision and direction, each charter school selected to benefit from this program must assure the grantee that it has not relinquished full or substantial control of the charter school to a for-profit management organization (also referred to as an education management organization) or other for-profit entity; and each charter school must assure the grantee that it is fiscally responsible and transparent, particularly with respect to contractual relationships with for-profit management organizations. To fulfill this requirement, in selecting each *charter school* that it will serve under the State Incentive program, the grantee must obtain an assurance from the school that it meets each of the components of the definition of "charter school" in section 4310(2) of the ESEA).

IV. Application and Submission Information

1. Application Submission

Instructions: Applicants are required to follow the Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the **Federal Register** on December 7, 2022 (87 FR 75045), and available at <https://www.federalregister.gov/documents/2022/12/07/2022-26554/common-instructions-for-applicants-to-department-of-education-discretionary-grant-programs>, which contain requirements and information on how to submit an application.

2. *Submission of Proprietary Information*: Given the types of projects that may be proposed in applications for the State Charter School Facilities Incentive Grants Program, your application may include business information that you consider proprietary. In 34 CFR 5.11, we define "business information" and describe the process we use in determining whether any of that information is proprietary

and, thus, protected from disclosure under Exemption 4 of the Freedom of Information Act (5 U.S.C. 552, as amended).

Because we plan to make successful applications available to the public, you may wish to request confidentiality of business information.

Consistent with Executive Order 12600, please designate in your application any information that you believe is exempt from disclosure under Exemption 4. In the appropriate Appendix section of your application, under "Other Attachments Form," please list the page number or numbers on which we can find this information. For additional information please see 34 CFR 5.11(c).

3. *Intergovernmental Review*: This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this competition.

4. *Funding Restrictions*: Under section 4304(k)(3)(B) of the ESEA, from the amount made available to a *State* through a grant under this program for a fiscal year, the *State* may reserve not more than five percent to carry out evaluations, to provide technical assistance, and to disseminate information. We reference additional regulations outlining funding restrictions in the *Applicable Regulations* section of this notice.

5. *Recommended Page Limit*: The application narrative is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. We recommend that you (1) limit the application narrative to 40 pages and (2) use the following standards:

- A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.

- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.

- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).

- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial.

Furthermore, applicants are strongly encouraged to include a table of contents that specifies where each required part of the application is located.

6. *Notice of Intent to Apply:* The Department will be able to review grant applications more efficiently if we know the approximate number of applicants that intend to apply. Therefore, we strongly encourage each potential applicant to notify us of their intent to submit an application. To do so, please email the program contact person listed under **FOR FURTHER INFORMATION CONTACT** with the subject line “Intent to Apply,” and include the applicant’s name, a contact person’s name and email address, and the Assistance Listing Number. Applicants that do not submit a notice of intent to apply may still apply for funding.

V. Application Review Information

1. *Selection Criteria:* The selection criteria for this program are from 34 CFR 226.12. The maximum score for addressing all of the selection criteria is 100 points. The maximum score for addressing each criterion is indicated in parentheses and are as follows:

(a) *Need for facility funding* (30 points).

(1) The need for per-pupil *charter school* facility funding in the State.

(2) The extent to which the proposal meets the need to fund *charter school* facilities on a per-pupil basis.

(b) *Quality of plan* (40 points).

(1) The likelihood that the proposed grant project will result in the State either retaining a new per-pupil facilities aid program or continuing to enhance such a program without the total amount of assistance (State and Federal) declining over a five-year period.

(2) The flexibility *charter schools* have in their use of facility funds for the various authorized purposes.

(3) The quality of the plan for identifying charter schools and determining their eligibility to receive funds.

(4) The per-pupil facilities aid formula’s ability to target resources to charter schools with the greatest need and the highest proportions of students in poverty.

(5) For projects that plan to reserve funds for evaluation, the quality of the applicant’s plan to use grant funds for this purpose.

(6) For projects that plan to reserve funds for technical assistance, dissemination, or personnel, the quality of the applicant’s plan to use grant funds for these purposes.

(c) *The grant project team* (10 points).

(1) The qualifications, including relevant training and experience, of the project manager and other members of the grant project team, including

employees not paid with grant funds, consultants, and subcontractors.

(2) The adequacy and appropriateness of the applicant’s staffing plan for the grant project.

(d) *The budget* (10 points).

(1) The extent to which the requested grant amount and the project costs are reasonable in relation to the objectives, design, and potential significance of the proposed grant project.

(2) The extent to which the costs are reasonable in relation to the number of students served and to the anticipated results and benefits.

(3) The extent to which the non-Federal share exceeds the minimum percentages (which are based on the percentages under section 4304(k)(2)(C) of the ESEA), particularly in the initial years of the program.

(e) *State Experience* (10 points).

(1) The experience of the State in addressing the facility needs of charter schools through various means, including providing per-pupil aid and access to State loan or bonding pools.

2. *Review and Selection Process:* We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant’s use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

Note: As described in 34 CFR 226.14(c), the Secretary may elect to consider the points awarded under the competitive preference priority only for proposals that exhibit sufficient quality to warrant funding under the selection criteria.

3. *Risk Assessment and Specific Conditions:* Consistent with 2 CFR 200.206, before awarding grants under this competition the Department conducts a review of the risks posed by applicants. Under 2 CFR 200.208, the Secretary may impose specific conditions and, under 2 CFR 3474.10, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance;

has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

4. *Integrity and Performance System:* If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently \$250,000), under 2 CFR 200.206(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds \$10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed \$10,000,000.

5. *In General:* In accordance with the Office of Management and Budget’s guidance located at 2 CFR part 200, all applicable Federal laws, and relevant Executive guidance, the Department will review and consider applications for funding pursuant to this notice inviting applications in accordance with—

(a) Selecting recipients most likely to be successful in delivering results based on the program objectives through an objective process of evaluating Federal award applications (2 CFR 200.205);

(b) Prohibiting the purchase of certain telecommunication and video surveillance services or equipment in alignment with section 889 of the National Defense Authorization Act of 2019 (Pub. L. 115–232) (2 CFR 200.216);

(c) Providing a preference, to the extent permitted by law, to maximize use of goods, products, and materials produced in the United States (2 CFR 200.322); and

(d) Terminating agreements in whole or in part to the greatest extent authorized by law if an award no longer

effectuates the program goals or agency priorities (2 CFR 200.340).

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice. We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Open Licensing Requirements:* Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works.

Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20(c).

4. Reporting:

(a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must

submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

5. *Performance Measures:* The performance measures for this program are established for purposes of Department reporting under 34 CFR 75.110.

(a) *Program Performance Measures.* The *performance measure* for this program is the ratio of funds leveraged by States for charter school facilities to funds awarded by the Department under the program. Grantees must provide information that is responsive to this measure as part of their annual performance reports.

(b) *Project-Specific Performance Measures.* Applicants must propose project-specific *performance measures* and *performance targets* consistent with the objectives of the project and program. Applicants must provide the following information as directed under 34 CFR 75.110(b):

(1) *Project Performance Measures.* How each proposed project-specific *performance measure* would accurately measure the performance of the project and how the proposed project-specific *performance measure* would be consistent with the *performance measures* established for the program funding the competition.

(2) *Project Performance Targets.* Why each proposed *performance target* is *ambitious* yet achievable compared to the baseline for the *performance measure* and when, during the project period, the applicant would meet the *performance target(s)*.

Note: The Secretary encourages applicants to consider measures and targets tied to their grant activities during the grant period. For instance, if an applicant is using eligibility for free and reduced-price lunch to measure the number of low-income families served by the project, the applicant could provide a percentage for students qualifying for free and reduced-price lunch. The measures should be sufficient to gauge the progress throughout the grant period and show results by the end of the grant period.

(3) *Data Collection and Reporting.* (i) The data collection and reporting methods the applicant would use and why those methods are likely to yield reliable, valid, and meaningful performance data; and (ii) The

applicant's capacity to collect and report reliable, valid, and meaningful performance data, as evidenced by high-quality data collection, analysis, and reporting in other projects or research.

Note: If applicants do not have experience with collection and reporting of performance data through other projects or research, they should provide other evidence of their capacity to successfully carry out data collection and reporting for their proposed project.

6. *Continuation Awards:* In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, whether the grantee has made substantial progress in achieving the *performance targets* in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

7. *Project Directors' Meeting:* Applicants approved for funding under this competition must attend a meeting for project directors at a location to be determined in the continental United States during each year of the project. Applicants may include the cost of attending this meeting as an administrative cost in their proposed budgets.

8. *Technical Assistance:* Grantees under this competition must participate in all program technical assistance offerings provided by the Department and its contractual technical assistance providers and partners throughout the life of the project.
