Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act of 1995 (PRA), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s). Comments are requested concerning:

whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written comments should be submitted on or before July 2, 2024. If you anticipate that you will be submitting comments but find it difficult to do so within the period of time allowed by this notice, you should advise the contacts below as soon as possible.

Title: Section 76.946, Advertising of Rates.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business and other for-profit entities.

Number of Respondents and

Responses: 8,250 respondents; 8,250 responses.

Estimated Time per Response: 30 minutes (0.5 hours).

Frequency of Response: On occasion reporting requirement; Third party disclosure requirement.

Total Annual Burden to Respondents: 4,125 hours.

Total Annual Cost: No cost.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this collection is contained in Section 4(i) of the Communications Act of 1934, as amended.

Needs and Uses: The information collection requirements contained in 47

CFR 76.946 states that cable operators that advertise rates for basic service and cable programming service tiers shall be required to advertise rates that include all costs and fees. Cable systems that cover multiple franchise areas having differing franchise fees or other franchise costs, different channel line-ups, or different rate structures may advertise a complete range of fees without specific identification of the rate for each individual area. In such circumstances, the operator may advertise a “fee plus” rate that indicates the core rate plus the range of possible additions, depending on the particular location of the subscriber. On March 14, 2024, the Commission adopted a new rule requiring cable and satellite TV providers to specify the “all-in” price clearly and prominently for video programming service in their promotional materials and on subscribers’ bills. *See All-In Pricing for Cable and Satellite Television Service*, MB Docket No. 23–203, FCC 24–29 (rel. March 19, 2024). The information collection requirements of the new rule, 47 CFR 76.310, may overlap with the information collection requirements of this rule.
